The Culpable Corporate Mind Elise Bant, 2023-04-20 This collection examines critically and with an eye to reform conceptions and conditions of corporate blameworthiness in law It draws on legal moral regulatory and psychological theory as well as historical and comparative perspectives These insights are applied across the spheres of civil criminal and international law The collection also has a deliberate focus on the nuts and bolts of the law the legal equitable and statutory principles and rules that operate to establish corporate states of mind on which responsibility as a matter of daily legal practice commonly depends The collection therefore engages strongly with scholarly debates The book also speaks clearly and cogently to the judges regulators legislators law reform commissioners barristers and practitioners who administer and through their respective roles incrementally influence the development of the law at the coalface of legal practice Cited by the High Court of Australia in the judgment for Productivity Partners Pty Ltd v Australian Competition and Consumer Commission 2024 HCA 27

The Management of Police Specialized Tactical Units Tomas C. Mijares, Ronald M. McCarthy, 2020-11-30 A major responsibility of the leadership of any specialized police unit is the awareness of endlessly changing societal legal and managerial developments that affect operations This third edition of The Management of Police Specialized Tactical Units represents a significant updating and expansion of each of the chapters from previous editions In addition to explaining the steps for developing and maintaining a realistic and effective response to increasingly violent levels of crime this edition discusses the social political and technological matters that must be continuously identified defined and resolved prior to the implementation of any substantive or procedural change in tactical policy and practice Legal and operational guidelines are provided to help tactical leaders to develop their leadership abilities and tactical success thereby enhancing the tactical unit s ability to safeguard the public The authors make extensive use of the latest court decisions to provide the legal bases for operations as well as recent case histories to illustrate the various aspects of organizational management These case histories do much more than summarize the sequence of events They also point out what was learned from the successes and failures alike Of particular interest is the new material on how the range of activities assigned to tactical units has expanded dramatically since September 11 2001 and how the law enforcement community has

been forced to respond to its newest critics Emphasis is placed on how decision makers must not only be organizational managers and administrators but also on how they should possess a firm grasp of confrontation tactics and leadership principles
