On Community Society And Power The Heritage Of Sociology:

On Community, Society and Power R. M. MacIver, 1970 **On Community, Society, and Power** Robert Morrison MacIver, 1970 Robert M. MacIver on Community, Society and Power Robert Morrison MacIver, 1970 **Willard W. Waller on the Family, Education, and War** Willard Waller, 1970-10 Willard Waller 1899 1945 taught and wrote on sociology during the decades of its crystallization the 1920s through the 1940s He pursued sociological analysis in terms of intensive direct observation and humanistic detail as well as conceptual analysis Waller s explorations of role behavior especially in his writings on marriage and education shocked academia and are still provocative today In his direct perceptive often cynical style he penetrated the facades of the most respected social institutions He made use of the case study method many of Waller s case studies were lifted directly from his own experiences particularly from the agonies of his own divorce and from the disappointments of his initial teaching experience He also drew fresh insights from the personal experiences of his colleagues and students hardly a traditional procedure This volume is the first unified presentation of Waller s writings covering in depth his work on family education and war It also includes his shorter but equally vivid discussions on social problems such as crime and on the conflict between insight and scientific method Since Waller s private life was so intimately bound to his public work an understanding of his personal history reveals much about the development and dilemma of sociologists in the United States In their Introduction editors Goode Mitchell and Furstenberg reconstruct the life of this complex American thinker □□□□□□□□ □□□□□□□□□□□□, □□□□□□□□□□□□. □□□□□□□□□□, 1994 Subject Guide to Books in Print , 1984 *Subject Guide to Children's Books in Print* 1997 Bowker Editorial Staff, R R Bowker Publishing, 1996-09 **Contemporary Readings in Sociology** Kathleen Odell Korgen, 2008-02-29 This reader was developed to be used in numerous courses taught in sociology It is appropriate for an introductory course as well as a social problems or special topics course The readings have been selected from numerous well respected sociology journals and they have been edited to make them more user friendly for the undergraduate student This reader allows undergraduate students to read about the major topics in sociology in the words of the original authors The reader includes a topic guide to help the instructor better integrate the material into their course and well crafted section openers place each article in context for the student This series of readings has been vetted by an Advisory Board of sociology instructors to ensure quality **Choice** , 1994 **Library of Congress Catalog** Library of Congress, 1970 A cumulative list of works represented by Library of Congress printed cards **Library of Congress Catalogs** Library of Congress, 1976 *Books in Print* , 1981 *Books in Print Supplement* , 1978 **The Publishers' Trade List Annual** , 1980 **American Book Publishing Record** , 1977-03-31 Here s quick access to more than 490 000 titles published from 1970 to 1984 arranged in Dewey sequence with sections for Adult and Juvenile Fiction Author and Title indexes are included and a Subject Guide correlates primary subjects with Dewey and LC classification numbers These cumulative records are available in three separate sets *The Intersection*

of Sacredness and Archaeology Donna L. Gillette, Thomas L. Sanders, 2024-10-01 At the point of the often contentious intersection of sacred site preservation and resource development archaeology has a unique and valuable role Archaeology has been criticized as a destroyer of sacred sites through the unbridled pursuit of knowledge through excavation or aiding unbridled development by failing to identify sacred sites However archaeology can act as a mitigator between the conflicting goals of preservation and development while giving the indigenous a voice At the heart of this mitigation is understanding the sacred how it might be physically manifested how those of diverse cultures understand it and how it is effected by the laws and norms of diverse cultures The purpose of this book is to enhance the discussion surrounding contemporary human interaction with our natural and cultural landscape Its first goal is make this discussion more productive and less contentious by presenting and thus recognizing the cultural ways of knowing and perspectives of indigenous people Its second goal is to foster the preservation of our scared landscape As more and more of our physical landscape is being altered worldwide through rapid growth and development the cultural landscape is also being changed and challenged These changes often reflect the interests of some members of society while the interests of others including those of Native and Indigenous communities and many archaeologists environmentalists and others who understand the importance of knowing the past are disregarded The latter group is dedicated toward preserving special places and continuing to provide for Native people the ability to celebrate their traditions and focusing on defining the sacred landscape *The Cambridge Handbook of Social Sciences in Australia* Ian McAllister, Steve Dowrick, Riaz Hassan, 2003-08-07 First published in 2003 The Cambridge Handbook of Social Sciences in Australia is a high quality reference on significant research in Australian social sciences The book is divided into three main sections covering the central areas of the social sciences economics political science and sociology Each section examines the significant research in the field placing it within the context of broader debates about the nature of the social sciences and the ways in which institutional changes have shaped how they are defined taught and researched Paperbacks in Print ,1978 *Reflections on a Politically Skeptical Era* Dennis Wrong, 2019-01-22 All of the essays included in the present volume were written between 1995 and 2001 This attests to the timeliness and relevance of Dennis H Wrong s writings He notes that the mid twentieth century disposition to believe that politics fundamentally consisted of clashes between totalistic worldviews such as communism socialism capitalism fascism nationalism internationalism and a cluster of isms may have been historically transitional But politics now appears more nuanced if no less troubled following the collapse of the Soviet bloc between 1989 and 1991 Multiculturalism and identity politics as well as communitarianism flourished in the 1990s The volume is divided into five parts Capitalism Inequalities and Alternatives Multiculturalism and Identity Politics Communitarianism Theory and Theorists and Autobiographical Reminiscences This concluding part indicates how Wrong s work includes self reflections as well as reflections an examination of how figures such as C Wright Mills and Raymond Aron Amitai Etzioni and Digby Baltzell played a role in shaping his own thought and

how these changed over the course of the past century This is the third collection of the essays and articles of Dennis H Wrong published by Transaction As was the case with his earlier volumes *Reflections on a Politically Skeptical Era* is characterized by a deep attention to the actual social history of our times and how this plays out in academic pursuits especially within sociology Whether the works were published in academic journals or more popular media they reflect a quality of literary manners that is rare among social science writings but a reflection that never sacrifices a sense of principle and probity in the process **Subject Catalog** Library of Congress, 1970
