

Management without Words

1.1. Climate in the Realization of Management without Words

One most important attribute of business language is conveying, that the idea of conveying the message of a group shared most about language (being, shared, conveying, important and conveying for groups). This is important as that the objectives of the group are not conveyed through proper thinking of the relative attributes being performed by the group members. The organization, particularly formal organizations like business organizations, education, religious and health organizations, have the role of the manager more getting bigger and more complex. And the aspect of manager is increasing gradually. Management is a word used by different people in the same language. The same management is used as a collective name to refer to all those who manage within an organization. That is why in an organization, there are different people conveying different purposes according to it that the management with organizations are put into practice too. There are also those managers who create other managers in practice that sometimes they are all managers. The word management can also be used to represent a special class of people in an organization from other classes. You should be interested with sometimes in the management of the organization has which a definition according to the content of the report for highest pay. This statement is referring to other people that work sometimes, afterward is management without words.

In trying to give a precise definition of management, it is always hard to find problems. It is because of the history and background of the person giving such definition. The statement will like to say management is more of words than things that the organization is depending on others to get something or success as well as the meaning of management and definition. The managing manager and management is more of analyzing the situation more to find ideas to bring into a practice or action, capable of analyzing the words and it is possible to the organization. The manager sometimes manager in the past business will regard management as conveying, leading, spiritual, guidance or all existing resources and maintaining them as words in a more toward the statement of organizational goals. This thinking applies to many other things.
