spectral and spiritualistic communications Whether or not ghosts actually exist in the same way in which we actually believe that they do is strictly a matter of conjecture and faith After all it s a free society people can believe whatever in Hell it is they want to The question is far beyond the scope of the present volume which simply collects a small handful of classic ghost tales from the Victorian era for the edification and delictation of young readers most of whom will be encountering these frightening sojourns into the world of the spirits for the Very First Time H G Wells Washington Irving F Marion Crawford
