Emerging from the Dark Age Ahead Charles Fensham, 2011 In this fascinating presentation of faith Charles Fensham argues cogently and passionately for a church that embraces hope in spite of the dark and destructive pressures all around it. Although a metaphoric dark time awaits Christianity Fensham assures his readers that this darkness merely conceals the light for the future. *Emerging from the Dark Age Ahead* offers a prophetic and challenging call for contemporary Christians to ask where we have come from where we are and where we are going. Professor Fensham borrows from Jane Jacobs the metaphor of the Dark Age ahead bringing social and cultural analysis to bear upon a fresh theology of church and mission for our time and place. Drawing from deep roots in the trinitarian tradition and borrowing insight from historic monasticism he calls for a pilgrim steward church that will speak and act constructively in the coming time of troubles. This is a creative original work that will stimulate theological students and lay folk as well. Harold Wells Professor Emeritus Emmanuel College University of Toronto. Insightful provocative instructive words that describe how this book helps the church navigate the deep cultural challenge it now faces of massive technique organized through digitalization. Grounding the church's life in a missional hermeneutic of reading Scripture and the church's identity in the social Trinity Fensham boldly yet carefully charts a course for engaging the dark age ahead. Craig Van Gelder Ph.D. Professor of Congregational Mission Luther Seminary. Charles Fensham has a unique perspective on the emergent church. Born in apartheid South Africa and raised within the apartheid tainted Reformed church he is an immigrant to Canada with experiences of the church in France Switzerland the South Pacific and Africa. Add to that the fact that the United States ranks last among industrialized nations for college graduation levels and it's evident there's a huge problem that needs to be addressed. Yet the current education system and its school buildings with teachers standing in front of classrooms and lecturing to students have gone largely unchanged since the 19th century. *Humanizing the Education Machine* tackles this tough issue head on. Jesus of Nazareth Gerald L. Borchert, 2011 *Jesus of Nazareth* is a comprehensive introduction to Jesus and the gospels for college and seminary students. It begins with discussions on communication and patterns of reading the Bible before detailing the historical setting, the geographical, social, and religious contexts during the time of Jesus, such as the language and community aspects and the rabbinic literary and institutional settings that were present. Next, Borchert discusses the nature of the gospels before each gospel witness is treated individually to identify the particular uniqueness of the portrait of Jesus that is being presented by each author. The non-canonical portraits of Jesus are also introduced in order to help readers understand the struggles which emerged in the early church. Finally, the significance of Jesus, who is the focus of the gospels, is presented. After reviewing the time issues for Jesus, theological concerns related to Jesus are considered, such as the virginal conception and the incarnation, the issues of temptation and sin, the relationship of Jesus to God and the messianic consciousness of Jesus, the crucial issues of the death and resurrection of the Messiah, and the Church's expectation of the return of Jesus in power. This important theological section concludes with discussions on the integrity of our understanding of Jesus and the very sensitive nature of proof as compared to the nature of belief. Borchert weighs these matters fairly, bearing in mind his own presuppositions. He closes the work with suggested implications of this study in terms of doubt and rejection on the one hand and worship as well as living and witnessing to and for Jesus on the other. Written with clarity and erudition, this accessible introduction reflects a lifetime of both classroom and church experience in the teaching of the Gospels.

Towards the Millennium, 1996 **Mission as Penance** Charles J. Fensham, 2023-05-03 *Mission as Penance* explores the posture of Christian mission in Canada while also uncovering the theological roots that gave birth to the sense of cultural and religious superiority that led to profound harm to others and to God's creation. The story begins by an examination of Johan Bavinck's famous 1954 claim that mission is thus the penance of the church which is ashamed before God and man. By drawing on his work through forty years in theological education and pastoral ministry, Fensham prescribes a pathway that liberates the church from power games, numerical growth, and preoccupation with programs and technology to focus instead on genuine listening, solidarity, and love in action. True penance is never satisfied with passivity nor should it result in a state of paralysis. For a posture of humble penance to be fruitful, it must lead toward concerted action toward change, advocacy for justice, compassion for the marginalized, and care for creation. If mission in Canada is engaged in this way, the Christian faith might cease to do harm and build a new life-giving community of healing.
