## **Manual De Arqueologia Colombiana:**

Manual de arqueología colombiana Lucía Rojas de Perdomo,1979      **Manual de arqueología del norte de Colombia** Londoño Díaz, Wilhelm,2022-02-28 Este libro está diseñado para conducir al lector en los estudios arqueológicos contemporáneos. Dado el gran volumen de información existente sobre los alcances de la disciplina actualmente el libro intenta resumir las tendencias centrales que se asocian con los cambios paradigmáticos constantes que se han dado en la arqueología con más intensidad después de la Segunda Guerra Mundial. Adicionalmente se presentan unas líneas descriptivas sobre el estado del arte de la investigación arqueológica en el norte de Colombia para ello se revisan y se actualizan las delimitaciones geográficas tradicionales del área. Igualmente el libro en un tono reflexivo presenta las múltiples opciones del quehacer arqueológico contemporáneo y el autor toma partido sin pretender imponer su enfoque dentro de un campo epistemológico y político intenso y cambiante. Finalmente el libro contiene tres lecturas complementarias escritas por los arqueólogos Diana Carvajal Sneider Rojas y Francisco Aceituno de reconocida trayectoria en Colombia que amplían y detallan las descripciones hechas a lo largo de la obra. Por el diseño del libro resulta interesante para el público en general y principalmente para estudiantes de antropología, arqueología, historia y carreras afines.

**Historical Dictionary of Ancient South America** Martin Giesso,2018-03-12 South America is a vast relatively isolated landmass that includes 12 independent countries and one region Guyana French Guiana with diverse ethnic groups speaking hundreds of different languages and dialects and extraordinary creativity. Indigenous people have occupied its different habitats while transforming the landscape and themselves with extraordinary dedication and success. This dictionary opens a window to these peoples through many entries in an integrated approach that allows to connect the multiple facets of indigenous life before 1492. This second edition of Historical Dictionary of Ancient South America contains a chronology, an introduction, appendixes and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and the culture of ancient South America. This book is an excellent resource for students, researchers, and anyone wanting to know more about ancient South America.      *Arqueología colombiana* Lucía Rojas de Perdomo,1995      *Artefactos* Liliana Villegas,2000 This book presents artifacts or artefactos from everyday life objects that have accompanied Colombian people through the centuries both in their earthly and spiritual activities. In both English and Spanish the word artifact means literally made with skill or art. Although all worthy of museums and galleries these are not just exhibition pieces nor are their makers all members of a separate artisan class. There is no Colombian home however humble that does not have a handmade broom, stool, basket, textile, or rustic furniture, nor is there a single Amazon Indian who cannot quickly piece together a basket from leaves found in the jungle. **BOOK JACKET**
