The Hashemites Robert McNamara, 2010-09-07 The story of the Arab Revolt and the Hashemite princes who led it during the First World War is inextricably linked in modern eyes to the legend of Lawrence of Arabia as portrayed in David Lean's 1962 film But behind this romantic image lies a harsher reality of wartime expediency double dealing and dynastic ambition which shaped the modern Middle East and laid the foundations of many of the conflicts that rack the region to this day Arab nationalists claim

that British instigation for the Arab Revolt against the Ottoman Empire was a commitment to independence for the Arab people but in this book Robert McNamara shows how the British cultivated the Hashemite Sherifs of Mecca more as an alternative focus during the First World War for Muslim loyalty from the Ottoman Sultan who as Caliph had declared a jihad against the Allies when the Turks joined the Central Powers than a leader of an independent and united Arabia At the same time the Sykes Picot Agreement divided up the Middle East between British and French spheres of influence The sense of betrayal that this caused has coloured Arab nationalists views of the West ever since The main countries of the Middle East Jordan Syria and Iraq are all the creations of the post First World War settlement worked out at the Paris Peace Conference The story of the Hashemite dynasty at the Paris Peace Conference is the story of the birth of the modern history of a region that is now more than ever at the centre of world affairs Palestine and the Palestinians Samih K. Farsoun,2018-05-04

Palestine and the Palestinians is a sweeping social economic ideological and political history of the Palestinian people from antiquity to the Road Map to Peace This second edition is thoroughly revised and updated including entirely new chapters on the most current issues confronting Palestine today including Palestinians in Israel the Oslo Accords and the Second Intifada Palestinian refugees and the right to return Jerusalem the diplomatic peace process and two state single state solutions

Jones,1996 **Soviet Jewish Aliyah 1989-92** provides new insights into a period of fundamental change in Israel and the Middle East It explains how the Israeli government failed to effectively handle the integration of new emigres from the Soviet Union and how it alienated traditional Likud supporters among Oriental Jews in Israel Clive Jones s argument is that by placing its ideological commitment to the retention of the West Bank above other priorities the Likud leadership made itself beholden to the United States for financial assistance which was then denied The resulting fundamental change in the composition and orientation of the Israeli political leadership has had a major influence on the course of the Arab Israeli peace process

Soviet Jewish Aliyah, 1989-92 Clive A. Jones,2013-10-18 This book provides new insights into a period of fundamental change in Israel and the Middle East It explains how the Israeli government failed to effectively handle the integration of new emigres from the Soviet Union and how it alienated traditional Likud supporters among Oriental Jews in Israel Clive Jones s argument is that by placing its ideological commitment to the retention of the West Bank above other priorities the Likud leadership made itself beholden to the United States for financial assistance which was then denied The resulting

fundamental change in the composition and orientation of the Israeli political leadership has had a major influence on the course of the Arab Israeli peace process **Iraq** John Robertson, 2016-09-01 Cities scripts literature the rule of law all were born in Iraq That so many see this ancient land as nothing more than a violent backwater steeped in chaos is a travesty This is the place where for the first 5 000 years of human history all innovations of worth emerged It was the cradle of civilization In this unrivalled study John Robertson details the greatness and grandeur of Iraq s achievements the brutality and magnificence of its ancient empires and its extraordinary contributions to the world The only work in the English language to explore the history of the land of two rivers in its entirety it takes readers from the seminal advances of its Neolithic inhabitants to the aftermath of the American and British led invasion the rise of Islamic State and Iraq today A fascinating and thought provoking analysis it is sure to be greatly appreciated by historians students and all those with an interest in this diverse and enigmatic country This paperback edition features a new epilogue bringing the work up to date and looking ahead to Iraq s future
