Managing Defense Japans Dilemma

Harrison M. Holland

Managing Defense Japans Dilemma:

Managing Defense Harrison M. Holland,1988 The Politics of Japanese Defense Joseph P. Keddell,2016-09-16 The ruling Liberal Democratic Party of Japan uses incremental changes to manage conflicting pressures over defence This work focuses on the establishment of defence policy constraints through 1992 It discusses the various implications of using defence policy as a means of conflict management The Politics of Defense in Japan Joseph P. Keddell,1993 Examines how the Japanese government used a series of incremental measures in three different periods to manage conflicting international and domestic pressure over defense issues in the context of the country s military dependence on the US since World War II Details the influence and origins of such constraints as the one percent of GNP ceiling of defense spending various international treaties and the strong public opinion against the military and concludes that domestic political tranquility is more important to the government than military parity with other countries Annotation copyright by Book News Inc Portland OR *China's Emergence as a Defense Technological Power* Tai Ming Cheung,2013-10-31 China is flexing its growing military and strategic clout in the pursuit of broadening national security interests At the same time the country s economic and technology policies have also become more nationalistic state centered and ambitious China s defense economy has set its sights on catching up with the West by the beginning of the 2020s and is making steady progress in building up its innovation capabilities although this is presently in the form of incremental and sustaining types of activities More high end disruptive forms of innovation that would lead to major breakthroughs are likely to be beyond China s reach in the near to medium term This volume provides a wide ranging and detailed assessment of the present state of the Chinese defense economy at a time of rapid change and accelerating advancement in its innovation capabilities and performance This collection of articles has three main goals 1 to locate China s defense innovation dynamics within broader historical technological and methodological frameworks of analysis 2 to assess the performance of the Chinese defense economy s six principal subsectors and 3 to compare China s approach to defense industrialization with major counterparts in the Asia Pacific region This book was originally published as a special issue of the Journal of Strategic Studies **Introduction to Japanese Politics** Louis D. Hayes,2016-09-17 This classic introduction to the Japanese political system has been revised and updated to take the account of a time of turmoil in the country s political life It incorporates new coverage of the end of the Koizumi era the brief and troubled premiership of Abe and the selection of Fukuda as prime minister This edition also includes expanded material on bubble and post bubble economic developments as well as all new coverage of health care policy The text opens with an overview of Japan s geographical setting and history The next group of chapters covers political institutions processes and actors Two sections then address the country s distinctive social order and economy educational healthcare and public safety systems Part five looks at the increasingly contentious realm of foreign relations and security issues including China s expanding role and the issue of North Korea A concluding section considers dynamics of change in

Japanese politics *Arming Japan* Michael J. Green, 1995 Michael Green explores the evolution of the kokusanka debate and the indigenous development and production of weapons of war lucidly outlining the question of Japanese political and military autonomy in the postwar era The Japanese Ground Self-Defense Force Robert D. Eldridge, Paul Midford, 2017-01-21 Based on extensive Japanese language materials this book is the first to examine the development of Japan's Ground Self Defense Force It addresses how the GSDF was able to emerge as the post war successor of the Imperial Japanese Army despite Japan's anti militarist constitution how the GSDF despite the public skepticism and even hostility that greeted its creation built domestic and international legitimacy and how the GSDF has responded to changes in international and domestic environments This path breaking study of the world's third largest economic power's ground army is timely for two reasons First the resurgence of tensions in Northeast Asia over territorial disputes and the emphasis recent Japanese governments have placed on using the GSDF for defending Japan's outlying islands is driving media coverage and specialist interest in the GSDF Second the March 11 2011 Great East Japan Earthquake and Tsunami has focused global attention on the GSDF as Japan's lead disaster relief organization This highly informative and thoroughly researched book provides insight for policy makers and academics interested in Japanese foreign and defense policies Japan's Remilitarisation Christopher W. Hughes, 2017-10-03 Is Japan on a path towards assuming a greater military role internationally or has the recent military normalisation ground to a halt since the premiership of Junichiro Koizumi In this book Christopher W Hughes assesses developments in defence expenditure civilmilitary relations domestic and international militaryindustrial complexes Japan's procurement of regional and global power projection capabilities the expansion of USJapan cooperation and attitudes towards nuclear weapons constitutional revision and the use of military force In all of these areas dynamic and long term changes outweigh Japan's short term political logjam over security policy Hughes argues that many post war constraints on Japan's military role are still eroding and that Tokyo is moving towards a more assertive military role and strengthened USJapan cooperation Japan's remilitarisation will boost its international security role and the dominance of the USJapan alliance in regional and global security affairs but will need to be carefully managed if it is not to become a source of destabilising tensions Creating Japan's Ground Self-Defense Force, 1945-2015 David Hunter-Chester, 2016-11-30 Creating Japan's Ground Self Defense Force 1945 2015 is a timely contribution to postwar Japan security studies It is the first comprehensive account of Japan's post 1945 army including a comprehensive institutional history together with the evolution of roles and missions and the adoption of successive professional identities The organizational history is embedded within a thorough examination of Japan's own defense policy as well as of America's policy of alliance with Japan The book examines and challenges assumptions about the drafting and adoption of the War Renunciation clause of Japan's postwar Peace Constitution Article 9 which uniquely not only renounces war but the arms to wage war Thus Japan's army is not called an army but the Ground Self Defense Force GSDF The work also examines the place of an army and soldiers in the formation

