Management Stripped Bare Understanding Business As It Really Is:

Management Stripped Bare Jo Owen, 2003 Have you ever noticed how all the buzzwords trends and latest thinking on management have very little to do with how things work in the real world Seemingly every year the management gurus dress their wisdom in the latest jargon but it s been awhile since somebody shouted The emperor has no clothes Today that somebody is Jo Owen who has seen it all in his more than twenty years working with organizations of all types and sizes including some of the world s most respected corporations Management Stripped Bare is Owen s A to Z recounting of what he has learned and now teaches about how businesses actually operate With dry and occasionally piercing humor Owen examines the good the bad and the ugly of more than 150 universal management issues from leadership to accounting practices performance appraisal to harassment policy mergers acquisitions to project management and much more Among his less traditional subjects are herd instincts ists blame Mars Bars the death of the Tea Lady read the book and why attrition and stress are good For novice and veteran managers disillusioned by blind faith in sacred cows Jo Owen serves up the juiciest burgers in town And while it s amazing that someone with tongue so firmly planted in cheek can speak so clearly more impressive is the wealth of real solutions you ll be able to apply in your own work environment Book jacket
