Unspoken Sermons Series I, II, and III George Macdonald,2012-11-26 MacDonald rejected the doctrine of penal Substitutionary atonement as put forward by John Calvin which argues that Christ has taken the place of sinners and is punished by God in their place believing that in turn it raised serious questions about the character and nature of God Instead he taught that Christ had come to save people from their sins and not from a Divine penalty for their sins The problem was not the need to appease a wrathful God but the disease of cosmic evil itself **Summa Theologica (All Complete & Unabridged 3 Parts + Supplement & Appendix + interactive links and annotations)** Thomas Aquinas,2013-08-20 This carefully crafted ebook Summa Theologica All Complete Unabridged 3 Parts Supplement Appendix interactive links and annotations is formatted for your eReader with a functional and detailed table of contents This ebook is the best known work of Thomas Aquinas c 1225 1274 Although unfinished the Summa is one of the classics of the history of philosophy and one of the most influential works of Western literature It is intended as an instructional guide for moderate theologians and a compendium of all of the main theological teachings of the Catholic Church It presents the reasoning for almost all points of Christian theology in the West The Summa Theologica is divided into three parts and each of these three parts contains numerous subdivisions Part 1 deals primarily with God and comprises discussions of 119 questions concerning the existence and nature of God the Creation angels the work of the six days of Creation the essence and nature of man and divine government Part 2 deals with man and includes discussions of 303 questions concerning the purpose of man habits types of law vices and virtues prudence and justice fortitude and temperance graces and the religious versus the secular life Part 3 deals with Christ and comprises discussions of 90 questions concerning the Incarnation the Sacraments and the Resurrection Some editions of the Summa Theologica include a Supplement comprising discussions of an additional 99

questions concerning a wide variety of loosely related issues such as excommunication indulgences confession marriage purgatory and the relations of the saints toward the damned Scholars believe that Rainaldo da Piperno a friend of Aquinas probably gathered the material in this supplement from a work that Aquinas had completed before he began working on the Summa Theologica It seeks to describe the relationship between God and man and to explain how man's reconciliation with the Divine is made possible at all through Christ To this end Aquinas cites proofs for the existence of God and outlines the activities and nature of God Approximately one half of the Summa Theologica then examines the nature and purpose of man Finally Aquinas devotes his attention to the nature of Christ and the role of the Sacraments in effecting a bridge between God and man Within these broad topical boundaries though Aquinas examines the nature of God and man in exquisite detail His examination includes questions of how angels act on bodies the union of body and soul the cause and remedies of anger cursing and the comparison of one sin with another Aquinas is attempting to offer a truly universal and rational view of all existence Thomas Aquinas O P 1225-1274 also Thomas of Aquin or Aquino was an Italian Dominican priest and an immensely influential philosopher and theologian in the tradition of scholasticism within which he is also known as the Doctor Angelicus Doctor Communis and Doctor Universalis He was the foremost classical proponent of natural theology and the father of Thomism His influence on Western thought is considerable and much of modern philosophy was conceived in development or refutation of his ideas particularly in the areas of ethics natural law metaphysics and political theory

describe these challenges These challenges concern both forgiving and asking for forgiveness The latter is especially important in this context what does the need to be forgiven mean In the light of such questions central issues in the philosophy of forgiveness are critically discussed about the reasons and conditions for forgiveness but mostly the focus is on new questions about the relation of forgiveness to plurality virtue death the processes of moral change and development and the possibility of feeling at home in the world
