The English in Portugal, 1367-87 Fernão Lopes, Derek W. Lomax, 1988 It is astonishing that this is the first English translation of these Chronicles as they are undoubtedly amongst the finest produced in the Middle Ages and treat an important episode in the Hundred Years War Lopes mastery of dramatic narrative and picturesque description so ably captured in this translation found a fit subject in the foreign interventions and the revolutionary changes that took place in the second half of the 14th century in Portugal What makes Lopes virtually unique as an historian of that date is his insistence on the use of documentary sources as he explains in his prologue to The Chronicle of Dom Joao something that he as the keeper of the Royal archives was able to practice so effectively It seems fitting that Fernao Lopes great work should appear in a dual language edition as a tribute to the six hundred years alliance whose beginning he so vividly recalls between the English and Portuguese peoples

Bernard Madoff and His Accomplices Lionel S. Lewis, 2016-03-21 This is the first detailed study of how Bernard L Madoff and his accomplices perpetrated a Ponzi scheme of epic proportions what has been referred to as the con of the century In December 2008 Bernard L Madoff was arrested for perpetrating a protracted Ponzi scheme of inconceivably huge proportions that defrauded clients of his securities company of nearly 20 billion and was consequently sentenced to 150 years in jail How did Madoff pull this off for years even returning some or all of clients money when they asked while in actuality was financing the lavish lifestyles of himself his family and his accomplices with the stolen funds And why didn t anyone in the highly regulated investment industry catch on sooner Bernard Madoff and His Accomplices Anatomy of a Con examines Bernard L Madoff s unprecedented confidence game con game drawing back the curtain on what actually went on at his investment firm Bernard L Madoff Investment Securities and exposing the day to day activities of his accomplices that enabled the elaborate con to succeed for as long as it did Through the examination of court testimony and other court documents the mechanics of the con game become clear elucidating how Madoff s friends and employees hustled money from investors the methods by which false records monthly statements to investors and other documents were manufactured and mass produced and how a multitude of felonies and the highest levels of fraud became everyday practices

Journey to Portugal José Saramago, 2002-03-06 The Nobel Prize winning author explores his homeland in this monumental work a literary hybrid

of cultural history literary nonfiction and travelogue Publishers Weekly In 1979 Jos Saramago decided to write a book called Journey to Portugal and dedicated himself to obtaining the fullest meaning of his title More than merely journeying in or through his native country he wanted to achieve a deep encounter with it foregoing the conventional assumptions and the routines of tourist guides Instead he scoured the country with the eyes and ears of an observer fascinated by the ancient myths and history of his people Recording his experiences and observations across the length and breadth of Portugal Saramago brings the country to life as only a writer of his brilliance can Whether an inaccessible medieval fortress set on a cliff a wayside chapel thick with cobwebs or a grand mansion in the city the extraordinary places of this land come alive with kings warriors painters explorers writers saints and sinners Infused with the tenderness and intelligence that have become familiar to his readers Saramago s Journey to Portugal is an ode of love for a country and its rich traditions *The Life of Prince Henry of Portugal, Surnamed the Navigator, and Its Results* Richard Henry Major, 1877 The First Global Village MARTIN PAGE, 2011-08-01 Portugal is Europe s south western extremity washed by the Atlantic and warmed by the Mediterranean sun Alone among iberia s ancient kingdoms in its independence from Spain it is a nation about half the size of Florida with two thirds the population Yet over centuries it has influenced the lives of the rest of us far more than many much larger and more powerful countries
