On Living In The Township Of Heaven:

On Living in the Township of Heaven Gary B. Puckett, 2002-12 This book of poems takes the stuff of the ordinary and discloses how the common experiences of life reveal to us that we are living in the township of heaven They were written while Puckett was serving as a Lutheran parish pastor The author does not avoid the tough realities in the plodding day to day life of local places and unsung pastorates Here is honesty about the stress and fears alongside the hopes of everyday faith and church life

The Dark Road Ma Jian, 2013-06-13 From one of world literature's most courageous voices a novel about the human cost of China's one child policy through the lens of one rural family on the run from its reach Far away from the Chinese economic miracle from the bright lights of Beijing and Shanghai is a vast rural hinterland where life goes on much as it has for generations with one extraordinary difference normal parents are permitted by the state to have only a single child The Dark Road is the story of one such normal family Meili a young peasant woman her husband Kongzi a village schoolteacher and their daughter Nannan Kongzi is according to family myth a direct lineal descendant of Confucius and he is haunted by the imperative to carry on the family name by having a son And so Meili becomes pregnant again without state permission and when local family planning officials launch a new wave of crackdowns the family makes the radical decision to leave its village and set out on a small rickety houseboat down the Yangtze River There is a dark road and tragedy awaits them and horror but also the fierce beauty born of courageous resistance to injustice and inhumanity The Dark Road is a haunting and indelible portrait of the tragedies befalling women and families at the hands of China's one child policy and of the human spirit's capacity to endure even the most brutal cruelty While Ma Jian wrote The Dark Road he traveled through the rural backwaters of southwestern China to see how the state enforced the one child policy far from the outside world's prying eyes He met local women who had been seized from their homes and forced to undergo abortions or sterilization in the policy's name and on the Yangtze River he lived among fugitive couples who had gone on the run so they could have more children that most fundamental of human rights Like all of Ma Jian's novels The Dark Road is also a celebration of the life force of the often comically stubborn resilience of man's most basic instincts
