Managers N. K. Singh,2002-08-01 Management Mantras Sri Sri Ravi Shankar,2014-01-01 Organisations the world over today are paying more and more attention to how to prevent their workforce from getting burnt out due to an unrelenting pace of work Views are radically changing on these practices to ensure that employees perform consistently well over many years In this book Sri Sri offers valuable tips for managers and leaders to become more effective in their roles and also on how to develop a work environment that is conducive for both the employees and the organisation to add value to each other

Manager Mantras: Find Your Mantra Garima Verma,2018-07-18 Mantras for Managers N. K. Singh,2012-03-14 The innovative book will stimulate thinking of corporate managers on key issues of organisations and management The imaginary dialogues in the book represent the inherent conflict between logical cut throat competitions rampant in today's world and the inevitable need to retain natural grace of values It deals with the key issues of mission and objectives of organisations understanding people and bringing changes in organisational culture Future development in socio economic sphere will be greatly influence by values and attitude of people in various organisations Mantras for Managers is a window on the new humanism in organisational and institutional development **IIMA - Managers Who Make A Difference** T V

Rao,2016-03-01 What qualities do you need to be a successful manager and how can you develop the qualities you already possess Managers Who Make a Difference examines how managers perceptions about themselves shape their behaviour at work and studies the ways in which people can translate their ambition sense of purpose perseverance confidence and resourcefulness into successful management How can you train yourself to spot competences in others and build on them to create an effective team How do you achieve the right balance between adherence to existing systems and creative or experimental problem solving And do you have the people skills the ability to network extensively and build trust based relationships required to be a leader Richly illustrated with anecdotes and experiences of well known managers and with a broad array of tips and self assessment tools to sharpen your management skills this book is a must read for all practising and aspiring managers The IIM Ahmedabad Business Books bring key issues in management and business to a general audience With a wealth of information and illustrations from contemporary Indian businesses these non academic and user friendly books from the faculty of IIM Ahmedabad are essential corporate reading **Management Mantras** H. H. Sri Sri Ravi Shankar,2013 Keys to Effective Management and Leadership Organisations the world over today are paying more and

more attention to how to prevent their workforce from burning themselves out due to an unrelenting pace of work Views are radically changing on practices to ensure the employees perform consistently well over many years In this book Sri Sri offers valuable tips for managers and leaders to become more effective in their roles and also on how to develop a conducive work environment so that both the employees and the organisation add value to each other Management begins in the mind When the mind manages itself better it can manage anything H H SRI SRI RAVI SHANKAR **Management Mantras** Colonel Ravi Batra,2013-11 This book is step by step practical tool for a truly liberated life It would help any reader to understand life threadbare and then manage it based on ancient Indian wisdom universal love and human values **A Forward Looking Approach to Project Management** Nikhil Gurjar,2016-08-09 This book is intended as a basis for advanced treatment of concepts in project management In the current scenario where most questions are answered through the internet the knowledge element in project management has come under the influence of disruptive technologies In other words project managers no longer get points for knowing something that is easily available on the internet This has far reaching consequences The present day project managers need to orient themselves to newer benchmarks of what is required for success on the business front This book deals with a few such advanced concepts in project management This book is not designed as an elementary primer to the field of project management rather it is an advanced level treatment on the subject to be read after the preliminary study has already been completed The book is designed for practicing project managers and graduate students in engineering and management who need to understand the dynamics that are typically encountered in a project based environment The content in the book is based on extensive study of literature and training programs Many of the tools have been developed on the basis of modeling and simulation methods that are specially designed by the author These were tested at several live projects across the globe Most of the exercises in the book are actually meant for the reader to perform as they go The book is not designed with a read all and come back later approach rather it focuses on learning by doing whereby the reader is expected to do the exercises before reading on The book will prove useful in self learning as well as in classroom teaching and professional training programs *Management Mumbo-Jumbo* A. Furnham,2006-01-24 Bestselling author and psychologist Adrian Furnham takes a critical view of the jargon and fads in management contained in manifestos and mission statements and shows how these often obscure and mystify He considers atmospherics compulsory training fundamentalist gurus integrity tests personality of organizations and uncertainty avoidance
