

Management Of Business Ethics

Norman E. Bowie

Management Of Business Ethics:

Business Ethics Alan R. Malachowski, 2001 A Contemporary Look at Business Ethics Ronald R. Sims, 2017-07-01 A Contemporary Look at Business Ethics provides a present day look at business ethics to include the challenges opportunities and increased need for ethical leadership in today's and tomorrow's organizations The book discusses current and future business ethics challenges issues and opportunities which provides the context leaders and their organizations must navigate The book includes an in depth look at lessons learned about the causes of unethical behavior by examining a number of real world examples of ethical scandals from around the world that have taken place over the past few decades The analysis of the various ethical scandals focuses on concepts like ethical versus unethical leadership received wisdom the bottom line mentality groupthink and moral muteness all of which contribute to the kind of organizational culture and ethical behavior one finds in an organization The book discusses ethical decision making in general and the increased role of religion and spirituality in confronting unethical behavior in contemporary organizations The book also takes an in depth look at the impact ethical scandals have on employees and more specifically the psychological contract and person organization ethical fit with the goal of identifying along with other things what leaders can do to restore relationships with employees and rebuild the organization's reputation in the eyes of various stakeholders **Managing Business Ethics** Linda K. Trevino, Katherine A. Nelson, 2010-08-23 While most business ethics texts focus exclusively on individual decision making what should an individual do this resource presents the whole business ethics story Highly realistic readable and down to earth it moves from the individual to the managerial to the organizational level focusing on business ethics in an organizational context to promote an understanding of complex influences on behavior The new Fifth Edition is the perfect text for students entering the workplace those seeking to become professionals in training communications compliance in addition to chief ethics officers corporate counsel heads of human resources and senior executives **Management Ethics** Norman E. Bowie, 2004-11-30 Management Ethics is a highly accessible and concise introduction to issues and key problems in the area of management ethics Examines the obligations that managers have to their various stakeholders employees customers shareholders and the community Looks at topics at the cutting edge of business ethics including the ethics of supply chain management as well as dealing with the press and non governmental agencies Considers the concepts of sustainability and triple bottom line accounting Includes chapters on stimulating the manager's moral imagination and promoting a unique theory of ethical leadership *Business Ethics and Managerial Values* S. K. Bhatia, 2002 The book covers key topics in the three fields of corporate social responsibility business ethics corporate governance and numerous other related topics to build corporations commitment to ethics management critical role of value based managerial leadership **Business & Society** Archie B. Carroll, Ann K. Buchholtz, 2003 Business and Society Ethics and Stakeholder Management 5th edition employs a stakeholder management framework emphasizing business social and ethical

responsibilities to both external and internal stakeholder groups A twin theme of business ethics illustrates how ethical or moral considerations are included the public issues facing organizations and the decision making process of managers The text is written from a managerial perspective that along with the two themes shows how to identify stakeholders incorporate their concerns into the organization s strategy and operations and also integrate ethical wisdom into their decision making process In addition 35 case histories are included to help connect theory and practice through timely and interesting examples

Business Ethics and Risk Management Christoph Luetge,Johanna Jauernig,2013-12-01 This volume explores various aspects of risk taking It offers an analysis of financial entrepreneurial and social risks as well as a discussion of the ethical implications of empirical findings The main issues examined in the book are the financial crisis and its implications for business ethics The book discusses unethical behaviour as a reputational risk e g in the case of Goldman Sachs and the question is raised as to what extent the financial crisis has changed the banks entrepreneurial strategy The book presents an analysis of the reasons leading to the crisis and identifies them as ethical dilemma structures In addition it looks at general questions regarding ethical behaviour and risk taking such as To what extent does the social embeddedness or abstraction play a role in guaranteeing ethical behaviour What conclusions can be drawn from institutional or evolutionary perspectives on risk management Finally the book discusses further issues that become factors of risk within and between societies such as work insecurity corruption or the problem of facilitation payments as a risk in international transactions