of Japan's national identity after its last devastating war and explores the impact of constitutional legal and policy restrictions as well as the power of the legacy of the still largely vilified Imperial Japanese Army on GSDF members who seek to serve because there are people we want to protect. The study is rounded by an examination of the place of soldiers in Japan's popular culture focused on movies, manga, and anime, assessing the impact on the GSDF of a public imagination that most often ignores or villainizes soldiers, though ending with a note that some positive images of soldiers and of the GSDF members themselves have started to appear in the last few years. The book's author, a retired U.S. Army soldier who spent more than twenty years working, studying, and training with the GSDF, offers a broad-ranging exploration of a unique organization. This work is extensively researched using English and Japanese sources and will appeal to anyone interested in Japanese security studies, alliance studies, and military imagery in Japanese pop culture, as well as to students of military history, international security, international relations, and cultural identity.

Historical Dictionary of Postwar Japan

William D. Hoover, 2018-12-15. Japan is a mix of the old and the new, traditional and modern, and old fashion and innovative. It has traveled the road to a modern destination without totally losing sight of its traditions and values. Although some in Japan lament the passing of old ways, Japan has held on to a reasonable amount of its traditions and values. This is easier to find in its arts and crafts and its literature and films, as well as in its social habits. This book will introduce the broad sweep of people, events, and trends, including the successes and failures of postwar Japan. This second edition of *Historical Dictionary of Postwar Japan* contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 500 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Japan.

The Cold War Spencer

C. Tucker, 2020-10-27. This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991. The Cold War, superpower face-off between the Soviet Union and the United States, dominated international affairs in the second half of the 20th century and still reverberates around the world today. This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world-changing event, including wars, new military technologies, diplomatic initiatives, espionage activities, important individuals and organizations, economic developments, societal and cultural events, and more. This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict. The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War, which are followed by some 1,500 entries on key individuals, wars, battles, weapons systems, diplomacy, politics, economics, and art and culture. Each entry has cross-references and a list of books for further reading. The text includes more than 100 key primary source documents, a detailed chronology, a glossary, and a selective bibliography. Numerous illustrations and maps are inset throughout to provide additional context to the material. **US**

National Defense for the Twenty-first Century Edward A. Olsen, 2014-07-10 This provocative critique of Washington's current security policies draws on the arguments made by an array of non interventionist and conservative nationalist scholars It provides a blueprint for a more restrained and unilateral US role in global affairs

Defending An Economic Superpower Tetsuya Kataoka, 2019-04-02 This book describes the reassessment of the U S Japan security relationship to determine how Japan can do more for its defense reduce America's spending for Japan's and Asia's security yet preserve the peace in that region It raises six questions about the relationship and tries to answer them

Japan Challenges America Harrison M Holland, 2021-02-27 With the US Japan alliance in jeopardy former diplomat Harrison Holland argues that both sides must take bold steps to avert a catastrophe that could destabilize economic political and security conditions in Asia Taking advantage of his insider's perceptions the author illuminates those aspects of life in Japan that influence behaviour shape policy and affect public opinion in an inwardly directed society Holland evaluates the obstacles to better economic relations the security dilemmas facing Japan and the rigid Japanese political structure which has been slow to adapt to the surge of modern technology the demands of rapid international change and the internal and external calls for a more responsible Japanese role in world affairs Can the alliance survive the present turmoil Despite the daunting obstacles the author concludes that solutions must and will be found

