Man Under Authority Quality Of Christian Leadership:

Christian Leadership Benjamin A. Van Winkle, 2010-08-12 This is a documentary on leadership from the Bible and how the Patriarchs depended on God for direction and guidance It is an example for both Christian and secular leaders The material in this book is brought to you from a personal viewpoint hopefully it will inspire those of you who read it to step out into the ranks of Leadership with renewed hope and ambitions There is nothing as satisfying as being a servant and helper to all who recognize the position of Leadership and finding real pleasure in supplying the wants and needs of their leader Without healthy competition the leader and the organization will fail This is what makes our free enterprise system work We should know who we are and be the best we can and do the best we can at what we do But we should not be so prideful that others don't count The leader should be able to appoint leaders from the group he leads In Leadership one of the best ways to practice Christ likeness is to start each day with this question Who can I serve today Remember Jesus in His leadership of the twelve Apostles He showed humility And that made Him a good leader Remember a leader should always be respected to get the job done One important thing we must remember we should not get to the point where we feel we are indispensable Our most important commodity is time

Teamwork Gordon Jones, 2011-07-11 How can I improve the quality of my relationships Be a better communicator Resolve conflict more effectively Use both my skills and my unique individuality for the benefit of those around me The healthy marriage the smooth running office the caring church the harmonious mission team the committed friendship group good teamwork is a vital ingredient of so many of the interactive situations of daily life And it's a concept central to the Christian message In Christ God was reconciling us to him and to each other So it's hardly surprising that biblical principles have so much relevance to the challenge of creative teambuilding Reading this book will stimulate you to think about why teams are so important how you can build an effective team and ways of learning to communicate better This book doesn't confine itself to conventional ideas of teams but takes a much broader look at teamwork and working together Readers will find the contents applicable to many areas of life including marriage and family life friendships school university the workplace and the local church It would also be particularly relevant to people involved with overseas mission teams

THE DARK SIDE OF LEADERSHIP Dr Tessie Herbst, 2014 This book highlights the fact that leaders do indeed affect the performance of organizations or the well being of society for better or worse to cast either a shadow or light by the exercise of their leadership Modern psychology with its theories of human behavior which does not acknowledge the existence of the spiritual realm cannot explain the carnage and evil often associated with the dark side of leadership This book focuses on the dark side of leadership in a

multidimensional manner and provides a psychospiritual approach toward understanding personality disorders and leader derailment It highlights an area that has not been exclusively studied by leadership researchers to date the influence of spiritual forces in personality disorders which lead to leadership failure and derailment This book calls for a more interdisciplinary approach and holistic understanding of the dark side of leadership inseparably relating body soul and spirit as they function individually and relationally It highlights the fact that the restoration of personality will require sustained dialogue between theologians and the medical and psychological professions This book provides solid information and new insights for anyone seeking to understand the dark side of leadership
