Draft Corporate Manslaughter Bill Great Britain: Parliament: House of Commons: Home Affairs Committee, Great Britain: Parliament. House of Commons Work and Pensions Committee, 2005-12-20 This joint report by the Home Affairs Committee and the Work and Pensions Committee examines the Government's proposals to reform the law on corporate manslaughter as set out in the draft Bill Cm 6497 ISBN 010164972X published in March 2005 for consultation The report supports the introduction of the draft Bill to address the need for a statutory offence to shift the basis of liability for corporate manslaughter away from the requirement of identifying a directing mind of a guilty company since this identification principle has made prosecutions of large companies almost impossible under the current common law Issues discussed include the application of the offence of corporate manslaughter in relation to corporations government departments and police forces issue of causation the law of negligence relevant duty of care and contractual relationships management failure the role of senior managers and gross breach the removal of Crown immunity territorial application of the offence corporate sanctions individual liability for directors powers of investigation and prosecution including the requirement to obtain the consent of the Director of Public Prosecutions before a private prosecution can be brought and cost issues Corporate Manslaughter and Corporate Homicide Act: Special Report (hard copy) Alex Davies, 2008 **Corporate Manslaughter and Corporate Homicide** Shivam Goel, 2015-06-26 A corporation is an artificial legal person existing only in the contemplation of law having perpetual succession and common seal Can a corporation commit crime for its inability to form mens rea If yes then can it be accused of crimes as grave as homicide Even post the Bhopal Gas Tragedy and the Uphaar Cinema Tragedy absence of legislation such as the Corporate Manslaughter and Corporate Homicide Act 2007 UK is no less a pity Absolute liability theory coupled with deep pocket theory though is an improvisation over the strict liability theory but has failed to ensure corporate criminal deterrence This book is an attempt to ponder over issues relating to corporate criminal behaviour in particular corporate homicide and corporate manslaughter **Murder, Manslaughter and Infanticide** Great Britain: Law Commission, 2006-11-29 A Law Commission consultation paper A new homicide act for England and Wales was published as LCCP 177 ISBN 0117302643 in April 2006 **Corporate Manslaughter and Regulatory Reform** P. Almond, 2013-01-17 This book provides an account of the international emergence of corporate manslaughter offences to criminalise deaths in the workplace during the last twenty years identifying the limitations of health and safety regulation that have prompted this development **Making Manslaughter: Process, Punishment and Restitution in Württemberg and Zurich, 1376-1700** Susanne Pohl-Zucker, 2017-06-06 In Making Manslaughter Susanne Pohl Zucker offers parallel studies that trace the legal settlement of homicide in the duchy of Württemberg and the imperial city of Zurich between 1376 and 1700 Killings committed by men during disputes were frequently resolved by extrajudicial agreements during the late Middle Ages Around 1500 customary strategies of dispute settlement were integrated and modified within

contexts of increasing legal centralization and in W rttemberg negotiated with the growing influence of the ius commune Legal practice was characterized by indeterminacy and openness categories and procedures proved flexible and judicial outcomes were produced by governmental policies aimed at the re establishment of peace as well as by the strategies and goals of all disputants involved in a homicide case See inside the book *Corporate Manslaughter in the Maritime and Aviation Industries* Simon Daniels,2016-08-12 This book provides expert analysis of the application of the evolving law in Corporate Manslaughter as it relates to the Maritime and Aviation industries It will prove to be a useful tool for practitioners and students in this specialised area as well as those working in the maritime and aviation industries such as those who will be accountable under the Corporate Manslaughter Act 2007 the Masters and Pilots who manage the risks and the insurers who underwrite the cost of the risks The author will discuss areas such as The liability towards passengers and employees The Prosecution of offenders Comparative analysis of corporate manslaughter in the wider global industry *Judicial and Statutory Definitions of Words and Phrases* ,1914 *The Southeastern Reporter* ,1908 *Judging Evil* Samuel H. Pillsbury,1998 Why do killers deserve punishment How should the law decide These are the questions Samuel H Pillsbury seeks to answer in this important new book on the theory and practice of criminal responsibility In an argument both traditional and fresh Pillsbury holds that persons deserve punishment according to the evil they choose to do regardless of their psychological capacities After considering potential objections to this approach including those based on determinism unjust social conditions and the alleged cruelty of retribution he presents an extended critique of American homicide law Using real case examples Pillsbury offers concrete proposals for legal reform urging that modern preoccupations with subjective aspects of wrongdoing be replaced with rules that focus more on the individual s motives **Biennial Supplement to the Codes and General Laws of the State of California** California,1924 **The Kentucky Law Reporter** John Cleland Wells,William Pope Duvall Bush,Edward Warren Hines,Frank L.
