Evolution, Present Constitution And Future Development Max Heindel, 2020-12-04 This book is written by Max Heindel the founder and Messenger of The Rosicrucian Fellowship This is a reference book of the Fellowship students and Probationers This book is also referred as Cosmo Conception or Mystic Christianity The founder of the Christian Religion stated an occult maxim when He said Whosoever shall not receive the kingdom of God as a little child shall not enter therein Mark 10 15 All occultists recognize the far reaching importance of this teaching of Christ and endeavor to live it day by day When a new philosophy is presented to the world it is met in different ways by different people One person will grasp with avidity any new philosophical effort in an endeavor to ascertain how far it supports his own ideas To such an one the philosophy itself is of minor importance Its prime value will be its vindication of HIS ideas If the work comes up to expectation in that respect he will enthusiastically adopt it and cling to it with a most unreasoning partisanship if not he will probably lay the book down in disgust and disappointment feeling as if the author had done him an injury Another adopts an attitude of skepticism as soon as he discovers that it contains something which HE has not previously read heard or originated in his own thought He would probably resent as extremely unjustified the accusation that his mental attitude is the acme of self satisfaction and intolerance such is nevertheless the case and thus he shuts his mind to any truth which may possibly be hidden in that which he off hand rejects Both these classes stand in their own light Set ideas render them

impervious to rays of truth A little child is the very opposite of its elders in that respect It is not imbued with an overwhelming sense of superior knowledge nor does it feel compelled to look wise or to hide its nescience of any subject by a smile or a sneer It is frankly ignorant unfettered by preconceived opinions and therefore eminently teachable It takes everything with that beautiful attitude of trust which we have designated child like faith wherein there is not the shadow of a doubt There the child holds the teaching it receives until proven or disproven In all occult schools the pupil is first taught to forget all else when a new teaching is being given to allow neither preference nor prejudice to govern but to keep the mind in a state of calm dignified waiting As skepticism will blind us to truth in the most effective manner so this calm trustful attitude of the mind will allow the intuition or teaching from within to become aware of the truth contained in the proposition That is the only way to cultivate an absolutely certain perception of truth The pupil is not required to believe off hand that a given object which he has observed to be white is really black when such a statement is made to him but he must cultivate an attitude of mind which believeth all things as possible That will allow him to put by for the time being even what are generally considered established facts and investigate if perchance there be another viewpoint hitherto unobserved by him whence the object referred to would appear black Indeed he would not allow himself to look upon anything as an established fact for he realizes thoroughly the importance of keeping his mind in the fluidal state of adaptability which characterizes the little child He realizes in every fiber of his being that now we see through a glass darkly and Ajax like he is ever on the alert yearning for Light more Light The enormous advantage of such an attitude of mind when investigating any given subject object or idea must be apparent

Discovering Our Past, Preserving Our Heritage: Unveiling the Mysteries of Kennewick Man and Beyond Pasquale De Marco, 2025-03-09 In the heart of the American West lies a tale that has captivated and divided a nation the story of Kennewick Man Discovered in 1996 this 9 000 year old skeleton ignited a firestorm of controversy that continues to burn brightly today This book delves into the depths of the Kennewick Man saga taking readers on a captivating journey through the archaeological legal and cultural battlegrounds that have defined this extraordinary chapter in American history From the moment of his discovery Kennewick Man has stood at the center of a maelstrom of conflicting interests pitting scientists against Native American tribes and challenging deeply held beliefs about our past Through meticulous research and engaging storytelling this book uncovers the layers of complexity that shroud the Kennewick Man controversy It examines the scientific quest to unlock the secrets of our ancient ancestors the passionate struggle of Native Americans to reclaim their cultural heritage and the legal battles that have shaped the very foundation of archaeological research in the United States More than just a historical account this book serves as a profound meditation on the nature of identity the ownership of the past and the uneasy relationship between science and indigenous knowledge It challenges readers to confront their own assumptions and biases inviting them to embark on a journey of understanding and reconciliation As we navigate the intricate web of issues surrounding Kennewick Man we are forced to confront

uncomfortable truths about our shared history the legacies of colonization and the ongoing struggle for justice and recognition This book is not merely a chronicle of events it is an invitation to engage in a dialogue that has the power to transform our understanding of the past and shape the future of our nation Ultimately the story of Kennewick Man is a reminder that history is never truly settled that the past is constantly being reinterpreted and contested and that the pursuit of knowledge is an ongoing journey that requires humility empathy and a willingness to embrace the complexity of our shared human experience If you like this book write a review

One Flesh Joe Fogle, 2007-05-05 On the sixth day of creation God formed Adam from the dust of the earth God then formed Eve from Adam s side From this day forward man was to leave his father and mother and cleave to his wife The two are joined together by God in a permanent one flesh relationship After man fell the sins of adultery fornication polygamy and divorce altered God s intention for marriage This was true of those both outside and inside God s covenant community By the time the Lord Jesus Christ came in the flesh the traditions of Judaism had either changed or nullified God s command for marriage The Lord Jesus Christ came and stated God s original intent for marriage 1 Permanence The husband and wife are one flesh They are permanently joined in a covenant relationship for life No person has the legal or moral authority to end what God has joined together No sin or legal document can dissolve the one flesh bond 2 Forgiveness This is Christ s emphasis in dealing with sin When one spouse fails the love of Christ compels the other to forgive Hardness of heart is the cause of unforgiveness and results in divorce Because of the biblical teachings of Jesus and Paul the early church held to the permanence of marriage Over the centuries Christ s commands on the permanence of marriage have been either changed or nullified They have been replaced with the traditions of men In theory Christians are taught that they may divorce and remarry if their spouse commits adultery or deserts them In practice many evangelical Christians are divorcing and remarrying for almost any reason The Lord Jesus Christ taught God s original intentions regarding forgiveness and divorce The Word of God has not changed What God has joined together let no man separate Mark 10 9
