Rebuilding Labor Ruth Milkman, Kim Voss, 2004 In *Rebuilding Labor* Ruth Milkman and Kim Voss bring together established researchers and a new generation of labor scholars to assess the current state of labor organizing and its relationship to union revitalization Throughout this collection the focus is on the formidable challenges unions face today and on how they may be overcome publisher description

Migration, Precarity, and Global Governance Carl-Ulrik Schierup, Ronaldo Munck, Branka Likic-Brboric, Anders Neergaard, 2015-02-05 *Migration Precarity Global Governance* explores an understudied but central area within contemporary studies of globalisation and precarisation It relates to the interface between migration global governance and the role of civil society with particular focus on the dilemmas and options of trade unions too often left off the agenda The volume suggests that the trade union movement is undergoing a fundamental debate about revitalisation which could play an important role in terms of the economic political and social integration of migrant workers with implications for the transformation of contemporary societies in general The volume adopts an interdisciplinary and comparative approach emphasizing the complexity of historically grounded social relations It examines international migration as it is impacted by and impacts on globalization social and political struggles and the recurring crisis of capitalism The first part of the book presents five complementary perspectives on the political economy of migration labour and citizenship Part Two offers analyses of the relationship between labour unions and migrant workers Part Three explores the way trade unions migrant organisations and other civil society groupings interact with an incipient global governance regime relating to migration It also examines issues of state and non state actors accountability in relation to human rights claims as well as the impact of the norm of corporate social responsibility

Trade Unions on YouTube Jenny Jansson, Katrin Uba, 2019-08-01 This open access book investigates how trade unions representing different social classes use YouTube videos for renewal purposes Information and communication technology has undoubtedly offered new opportunities for social movements but while research suggests that these new means of communication can be used for trade union revitalization few studies have examined what unions actually do on social media By analysing more than 4500 videos that have been uploaded by Swedish trade unions Jansson and Uba explore how unions use YouTube to address issues such as recruiting new members improving internal democracy promoting political campaigns and constructing new self images The results demonstrate that trade unions representing a range of social classes use different revitalization strategies via YouTube This research will be of use to students and scholars researching European politics and political participation trade unionism and labour movements in the digital age

Rising Up Bryan Evans, Carlo Fanelli, Tom McDowell, 2021-02-15 Canada has one of the highest rates of low wage work among advanced industrial economies In a labour market characterized by the ongoing fallout from COVID 19 deepening income inequality job instability and diluted union representation the living wage movement offers a response *Rising Up* traces the history and international context of living

wage movements across Canada In the 1970s the balance of political and economic power began to shift in favour of business as trade unions weakened and governments failed to check corporate power By the 2000s austerity measures had dismantled social spending facilitating the growth of low waged employment Contributors to this astute collection of essays examine union and community based approaches to labour organizing migrant labour and media mis representations among other key topics Offering stimulating debate about living wages and social inequality Rising Up promotes alternatives to a neoliberalized labour market

Recoding Power Sidney A. Rothstein, 2022 Digital transformation increasingly drives economic growth in the rich capitalist democracies but orienting production around digital technologies is associated with rising inequality and spreading precarity In Recoding Power Rothstein outlines three tactics that workers can use to build power in the current episode of economic transition where they otherwise lack access to traditional power resources like unions and institutions for social protection Drawing on four in depth case studies of workers responding to mass layoffs at tech firms in the United States and Germany Rothstein shows how workers can develop creative tactics to recode management s discursive techniques for control transforming them from obstacles into resources for collective action By centering workers lived experiences in the workplace Recoding Power develops an account of existing digital transformation illustrating how the path of capitalist development is shaped not by economic necessity but by political creativity

Vulnerability and the Legal Organization of Work Martha Albertson Fineman, Jonathan W. Fineman, 2017-07-06 This book uses the concepts of vulnerability and resilience to analyze the situation of individuals and institutions in the context of the employment relationship It is based on the premise that both employer and employee are vulnerable to various social economic and political forces although differently so It demonstrates how in responding to those complementary institutional relationships of employer and employee the state unequally and inequitably favors employers over employees Several chapters included in this collection also consider how the state shapes creates and maintains through law the social identities of employer and employee and how that legal regime operates as the allocation of power and privilege This unique and fundamental role of the state in defining the employment relationship profoundly affects the respective abilities and degree of resiliency of actual employers and employees Other chapters explore how attention to the respective vulnerability and resilience of those who do and those who direct work in assessing the employment relationship can raise fundamental questions of social justice and suggest new avenues for critical engagement with labor and employment law Collectively these pieces articulate a framework for imaging what would constitute an appropriately Responsive State in the employment context and how those interested in social justice might begin to use the concepts of vulnerability and resilience in their arguments

