**A Man to Match His Mountains** Easwaran Eknath,1984      *Nonviolent Soldier of Islam* Eknath Easwaran,1999-11-08  
The progeny of a Muslim tribe steeped in a tradition of blood revenge Badshah Khan raised history's first nonviolent army and joined Mahatma Gandhi in civil disobedience to British rule in India His story of hard won victory offers inspiration for nonviolent solutions to today's world struggles      *Nonviolent Soldier of Islam* Eknath Easwaran,1999      *Gandhi and Bin Laden* James L. Rowell,2009-08-05 No two figures could seem further removed than Mohandas K Gandhi and Osama bin Laden Gandhi advocated an inclusive religious perspective and believed that the highest ideals in religion led to the path of absolute nonviolence In contrast Bin Laden has concocted a militant and exclusive interpretation of Islam and tried to justify some of the most barbarous acts of terrorism witnessed at the turn of the century Can both men be equally religious figures As leaders of movements of political protest do they have any points of similarity Moreover how can the religious philosophy of nonviolence respond to its nemesis which takes life so easily and casually These and other important questions are explored in this work that examines the lives and ideas of Mohandas K Gandhi and Osama bin Laden as well as that of Abdul Ghaffar Khan a refreshing nonviolent representative of Islam      ISLAM'S PEACEFUL WARRIOR: ABDUL GHAFFAR KHAN Jeanne E. Gendreau,2013-12-20 Is violence Islam's true message No said the great Muslim leader Abdul Ghaffar Khan Islam's Peaceful Warrior Abdul Ghaffar Khan tells the true story of Khan's amazing life A close colleague of Mahatma Gandhi Ghaffar Khan founded a popular movement of nonviolent Muslims in South Asia In a profound spiritual victory many of his followers chose to die rather than fight when confronted He taught that being Muslim means never hurting another person that men and women are equal and that God gives victory to those who refuse to fight Today this is a message the world longs to hear

**The Announcement** Michael J. Gajda,2014-02-04 You drive down a road for the hundredth time and notice a house you've never noticed before You look at a picture and never saw that green spot before You pick veggies or fruit and think you've cleared the area then go back and see all the ones you missed It's all in your point of view There's a new perspective a different angle and you see things differently And that's where The Announcement comes in It provides that different point of view that new perspective that different angle and does so with a purpose It's for anyone who would like to see the world be a better place but will challenge your ideas of what better is And when you're done and have had a chance to absorb The Announcement think of others who would hate this book Then give it to them and cajole bribe beg or whatever you have to do to get them to read it because they are the ones who desperately need it Bill Sturk artist and musician      Pilgrimage through a Burning World Ken Butigan,2012-02-01 For two decades the Nevada Desert Experience has organized nonviolent action at the Nevada Test Site as part of the global movement to end nuclear testing Pilgrimage through a Burning World illuminates how the Franciscan based group has crafted a contemporary desert spirituality that integrates religious ritual and political action to grapple with the challenges of an institutionalized and internalized nuclear world Ken Butigan shows how

the annual pilgrimage to the test site has contributed to the personal transformation of people on both sides of the fence at the test site and to the worldwide emergence of the Comprehensive Test Ban Treaty

*The Complex Reality of Religious Peacebuilding* Katrien Hertog, 2010-08-20 This insightful book focuses on the multifaceted subject of sustainable religious peacebuilding Katrien Hertog discusses the ways in which religious actors can utilize resources to prevent violent conflict from occurring reduce conflict when it does happen and rebuild bridges between sides in after conflict has ceased She examines the emergence of the field of religious peacebuilding developing a conceptual framework that outlines how aspects of religious organizations can contribute to effectual peacebuilding and creating a screening model that allows readers to analyze the resources and obstacles to peacebuilding in depth Using the Russia and the Orthodox Church as a major case study Hertog clearly shows what the concrete resources for peace are how they are applied what obstacles are hindering their realization and how these resources can be better utilized and supported This book tackles the controversial issue of the place of religion and religious organizations in the peace process While recognizing that no simple answer exists in solving ethnic religious and tribal conflict Hertog presents the ways religion can be used to create lasting sustainable peace

*René Girard and Creative Reconciliation* Vern Neufeld Redekop, Thomas Ryba, 2014-01-09 The contribution of this book to the field of reconciliation is both theoretical and practical recognizing that good theory guides effective practice and practice is the ground for compelling theory Using a Girardian hermeneutic as a starting point a new conceptual Gestalt emerges in these essays one not fully integrated in a formal way but showing a clear understanding of some of the challenges and possibilities for dealing with the deep divisions enmity hatred and other effects of violence By situating discourse about reconciliation within the context of Girardian thought it becomes clear that like Peter who vowed he would never deny Jesus but ended up doing it three times any of us is susceptible to the siren call of angry resentment and retaliation It is with a profound awareness of the power of violence that the emergence of mimetic discourse around reconciliation takes on particular urgency

