Man is Moral Choice Albert Hoyt Hobbs, 1979-01-01 **Man's Fate and God's Choice** Bhimeswara Challa, 2021-06-29

Stagnate as a creepy caterpillar or transform into a beautiful butterfly this path breaking book of a rare genre suggests is the seminal choice before mankind and every one of us In this setting the book raises some fundamental questions What is man's rightful place in the cosmos and his manifest destiny on earth Why are we so self-righteously self-destructive Are we a doomed species Or divine beings struggling to overcome the hubris of the human intellect Is God getting weary of mankind How should we synergize human effort and Divine Grace The book posits that any betterment in human behavior needs a cathartic change at the deepest levels That requires diluting the dominance of the mind and reawakening the long dormant intelligence of the human heart To meet that challenge we need minimum numbers a critical mass to create self-sustained momentum for transformation through consciousness change And every single human of this generation should behave in such a way that he or she is that single person whose transformation could make the decisive species scale difference The book offers a menu of ideas and an agenda of action This book could be itself become an input to mobilize that very critical mass it advocates for human transformation Well planned and cohesively written the book is noteworthy for its delightful blend of information and arguments and reveals the depth of the author's understanding of the human predicament This is a closely argued and thought provoking book The Hindu 13 Sept 2011 This book is a gripping exposition on human nature and self-transformation without preference to religion Challa has critically provided a foundational argument for a deeper discussion of philosophical and practical ideals concerning self-transformation harmonizing the head and the heart is the way for humans to function as spiritual beings Recommended by the USSR The US Review of Books The author reflects upon the crisis of contemporary civilizations and outlines a blueprint for a new world order based on progressive spiritual values and change of human consciousness The strength of this treatise is the sweep of Challa's reach and his treatment of a vastly complex set of issues that bedevil humankind today India International Center Quarterly Summer 2012 As a thinker and erudite scholar the author has made a profound study of the world situation and the moral decadence of man This book deserves to be on the shelves of university college and public libraries Triveni Magazine July Sept 2011 It is difficult to pigeon-hole this book as a prophetic discourse a journey into the human mind a guide for human survival a spiritual treatise It is an amalgam of all these and more the volume reaches out to those who are already uneasy about the way we on this earth are progressing The Book Review India June 2013 **Conversations With My Good Friend the Atheist** Richard Cannon, 2022-08-01 Why should Christians care about what Atheists believe It is easy to discover what Atheists have to say about Christianity and Christians Pick up a book by any modern Atheist writer read a few random pages and the reader will have a sampling of the criticisms Atheists have regarding religion and people of faith A natural first response is the desire to set the record straight A person responding this way will quickly find themselves going in circles This is one point Christians

need to accept and understand From the Christian s perspective it serves no useful purpose when Christians engage Atheists in an attempt to set the record straight Atheism is a worldview or a way of seeing the world Just as the Christian sees their Christian faith as reasonable and rational the Atheist has the same view of what they believe to be true Atheists vary in their definition of what it means to be an Atheist There are however common themes found in the beliefs of people identifying themselves as Atheist It is common for example to find people identifying themselves as Atheists to believe the natural world is all there is This of course excludes the supernatural and since God operates outside of nature God is supernatural and is therefore eliminated in the thinking of Atheism How should the Christian respond when Atheists challenge Christian beliefs How can the Christian respond effectively unless the Christian understands what Atheists believe How can the Christian respond unless the Christian understands why Atheists believe as they do The apostle Paul tells Christians to be ambassadors Ambassadors need to understand the world in which they serve This is why Christians should care about what Atheists believe

One Teacher John Yueh-Han Yieh,2012-08-06 A literary critical analysis is embarked to show how Matthew highlights the primacy authority and exclusivity of Jesus role as the Teacher of God s will and how he features five long discourses in the narrative Two cultural parallels the Teacher of Righteousness and Epictetus are studied for comparison The ways in which they are remembered in the literature and in which they shape the lives of their followers provide proper historical perspectives and useful frames of reference Finally a social historical reading of the three teachers and their followers in the light of pertinent sociological theories sociology of knowledge group formation indicates that Jesus the One Teacher serves four crucial functions for his readers in Matthew s church polemic apologetic didactic and pastoral

Nicomachean Ethics Aristotle,2012-03-06 Enduringly profound treatise whose lasting effect on Western philosophy continues to resonate Aristotle identifies the goal of life as happiness and discusses its attainment through the contemplation of philosophic truth **The Writings of Aristotle** Aristotle, **Conscience, Denied** Charles E. Miller,2010-10-22 Literate Americans encounter the word conscience yet scarcely pay any attention to its source its proscriptions in human affairs or its power to affect human conduct The Conscience is a weapon for survival and a tool to correct protect and guide the individual in the often troubled course of his or her life These pages illustrate its applications and recognition down through human history beginning at the Fall of Adam and Eve Whether or not the reader shares that biblical account of human history is irrelevant The actuality of conscience in human relations and in the historicity of world events cannot be denied Our pioneers did not underscore the word but every brave progress to settle America involved the conscience of moral and ethical decisions Is the land ours Should I risk my family s lives to make this journey What confidence should I place in our caravan leader How shall I honestly manage to survive without theft murder or mayhem The very reality of survival whether against a military enemy or on wilderness excursion calls upon the human conscience to discern the risks are or the sacrifice or potential loss of life in the doing Miller has included several interesting illustrations a poem that deals with presidential lack of discernment a river trip that involves the choice of dangerous adventure or bank side and a brief drama that illustrates the confrontation of Caesar with the original Christians The conscience is directed usually unbeknownst to the possessor by God

s moral law of love for one s neighbor ie another human being made in God s image This law of the conscienced accounts for this great nation s compassion toward the world and condemns abortion euthanasia and fratricide It also controls and includes the process of justice to protect the innocent

The Rise and Fall of Triumph Mark D. Popowski,2011-12-16 This is a history of Triumph a post Vatican II Roman Catholic lay magazine that examines its origins and decline paying special attention to the editors often bellicose views on a range of issues from Church affairs to the Vietnam War and civil rights to abortion Triumph s editors formed the magazine to defend the faith against what they perceived as the imprudent and secular excesses of Vatican II reformers but especially against what they viewed as an increasing barbarous and anti Christian American society Yet Triumph was not a defensive magazine rather it was audaciously triumphalist proclaiming the Roman Catholic faith as the solution to America s ills The magazine sought to convert Americans to Roman Catholicism and to construct a confessional state which subjected its power to the moral authority of the Roman Catholic Church If the liberalizing and secularizing trajectory in American society exalted man as sovereign of himself and his world as Triumph s editors posited then their mission was to reinstitute Christ s Kingship to hallow the world in His name

Paterson,2010-02-25 In this study of the main conceptual and normative issues to which the education of the adult gives rise the author demonstrates that these issues can be understood and resolved only by coming to grips with some of the central and most contentious questions in epistemology philosophy of mind ethics and social philosophy A salient feature of
