tool to inspire and guide the faithful who are faced with moral and pastoral challenges *Is civilization a disease?* Stanton Coit, 2019-12-13 In *Is Civilization a Disease* Stanton Coit presents a provocative examination of the complex relationship between human progress and societal detriment. Blending philosophical inquiry with social critique, Coit passionately articulates the argument that many aspects of modern civilization may indeed contribute to various forms of psychological and moral decay. Drenched in the intellectual currents of his time, the book employs a rhetorical style that oscillates between cautionary and contemplative, encouraging readers to reflect on the very nature of civilization, its inherent contradictions, and the silent crises it breeds. Stanton Coit, a prominent social reformer and thinker of the early 20th century, was deeply influenced by the rapid industrialization and transformation of society he witnessed around him. His engagement with sociology and philosophy led him to explore the moral implications of civilization's advancements. Coit's nuanced perspective on socio-political issues, shaped by his own experiences as a public intellectual, enriches the text and provides a lens through which we can interrogate contemporary challenges. This book is essential for readers interested in the intersections of sociology, ethics, and philosophy. Coit's incisive analysis invites both agreement and dissent, making it a valuable contribution to ongoing discussions about the costs of societal progress. In engaging with this text, readers will find themselves not merely contemplating civilization but questioning its very essence.

Philosophy of Revelation Herman Bavinck, 2018-01-01 Dutch theologian Herman Bavinck (1854-1921) is widely celebrated as one of the top theologians in the Reformed tradition, and through the ongoing labor of translation teams, editors, and publishers, his vast writings are being offered anew to English-only readers. This book brings the groundbreaking framework of Bavinck's organic motif to the fore in one of Bavinck's most influential works. In the best sense of the title, the modern yet orthodox Bavinck offers readers here both a philosophy of revelation and a philosophy of revelation. *Philosophy of Revelation* was originally presented by Bavinck at the Stone Lectures at Princeton Theological Seminary in 1908, that by itself deserves being published. This classic text is updated and annotated and may function as a supreme entry into the mind of Bavinck. Bavinck saw theology as the task of thinking God's thoughts after him and tracing their unity. This project can be seen as thinking Bavinck's thoughts after him and tracing their unity. Chapters include: The Idea of a Philosophy of Revelation, Revelation and Philosophy, Revelation and Nature, Revelation and History, Revelation and Religion, Revelation and Christianity, Revelation and Religious Experience, Revelation and Culture, Revelation and the Future. Author Bio: Cory Brock is the assistant pastor at First Presbyterian in Jackson, Mississippi. Cory holds a PhD in Systematic Theology from the University of Edinburgh.