*Allow the Water* Leonard Desroches, 2004-03 *Allow the Water* combines an introduction to nonviolence with a deeper exploration into some of its dimensions Though its style is mainly that of storytelling there are also as many helpful references as possible The book is 500 pages long but photos and drawings make up almost half the volume This is an exploration of the spirituality and practice of the force of love we inadequately call nonviolence Nonviolence is people and their stories before it is idea a way of living and acting not just a way of thinking This book is one contribution to an urgently needed conversation It is not meant to be complete There are questions observations and convictions Hopefully in their thoroughness and simplicity the contribute to our common search

*The Ambivalence of the Sacred* Scott R. Appleby, 1999-11-23 Terrorists and peacemakers may grow up in the same community and adhere to the same religious tradition The killing carried out by one and the reconciliation fostered by the other indicate the range of dramatic and contradictory responses to human suffering by religious actors Yet religion s ability to inspire violence is intimately related to

its equally impressive power as a force for peace especially in the growing number of conflicts around the world that involve religious claims and religiously inspired combatants This book explains what religious terrorists and religious peacemakers share in common what causes them to take different paths in fighting injustice and how a deeper understanding of religious extremism can and must be integrated more effectively into our thinking about tribal regional and international conflict

**Activism for Life** Angie Zelter, 2021-03-08 For over four decades Angie has campaigned for a greener fairer and safer world This remarkable account of her campaigning life shares some of the lessons she has learnt from her actions in many different countries Heartfelt but clear it includes personal insights into mobilising for effective sustainable actions dealing with security police and courts and how seemingly different issues are actually closely intertwined This unique book covers nuclear weapons militarism climate change corporate abuses of power environmental destruction and much more

**Nonviolence and Peace Psychology** Daniel Mayton, 2009-05-28 Recent trends and events worldwide have increased public interest in nonviolence pacifism and peace psychology as well as professional interest across the social sciences Nonviolence and Peace Psychology assembles multiple perspectives to create a more comprehensive and nuanced understanding of the concepts and phenomena of nonviolence than is usually seen on the subject Through this diverse literature spanning psychology political science religious studies anthropology and sociology peace psychologist Dan Mayton gives readers the opportunity to view nonviolence as a body of principles a system of pragmatics and a strategy for social change This important volume Draws critical distinctions between nonviolence pacifism and related concepts Classifies nonviolence in terms of its scope intrapersonal interpersonal societal global and pacifism according to political and situational dimensions Applies standard psychological concepts such as beliefs motives dispositions and values to define nonviolent actions and behaviors Brings sociohistorical and cross cultural context to peace psychology Analyzes a century s worth of nonviolent social action from the pathbreaking work of Gandhi and King to the Courage to Refuse movement within the Israeli armed forces Reviews methodological and measurement issues in nonviolence research and suggests areas for future study Although more attention is traditionally devoted to violence and aggression within the social sciences Nonviolence and Peace Psychology reveals a robust knowledge base and a framework for peacebuilding work granting peace psychologists activists and mediators new possibilities for the transformative power of nonviolence

**The Nonviolence Handbook** Michael N. Nagler, Ph.D., 2014-04-14 Nonviolence is not the recourse of the weak but actually calls for an uncommon kind of strength it is not a refraining from something but the engaging of a positive force renowned peace activist Michael Nagler writes Here he offers a step by step guide to creatively using nonviolence to confront any problem and to build change movements capable of restructuring the very bedrock of society Nagler identifies some specific tactical mistakes made by unsuccessful nonviolent actions such as the Tiananmen Square demonstrations and the Occupy protests and includes stories of successful nonviolent resistance from around the world including an example from Nazi Germany And