Labour Relations at Cardiff University UK **Fulfilling the Pledge** Roger C. Hartley, 2024-02-13 An insightful and evidence based assessment of our urgent need to enact labor law reform and how to achieve it Millions of non union workers want unionization but our current labor management relations law conspires to deny them meaningful opportunities to secure collective workplace representation The resulting low rates of collective bargaining impose economic political and social costs on us all In *Fulfilling the Pledge* Roger Hartley addresses the plight of American workers who face a grim uncertain future as the digital workplace reshapes the hierarchical post World War II industrial relations system that once gave workers a voice Through empirical evidence and the lens of law and policy Hartley examines what industrial sociologists call the chronic representation gap and clarifies how a wide ranging movement could build a vocal constituency for the congressional enactment of labor law reform The pledge made in the 1935 National Labor Relations Act to encourage establishment of industrial democracy where workers possess a voice in their places of work remains unfulfilled Speaking to policymakers scholars historians and the average citizen *Fulfilling the Pledge* makes a compelling case for collective workplace representation that serves the greater good even as American labor relations law continues to undermine collective bargaining by workers and becomes an increasingly significant political and social issue **The Future of Union Organising** G. Gall, 2009-07-07 While union organising has developed over time and in many different environments it has become apparent that a number of key problems have developed Evaluating its efficacy in terms of union strategies tactics styles and resources this title outlines a number of strategies for improving these deficiencies **Are Trade Unions Still Relevant?** Dr Tom Turner, Dr Daryl D'Art, Dr Michelle O'Sullivan, 2013-05-24 This edited collection examines the relevance of trade unions 100 years on from the 1913 Lockout in Dublin The general argument underpinning the papers in this book is that trade unions are still relevant in the 21st century since they provide an independent collective representation for workers and address the power imbalance between the worker and employer All of the chapter authors are based at the Department of Personnel and Employment Relations Kemmy Business School University of Limerick The chapters are grouped under three broad headings The demand for trade unions in the 21st century partnership at work and the legal context of union recognition and case studies dealing with union organising and recognition campaigns This book provides a focus on an area not covered in any detailed way by any comparable text book It will be of interest to undergraduates and postgraduates in the area of employment relations and to practitioners such as trade union officials and human resource managers In addition it will be of interest to a wider body of academics internationally who wish to understand trade unions in Ireland for comparative purposes *The Idea of Labour Law* Guy Davidov, Brian Langille, 2011-06-02 There is growing interest in trying to understand and rethink the goals of labour law in light of changing realities in the labor market and regulation Responding to such fundamental questions as What is labor law for How can it be justified And on what should reforms be based This book challenges the way we think about labor law *The Expanding Boundaries of Black Politics*

Georgia A. Persons, 2017-09-04 This volume joins the preceding volumes in this distinguished series in presenting contemporary research by leading political scientists addressing topics of interest to those concerned with African American affairs. It captures the expanding boundaries of black politics and the persistent interests of the black community at large. The anchoring symposium *The Expanding Boundaries of Black Politics* presents the scholarship of a cadre of young black political scientists actively engaged in the critical tasks of moving forward the study of black politics. Their concerns include expanding the boundaries of black politics along the lines of epistemology and methodology especially in regard to core issues and areas within this field. In an introductory essay by Todd Shaw the work of these scholars is situated within the context of temporal shifts in scholarly emphases. Overlapping issues and concerns across time as well as black political scholarship as defined in the field since its beginning are addressed. The second part of this volume entitled *Maximizing the Black Vote: Recognizing the Limits of Electoral Politics* concentrates on serious lingering social concerns. These include the policy significance of black mayors affecting the concomitant impact of the black vote, the boundaries being pushed concerning the conjunction of black theology and sexual identity, a gendered analysis of familial policies and the deepening social and economic plight of young black males including felon disfranchisement. *The Expanding Boundaries of Black Politics* carries forth the search for an understanding of the relationship between religion, the black church and black political behavior, cross racial group coalitions as concerns matters of immigration, growing multiculturalism and the impact on black politics, maximizing the impact of the black vote, focusing on voting rights enforcement, the black vote in presidential elections and the voice of the Congressional Black Caucus.
