*Man Makes Sense* William Scranton Simmons, 1970      *Understanding Morality* Wayne Gustave Johnson, 2022-02-04 This book explains why moral systems necessarily develop and why they take the various forms that they do Johnson argues that moral systems are best understood as attempts both to seek out ways of living a fulfilling human life and also to find ways of relating to others who also seek a fulfilling life Philosophers generally agree that the moral pathway is also the fulfilling pathway However the moral pathways advocated and the kind of fulfillments envisioned depend upon beliefs about human nature as well as beliefs about the ultimate nature of things a worldview Aristotle Epicurus Saint Augustine and Friedrich Nietzsche for instance had radically varying views about what constitutes a fulfilling life Johnson argues that the moral quest involves properly arbitrating among the often competing wants needs and desires pursued by human beings Not all such wants needs and desires can be fulfilled some must necessarily go unfulfilled This implies that a vast number of human choices are moral choices For instance who eats and who does not Johnson gives no moral advice His aim is to show the reader the nature of the moral choices they necessarily make      *The Communication of Ideas* J. Keightley, 2014-08-13 David N Keightley's seminal essays on the origins of Chinese society are brought together in one volume These Bones Shall Rise Again brings together in one volume many of David N Keightley's seminal essays on the origins of early Chinese civilization Written over a period of three decades and accessible to the non specialist these essays provide a wealth of information and insights on the Shang dynasty traditionally dated 1766 1122 or 1056 BCE Of all the eras of Chinese history the Shang has been a particularly elusive one long considered more myth than reality A historian with a keen appreciation for anthropology and archaeology Keightley has given us many descriptions of Shang life Best known for his analysis of oracle bones he has looked beyond the bones themselves and expanded his historical vision to ponder the lives of those who used them What did the Shang diviner think he was doing The temerity to ask such questions and the insights they have provided have been provocative and at times controversial Equally intriguing have been Keightley's assertions that many of the distinctive features of Chinese civilization were already in evidence during the Shang 3000 years ago In this collection readers will find not only an essential reference but also the best kind of thought provoking scholarship