he shows that nonviolence is more than a tactic it is a way of living that will enrich every area of our lives **Routledge International Handbook of Restorative Justice** Theo Gavrielides, 2018-07-27 This up to date resource on restorative justice theory and practice is the literature's most comprehensive and authoritative review of original research in new and contested areas Bringing together contributors from across a range of jurisdictions disciplines and legal traditions this edited collection provides a concise but critical review of existing theory and practice in restorative justice Authors identify key developments theoretical arguments and new empirical evidence evaluating their merits and demerits before turning the reader's attention to further concerns informing and improving the future of restorative justice Divided into four parts the Handbook includes papers written by leading scholars on new theory empirical evidence of implementation critiques and the future of restorative justice This companion is essential reading for scholars of restorative justice criminology social theory psychology law human rights and criminal justice as well as researchers policymakers practitioners and campaigners from around the world Religions and Nonviolence Rachel M. MacNair, 2015-07-07 Covering the nonviolence traditions in all the major religions as well as the contributions of religious traditions to major nonviolent practices this book addresses theories of nonviolence considers each religion individually and highlights what discrete religious perspectives have in common Covering all the major and some of the larger minor religions of the world Religions and Nonviolence The Rise of Effective Advocacy for Peace examines the rich history of how human thinking on nonviolence has developed and what each religion offers to the theory and practice of nonviolence providing a counterpoint to the perspective that religion has largely inspired violence and intolerance It also traces the contributions of religious traditions to secular nonviolent practices recognizes and explains why religion has historically inspired violence and provides additional resources for investigating the crossroads of religion and advocacy of nonviolence and peace The author addresses the nonviolence traditions in religions such as Bahai Buddhism Christianity Ethical Atheism the First Nations of North America Judaism Hinduism Islam Sikhism Tenrikyo and Revitalized Paganism Ancient religions with important contributions to nonviolence Zoroastrianism Taoism and Jainism receive attention as do Mo Tse and other Chinese philosophers as well as Pythagoras and other classical Greek thinkers Students of religion history of religion sociology or psychology will find this book key to achieving a balanced and therefore more accurate understanding of both religion and history General readers will gain insights into the commonalities among different religions as well as each major religion's historical and current stances on issues of violence such as human or animal sacrifice slavery war and the death penalty *Inter-State and Intra-State Conflicts in Global Politics* Tayyar Ari, 2021-11-05 This book provides analyses with respect to a wide range of contemporary issues from China to Eurasia including Turkey's foreign policy conflicts in the Eastern Mediterranean Caucasus Central Asia Russia EU migration Middle Eastern issues current conflicts and influences over global competition energy security and the future of struggles on energy resources the structure of intra state conflicts and foreign terrorist fighters In the study many interesting questions such as

whether China will turn to a maritime great power in the Pacific Sea possible impacts of China's BRI project on global politics the future of the new great game in China's westward politics and possible effects of North-South corridor on regional power struggle are also examined

*War and Its Discontents* J. Patout Burns, 1996-04-01 This volume examines the limits Islam, Judaism and Christianity have set for the use of coercive violence. It probes the agreements and disagreements of these major religious traditions on pacifism, the abjuration of all force and quietism, the avoidance of force unless certain stringent conditions are met. The distinguished contributors examine the foundations for nonviolence in each religion, criticize the positions each religion has taken, address the inherent challenges nonviolence poses and evaluate the difficulty of practicing nonviolence in a secular society. The concluding essay defines the common ground, isolates the points of conflict and suggests avenues of further inquiry. The most important contribution this volume makes is to demonstrate that no Western religious tradition provides a basis for the glorification of violence. Rather, each accepts warfare as a regretted necessity and sets strict limits on the use of force. This work offers new insights for those interested in the ethics of warfare, peace studies, religious traditions and international affairs.

*Engaging Religious Education* Camilla Cole, Joy Schmack, Matthew Thompson, David Torevell, 2010-04-16 This book is the first to bring together a number of essays which deal directly with the crucial topic of engagement in Religious Education. But it also breaks new ground by creating a dialogue with the world of ethics. Here readers will find fresh insights relevant to the 21st century. Contributors, all committed to excellence in Religious Education, include school teachers, sixth form tutors and those working in higher education. Addressing central issues in the debate from a range of theoretical and methodological positions, the book raises important questions about how we might understand and promote positive engagement at the present time. Primarily, it has one aim in view: to make Religious Education a more stimulating and enjoyable experience for all those involved.

War No More Michael K. Duffey, 2021-07-16 In the twentieth and early twenty-first centuries, nonviolent movements for justice have succeeded where violent campaigns have failed. This book examines fourteen cases: eleven movements that succeeded and three that have until now failed, and shows why nonviolent strategies work, drawing on the thought of practitioners and theorists. Later chapters examine violent U.S. interventions abroad and at home, as well as citizen movements for nonviolent conflict resolution. As an introduction to nonviolent movements, this text engages students in recent events from the news, as well as the history of modern warfare. Bringing in philosophical and religious texts from a diverse set of traditions, author Michael K. Duffey offers a multifaceted argument for embracing nonviolent solutions to conflict.
