Management Strategies In Disturbances With Gangs Disruptive Groups In Prisons:

Management Strategies in Disturbances and with Gangs/disruptive Groups, 1992 In discussing the management of prison gangs and disruptive groups the manual advises that the strategy should be to respond to the specific nature of the problem Where gang activity is rare and a gang culture is not in place the transfer of gang members out of State may be an effective preventive mechanism Where gang membership is large but is only a small proportion of the inmate population effective control may be achieved by housing known gang members in separate facilities Where gangs are already entrenched in the institutional culture prisons must find strategies such as gang intelligence programs and prosecutorial units to lessen the impact of gang activities on the nongang inmate population and to reduce gang influence In examining institutional disturbances the manual addresses the causes of disturbances stages in the development of a major disturbance early warning systems the management of institutional disturbances specialized resources for institutional control and a return to normalcy A section on staff training discusses general legal considerations in training the role of the training academy versus the role of the institution training exercises and training for special units Other sections of the manual address post disturbance activities case studies and legal aspects of the management of prison gangs and disturbances Management Strategies in Disturbances and with Gangs - Disruptive Groups (in Prisons) DIANE Publishing Company, 1994-11-01 Deals with prison disturbances and proactive management strategies and informed readiness that can reduce the potential damage of these disturbances Provides current information on how corrections departments might prepare themselves to deal with problems of both gangs and disturbances Includes the importance of training post disturbance activities case studies and legal aspects of managing prison gangs and disturbances The Oxford Handbook of Prisons and Imprisonment John Wooldredge, Paula H.