Business Ethics, Seventh Edition Joseph W. Weiss,2021-11-23 The seventh edition of this pragmatic guide to determining right and wrong in the workplace is updated with new case studies exercises and ancillary materials Joseph Weiss s Business Ethics is a pragmatic hands on guide for determining right and wrong in the business world To be socially responsible and ethical Weiss maintains businesses must acknowledge the impact their decisions can have on the world beyond their walls An advantage of the book is the integration of a stakeholder perspective with an issues and crisis management approach so students can look at how a business s actions affect not just share price and profit but the well being of employees customers suppliers the local community the larger society other nations and the environment Weiss includes twenty three cases that immerse students directly in contemporary ethical dilemmas Eight new cases in this edition include Facebook s mis use of customer data the impact of COVID 19 on higher education the opioid epidemic the rise of Uber the rapid growth of AI safety concerns over the Boeing 737 the Wells Fargo false saving accounts scandal and plastics being dumped into the ocean Several chapters feature a unique point counterpoint exercise that challenges students to argue both sides of a heated ethical issue This edition has eleven new point counterpoint exercises addressing questions like Should tech giants be broken apart What is the line between free speech and dangerous disinformation Has the Me Too movement gone too far As with previous editions the seventh edition features a complete set of ancillary materials for instructors teaching guides test banks and PowerPoint presentations

Business Ethics Andrew C. Wicks,2010 For undergraduate business ethics courses The

ethical training business students need to be successful in today's challenging business world. Recent scandals have created a mistrust that has spread through the entire business sector, jeopardising public confidence in the stock market and economy. Now more than ever, it's important for students to understand the moral foundations, rules and implications that are vital to the core of business. Business Ethics presents an in-depth introduction of business ethics that emphasises the role of ethics as a critical part to management success. Business Environment and Business Ethics Karen Paul, 1987. Managing Ethics in Business Organizations Linda Klebe Treviño, Gary Richard Weaver, 2003. Aimed both at broadening the range of theoretically informed empirical research on business ethics and at addressing the underlying questions regarding the nature of business ethics research, this is a comprehensive state-of-the-art portrait of the role of ethics in organizations.

Management of Business Ethics Sidney C. Sufrin, 1980. *Business & Society* Archie B. Carroll, 1989. *Business and Society: Ethics and Stakeholder Management* 5th edition employs a stakeholder management framework emphasizing business social and ethical responsibilities to both external and internal stakeholder groups. A twin theme of business ethics to illustrate how ethical or moral considerations are included in the public issues facing organizations and the decision-making process of managers. The text is written from a managerial perspective that along with the twin themes of stakeholders and ethics shows how to identify stakeholders, incorporate their concerns into the organization's strategy and operations, and also integrate ethical wisdom into their decision-making process. In addition, 35 case histories are included to help connect theory and practice through timely and interesting examples. *Business Ethics* Denis Collins, 2011-09-27. *Collins's Business Ethics: An Organization Systems Approach to Designing Ethical Organizations* provides theoretical and practical information to help create organizations of high integrity and superior performance. The text offers ways to design organizations that reinforce ethical behavior and reduce risks. It's organized based on an Optimal Ethics Systems Model which includes ethical job candidates, decision-making training, officers and hotlines, leadership, work goals and performance appraisals, environmental management and community outreach. Early chapters present types of ethical issues organizations face, history of government regulation, the importance and extent of codes of ethics and conduct, an ethical decision-making framework, and the importance and extent of managing the natural environment and being a good corporate citizen, as well as new ideas and models. In addition, Collins provides a much broader array of best practices in business ethics to immediately implement many of the management techniques. **Management Ethics** D. Melé, 2011-11-29. The recent financial crisis has awakened a renewed sensibility to ethics in business and management and an increasing interest in a better understanding of how ethics and economics are intertwined. Managers and executives must understand not just the moral value of ethical behaviour but also how this can strengthen and benefit the organization. *Business Ethics* Archie B. Carroll, 2013-12-19. These readings grew out of the author's monthly column on business ethics in the business section of the Athens Banner Herald newspaper. Written in an open and engaging style, the book features topics that are timely, each followed by several thought-provoking