The SAGE Handbook of Modern Japanese Studies James D Babb, 2014-12-15 A welcome addition to any reading list for those interested in contemporary Japanese society Roger Goodman Nissan Professor of Modern Japanese Society University of Oxford I know no better book for an accessible and up to date introduction to this complex subject than The SAGE Handbook of Modern Japan Studies Hiroko Takeda Associate Professor Organization for Global Japanese Studies University of Tokyo Pioneering and nuanced in analysis yet highly accessible and engaging in style Yoshio Sugimoto Emeritus Professor La Trobe University The SAGE Handbook of Modern Japanese Studies includes outstanding contributions from a diverse group of leading academics from across the globe This volume is designed to serve as a major interdisciplinary reference work and a seminal text both rigorous and accessible to assist students and scholars in understanding one of the major nations of the world James D Babb is a Senior Lecturer in the School of Geography Politics and Sociology at Newcastle University

Post-war Japan as a Sea Power Alessio Patalano, 2015-04-23 In Post war Japan as a Sea Power Alessio Patalano incorporates new exclusive source material to develop an innovative approach to the study of post war Japan as a military power This archival based history of Asia's most advanced navy the Japanese Maritime Self Defence Force JMSDF looks beyond the traditional perspective of viewing the modern Japanese military in light of the country's alliance with the US The book places the institution in a historical context analysing its imperial legacy and the role of Japan's shattering defeat in WWII in the post war emergence of Japan as East Asia's sea power

The Prism of Just War Howard M. Hensel, 2016-03-03 Through a careful examination of religious and philosophical literature the contributors to the volume analyze compare and assess diverse Western Islamic Hindu and East

Asian perspectives concerning the appropriate criteria that should govern the decision to resort to the use of armed force and once that decision is made what constraints should govern the actual conduct of military operations In doing so the volume promotes a better understanding of the various ways in which diverse peoples and societies within the global community approach the question of what constitutes the legitimate use of military force as an instrument of policy in the resolution of conflicts

Cold War Spencer C. Tucker, Priscilla Roberts, 2007-09-10 The most comprehensive and up to date student reference on the Cold War offering expert coverage of all aspects of the conflict in a richly designed format fully illustrated to give students a vivid sense of life in all countries affected by the war ABC CLIO is proud to announce the latest addition to its widely acclaimed legacy of historical reference works for students Under the direction of internationally known expert Spencer Tucker Cold War A Student Encyclopedia captures the vast scope day to day drama and lasting impact of the Cold War more clearly and powerfully than any other student resource ever published Ranging from the end of the Second World War to the collapse of the Soviet Union Cold War A Student Encyclopedia offers vivid portrayals of leading individuals significant battles economic developments societal cultural events changes in military technology and major treaties and diplomatic agreements The nearly 1 100 entries plus topical essays and a documents volume draw heavily on recently opened Russian Eastern European and Chinese archives Enhanced by a rich program of maps and images it is a comprehensive current and accessible student reference on the dominant geopolitical phenomenon of the late 20th century

Southeast Asia in Japanese Security Policy Sueo Sudo, 1991 Tracing the historical development of Japan Southeast Asia relations this study explains the ASEAN factor in Japanese security policy While actual security ties between Japan and ASEAN are quite rudimentary the significance of the latter's stability and prosperity in Japanese security policy has been growing in recent years The paper concludes that as Japan's political role in the region becomes more visible the prospect of Japan-ASEAN security collaboration may need to be explored further

Japan's Economic Challenge United States. Congress. Joint Economic Committee, 1990

Embracing the Track of Appearance: An Psychological Symphony within **Managing Defense Japans Dilemma**

In a global consumed by monitors and the ceaseless chatter of quick conversation, the melodic splendor and mental symphony produced by the published term often diminish into the back ground, eclipsed by the constant sound and interruptions that permeate our lives. However, nestled within the pages of **Managing Defense Japans Dilemma** a wonderful literary treasure filled with organic feelings, lies an immersive symphony waiting to be embraced. Crafted by an elegant musician of language, this interesting masterpiece conducts visitors on an emotional trip, skillfully unraveling the hidden melodies and profound influence resonating within each carefully constructed phrase. Within the depths of the poignant evaluation, we shall examine the book is key harmonies, analyze their enthralling publishing style, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
