AIDS Narratives Steven F. Kruger,2013-10-28 This is the first book length study of the rich fiction that has emerged from the AIDS crisis Examining first the ways in which scientific discourse on AIDS has reflected ideologies of gender and

sexuality such as the construction of AIDS as a disease of gay men part of a battle over masculinity and thus largely excluding women with AIDS from public attention the book considers how such discourses have shaped narrative understandings of AIDS On the one hand AIDS is seen as an invariably fatal weakening of an individual's bodily defenses a depiction often used to reconfirm an identification between disease and a weak and vulnerable gayness On the other hand AIDS is understood in terms of an epidemic attributable to gay immorality or unnaturalness The fiction of AIDS depends upon these two narratives with one major subgenre of AIDS novel presenting narratives of personal illness decline and death and a second focusing on epidemic spread These novels also question the narrative structures upon which they depend intervening particularly against the homophobia of those structures though also sometimes reinforcing it Christopher Street, 1990

Daniel Defoe Paula R. Backscheider, 2021-10-21 In this book Paula Backscheider considers Daniel Defoe's entire canon as related developing and in close dynamic relationship to the literature of its time In so doing she revises our conception of the contexts of Defoe's work and reassesses his achievement and contribution as a writer By restoring a literary context for modern criticism Backscheider argues the intensity and integrity of Defoe's artistic ambitions demonstrating that everything he wrote rests solidly upon extensive reading of books published in England his understanding of the reading tastes of his contemporaries and his engagement with the issues and events of his time Defoe the dedicated professional writer and innovator emerges with a new wholeness and certain of his novels assume new significance Defoe's literary status continues to be debated and misunderstood Even critical studies of the novel often begin with Richardson rather than Defoe By moving from Defoe's poetry pamphlets and histories to the novels Backscheider offers an argument for the thematic and stylistic coherency of his oeuvre and for a recognition of the dominant place he held in shaping the English novel For example Defoe deserves to be recognized as the true originator of the historical novel for three of his fictions are deeply engaged with just those conceptual and technical issues common to all later historical fiction And Roxana now appears as Defoe's deliberate attempt to enter the fastest growing market for fiction that for women readers What have been powerfully significant for the history of the novel then are the very characteristics of his writing that have been held against his literary stature its contemporaneity its mixed and untidy form its formal realism its concentration on the life of an individual and its probing of the individual's psychological interaction with the empirical world making that world representative even as it is referential It is exactly these characteristics most original prominent and subsequently imitated in Defoe's fiction that define the form we call novel **Flash Point: A Paranormal Women's Fiction Novel** Blair Bryan, 2024-02-01 A paranormal women's

fiction series with hilarious revenge proving there is a lot of life to live after 50 When Roxanne Sullivan a West Point alumna and retired military officer visits Katie's beachfront home in Aura Cove a cryptic message from Karma sets an unthinkable chain of events in motion A shocking revelation emerges that threatens to shatter Rox's pristine military career Accused of a grave offense she faces the impending loss of everything she holds dear her freedom her Purple Heart and her honor earned

Turning Points and Transformations Christine DeVine,2011-07-12 From the Irish Cailleach and other shape shifters of folk legends to modern movie transformers from Ovid s Metamorphoses to the moment when Gregor Samsa woke up one morning to find himself transformed into an insect in Kafka s novella from conversion narratives to slave narratives turning points and transformations have always been central to literary works and to cultural developments In fact with Freytag s pyramid in mind one could claim that all literary works focus on the trope of a transformation born of a turning point because such moments comprise the very essence and vitality of human life and culture But why are turning points necessarily transformational and in what way And what brings about those turning points in language literature culture and human lives These are essentially the questions the essays in this volume seek to answer The contributors

examine turning points and transformations personal literary and cultural brought about through the randomness of the universe as well as through human interference and discuss ways in which humans in general and writers in particular through their art experience and cope with the ineluctable results **American Short Fiction** ,1997 *International Who's Who of Authors and Writers 2004* Europa Publications,2003 Accurate and reliable biographical information essential to anyone interested in the world of literature TheInternational Who s Who of Authors and Writersoffers invaluable information on the personalities and organizations of the literary world including many up and coming writers as well as established names With over 8 000 entries this updated edition features Concise biographical information on novelists authors playwrights columnists journalists editors and critics Biographical details of established writers as well as those who have recently risen to prominence Entries detailing career works published literary awards and prizes membership and contact addresses where available An extensive listing of major international literary awards and prizes and winners of those prizes A directory of major literary organizations and literary agents A listing of members of the American Academy of Arts and Letters **Promise** Rachel Eliza Griffiths,2024-08-06 Two Black sisters growing up in small town New England fight to protect their home their bodies and their dreams as the Civil Rights Movement sweeps the nation in Promise a magical magnificent novel Marlon James from a startlingly fresh voice Jacqueline Woodson A KIRKUS REVIEWS AND CHICAGO PUBLIC LIBRARY BEST BOOK OF THE YEAR The people of Salt Point could indeed be fearful about the world beyond themselves most of them would be born and die without ever having gone more than twenty or thirty miles from houses that were crammed with generations of their families But something was shifting at the end of summer 1957 The Kindred sisters Ezra and Cinthy have grown up with an abundance of love Love from their parents who let them believe that the stories they tell on stars can come true Love from their neighbors the Junketts the only other Black family in town whose home is filled with spice rubbed ribs and ground shaking hugs And love for their adopted hometown of Salt Point a beautiful Maine village perched high up on coastal bluffs But as the girls hit adolescence their white neighbors including Ezra s best friend Ruby start to see their maturing bodies and minds in a different way And as the news from distant parts of the country fills with calls for freedom equality and justice for Black Americans the white villagers of Salt Point begin to view the Kindreds and the Junketts as threats to their way of life Amid escalating violence prejudice and fear bold Ezra and watchful Cinthy must reach deep inside the wells of love they ve built to commit great acts of heroism and grace on the path to survival In luminous richly descriptive writing Promise celebrates one family s story of resistance It s a book that will break your heart and then rebuild it with courage hope and love **Lambda Book Report** ,1999