discussion questions The book includes readings on the current financial crisis in order to challenge today's students to confront the economic reality in which they will have to live An excellent addition to any Business Ethics course An Introduction to Business and Management Ethics Mike Harrison, 2017-03-23 An Introduction to Business and Management Ethics provides an introduction to some of the major challenges facing anyone concerned with standards of behaviour in organizations It starts from a consideration of the resources provided by philosophical ethics and moves on to consider the challenges inherent in working in a competitive business environment The book gives straightforward guidance to students of business ethics and encourages the application of theory through the use of topical exercises and case studies

Perspectives on Philosophy of Management and Business Ethics Jacob Dahl Rendtorff, 2017-01-05 This book presents a selection of articles with focus on the theoretical foundations of business ethics and in particular on the philosophy of management and on human rights and business This implies identifying and discussing conflicts as well as agreement with regard to the philosophical and other foundations of business and management Despite the general interest in corporate social responsibility and business ethics the contemporary discussion rarely touches upon the normative core and philosophical foundations of business There is a need to discuss the theoretical basis of business ethics and of business and human rights Even though the actions and activities of business may be discussed from a moral perspective not least in the media the judgments and opinions relating to business and management often lack deeper moral reflection and consistency Partly for this reason business ethicists are constantly challenged to provide such moral and philosophical foundations for business ethics and for business and human rights and to communicate them in an understandable manner Such a challenge is also of scientific kind Positions and opinions in the academic field need to be substantiated by thorough moral and theoretical reflection to underpin normative approaches Far too often business ethicists may agree on matters which they approach from different and sometimes irreconcilable philosophical standpoints resulting in superficial agreement but deeper lying disagreement In other cases it may be of high relevance to identify philosophical standpoints that despite conflicting fundamentals may arrive at conclusions acceptable to everyone *Ethics for Managers* Joseph Gilbert, 2016-06-10 Ethics for Managers introduces students to the philosophical underpinnings of business ethics and translates this theory into practical terms demonstrating the moral implications of the decisions managers make This edition features new material on global ethics the financial downturn and ethical sustainability New student friendly features include Learning objectives at the beginning of each chapter which provide a roadmap to what is covered and how to use it Cases that demonstrate real world scenarios allowing readers to grapple with real moral ambiguity Discussion questions at the end of each chapter which challenge students to see different moral perspectives and to practice good decision making A new chapter on international business ethics Students of business ethics courses will find this compact well organized text a useful tool to understand ethics in the digital age **Integrity in Business and Management** Marc Orlitzky, Manjit

Monga,2017-07-06 This book highlights the interconnectedness of integrity with philosophical history leadership managerial decision making and organizational effectiveness in a wide variety of contexts e g time theft in organizations and family business Well known researchers in business ethics from all around the world reframe the literature on integrity in business and management and develop updated and more comprehensive models of integrity Integrity in Business and Management connects integrity to both ancient thought and the modern philosophy of pragmatism but also explains how contemporary societal trends may shape the way we think about integrity The final chapter warns against oversocialized conceptualizations of integrity and argues for a clear differentiation between personal integrity and moral integrity Aimed at researchers and academics in the fields of business ethics and organizational leadership Integrity in Business and Management explicates and critiques prior models of managerial integrity in a wide variety of disciplines covering economics moral philosophy business ethics organizational behavior sociology history and psychology and offers a helpful set of readings in advanced undergraduate and postgraduate courses of business ethics corporate governance corporate social responsibility and leadership to stimulate discussions about personal integrity moral integrity and organizational leadership
