Measuring the Performance of Human Service Programs Lawrence L. Martin, Peter M. Kettner, 2010 Government and nongovernmental human service organizations are under increasing pressure to demonstrate that their programs work. As stakeholders demand more accountability, human service organizations are increasingly utilizing performance accountability and performance measurement as a way of demonstrating the efficiency, quality, and effectiveness of their programs.

Measuring the Performance of Human Service Programs Second Edition examines the reasons why performance measurement has become the major method of performance accountability today. In this second edition of their classic work, Martin Kettner explain in detail how to develop and utilize output, quality, and outcome performance measures in human service programs. Special attention is given to the four types of outcome performance measures: numeric counts, standardized measures, level of functioning (LOF) scales, and client satisfaction.

Management of Human Service Programs Judith A. Lewis, Michael D. Lewis, Federico Souflée, 1991 Providing a concise, easy to understand and highly practical framework for addressing human service management, this book helps students understand why practitioners must also be good policy analysts and managers and helps them develop the skills and knowledge they need. By demonstrating the relationship between management and doing counseling or social work, the authors help readers focus on critical issues in administration, management, and policy.

Financial Management for Human Service Administrators Lawrence L. Martin, 2016-04-27

Aspiring and current human services and social work professionals will appreciate the practical advice and abundant examples that make this text an invaluable tool for achieving effective financial management of their programs and agencies. The straightforward presentation and emphasis on conceptual understanding equip readers with the skills they need to use financial information to better manage their organizations. This comprehensive volume covers all the fundamental topics, including budgeting systems and other financial management tools, financial accounting and the interpretation and analysis of financial statements, performance measures, forecasting of revenues, expenses, and caseloads, fee setting, government contracts. Moreover, case studies and end-of-chapter exercises encourage readers to apply chapter content to real world situations and provide additional reinforcement of key concepts.

Total Quality Management in Human Service Organizations Lawrence L. Martin, 1993-09-10 Now that business, government, and other fields are embracing Total Quality Management (TQM) as their management philosophy, TQM may also hold the solution for problems that exist in human services organizations today. After a brief history of TQM, the author discusses the philosophy of management quality as an organizational goal, the challenges of determining an organization's customers and collecting and using customer quality data. He also describes how to achieve quality improvement through teamwork and shows how to use brainstorming, cause-and-effect diagrams, check sheets, and pareto analysis. Among the other topics examined are contractor involvement, training top management personnel, training middle managers and staff, and

selecting an implementation strategy All the examples used in this volume are drawn from the fields of public administration gerontology public health and management of nonprofit organizations Total Quality Management in Human Service Organizations is a good backgrounder for human service administrators and organizations prior to undergoing a more detailed agency discussion of or training in TQM It is also of great value to students and faculty in social work administration programs who are interested in the basics of TQM *The Handbook of Human Services Management* Rino J.
