Man Who Saved Robinson Crusoe:

The Man who Saved Robinson Crusoe James Poling, 1967 The history and biographies of the incident and people who inspired Defoe's Robinson Crusoe Defoe's book became immortal but his hero died forgotten and in poverty MAN WHO SAVED ROBINSON CRUSOE, 1967 Robinson Crusoe's Economic Man Ulla Grapard, Gillian Hewitson, 2012-04-27 In this book economists and literary scholars examine the uses to which the Robinson Crusoe figure has been put by the economics discipline since the publication of Defoe's novel in 1719 The authors critical readings of two centuries of texts that have made use of Robinson Crusoe undermine the pervasive belief of mainstream economics that Robinson Crusoe is a benign representative of economic agency and that he like other economic agents can be understood independently of historical and cultural specificity The book provides a detailed account of the appearance of Robinson Crusoe in the economics literature and in a plethora of modern economics texts in which for example we find Crusoe is portrayed as a schizophrenic consumer producer trying to maximize his personal well being Using poststructuralist feminist postcolonial Marxist and literary criticism approaches the authors of the fourteen chapters in this volume examine and critique some of the deepest fundamental assumptions neoclassical economics hold about human nature the political economy of colonization international trade and the pervasive gendered organization of social relations The contributors to this volume can be seen as engaging in the emerging conversation between economists and literary scholars known as the New Economic Criticism They offer unique perspectives on how the economy and economic thought can be read through different disciplinary lenses Economists pay attention to rhetoric and metaphor deployed in economics and literary scholars have found new areas to explore and understand by focusing on economic concepts and vocabulary encountered in literary texts *Pirate Hunter* Graham A. Thomas, 2009-04-20 On 2 August 1708 Captain Woodes Rogers set sail from Bristol with two ships the Duke and Duchess on an epic voyage of circumnavigation that was to make him famous His mission was to attack plunder and pillage Spanish ships wherever he could And as Graham Thomas shows in this tense and exciting narrative after a series of pursuits and sea battles he returned laden with booty and with a reputation as one of the most audacious and shrewd fighting captains of the age He was then appointed governor of the Bahamas by George I with the task of suppressing the pirates who roamed this corner of the Caribbean and preyed on its shipping He was equally successful as a privateer and pirate hunter in an age when brutality and ruthlessness were the law of the sea **The Sugar Creek Gang Digs for Treasure** Paul Hutchens, 2023-11-10 Paul Hutchens *The Sugar Creek Gang Digs for Treasure* is a captivating children's novel that follows a group of adventurous boys as they embark on a quest to unearth hidden treasure Written in a clear and engaging style the book combines elements of mystery friendship and outdoor exploration making it a perfect read for young audiences Set in the 1930s in the American Midwest the novel provides a glimpse into a bygone era and highlights the timeless themes of loyalty and perseverance Hutchens descriptive storytelling brings the characters and their exciting adventures to life keeping

Reading with a Difference Arthur F. Marotti, 1993 Reading with a Difference is a collection of eighteen essays that examines how issues of gender race and cultural identity inform texts from the seventeenth century to the present Together the contributions document recent significant shifts occurring in the theoretical approach to the texts they study and illustrate how shifts in each of these categories affect how the others are viewed The first section of this anthology explores the notion that identity particularly gender identity is a cultural construct The essays in the second section consider ways in which race and gender intersect with cultural identity and how encounters between different cultures challenge any identity constructed in isolation First published in the journal Criticism these essays offer no blueprint for reading Instead they encourage a rereading of canonical texts and a questioning of how these texts face

matters of gender race and cultural identity how they respond to the differences and the incongruities within the cultures from which they arise and to which they speak BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
