Near A Thousand Tables:

Near a Thousand Tables Felipe Fernandez-Armesto, 2002-06-04 In *Near a Thousand Tables* acclaimed food historian Felipe Fernandez Armesto tells the fascinating story of food as cultural as well as culinary history a window on the history of mankind In this appetizingly provocative Los Angeles Times book he guides readers through the eight great revolutions in the world history of food the origins of cooking which set humankind on a course apart from other species the ritualization of eating which brought magic and meaning into people's relationship with what they ate the inception of herding and the invention of agriculture perhaps the two greatest revolutions of all the rise of inequality which led to the development of haute cuisine the long range trade in food which practically alone broke down cultural barriers the ecological exchanges which revolutionized the global distribution of plants and livestock and finally the industrialization and globalization of mass produced food From prehistoric snail herding to Roman banquets to Big Macs to genetically modified tomatoes *Near a Thousand Tables* is a full course meal of extraordinary narrative brilliant insight and fascinating explorations that will satisfy the hungriest of readers

Near a Thousand Tables Felipe Fernández-Armesto, 2002 Every ingredient of our past and present can be read off our plates our identity our place in society and the place of our society in the world In *Near a Thousand Tables* Oxford historian Felipe Fernandez Armesto author of *Civilizations* tells the fascinating story of food as cultural as well as culinary history ecology as well as gastronomy Because cuisine is a perhaps the defining characteristic of a culture *Near a Thousand Tables* is a sampler of civilizations even more it is an exploration in historical ecology and even of the history of science Above all perhaps because food is universally appealing this is always even at its most instructive unashamedly a book about the pleasures of eating pleasures that have been immortalized by everyone from Homer to M F K Fisher

Interpreting Food at Museums and Historic Sites Michelle Moon, 2015-11-19 Food is such a friendly topic that it's often thought of as a hook for engaging visitors a familiar way into other topics or a sensory element to round out a living history interpretation But it's more than just a hook it's a topic all its own with its own history and its own uncertain future deserving of a central place in historic interpretation With audiences more interested in food than ever before and new research in food studies bringing interdisciplinary approaches to this complicated but compelling subject museums and historic sites have an opportunity to draw new audiences and infuse new meaning into their food presentations You'll find a comprehensive thematic framework of key concepts that will help you contextualize food history interpretations A concise evaluative review of the historiography of food interpretation Case studies featuring the expression of these themes in the real world of museum interpretation and Best practices for interpreting food *Interpreting Food at Museums and Historic Sites* offers a framework for understanding the big ideas in food history suggesting best practices for linking objects exhibits and demonstrations with the larger story of change in food production and consumption over the past two centuries a story in which your visitors can see themselves and explore their own relationships to food This book can help you develop food
