Mind and Health, with an Examination of Some Systems of Divine Healing Edward Ebenezer Weaver, 1913 *The Kingdom of the Cults* Walter Martin, 2019-05-21 In an era of rapid growth of false religions worldwide, Christians need information they can trust. This comprehensive new edition of the leading book on cults will equip you no matter your background to understand and use biblical truth to counter false religions, including many that masquerade as mainstream Christianity. Reflecting the developments in cults and world religions in recent years, this edition updated by expert Jill Martin Rische, daughter of Walter Martin, gives you the authoritative information you need to know. As our culture becomes less and less outwardly Christian, awareness of the belief systems of those around us has never been more vital. Readable and reliable for everyone, whether you're a teacher, a pastor, or a regular church attendee, *The Kingdom of the Cults* remains the go-to reference book on this crucial topic. *Divine Healing* S. A. Richmond, 1904 *Divine Healing* Andrew Murray, 1981-07-01 After an illness interrupted his ministry for more than two years, Andrew Murray received a miraculous restoration of health through the prayers of God's people. *Divine Healing* is the classic work resulting from Murray's deep study of Scripture on this topic and the sermons that resulted from that study. In it, he unpacks the promise of James 5 that the prayer of faith will heal the sick. He writes about the prerequisites for healing, which are repentance from sin and the sanctification of the body by fully giving it over to God. Murray addresses such questions as: Is it God's will to heal the sick? Why are some people healed while others are not? What role do doctors play in miraculous healing? Why do many Christians doubt the gifts of healing? Does sickness come from God or from Satan? Andrew Murray's personal testimony and biblical teaching will serve as inspiration for readers to trust in God's healing touch in their areas of deepest need. **Divine Healing** George Mfula, Divine Healing is a must-read book. It will help you discover the keys to walking in divine healing and health. I believe divine healing is real. It is not an imagination or assumption. Besides, it is the healing that comes purely from the power of the Holy Spirit in response to people's faith in God's Word. It is a healing that takes place because of the death, burial, and resurrection of Jesus Christ. You and I were healed by Christ Jesus 2,000 years ago. Our healing is already secured, accomplished, and established. Hence, you don't have to beg to be healed, since it is our covenant or birthright in Christ Jesus. Unless you see yourself healed by the revelation of God's Word, it is very hard to receive your healing, which is in Christ Jesus. In this book, I will show you, with the help of the Holy Spirit, how real our healing in Christ Jesus is. Beloved, when Jesus healed me of the spine and brain condition many years ago, I not only got healed from that spine and brain condition, but Jesus has also kept me healthy until now. Sickness and

disease are not God's will. Instead, the devil is behind them. God wants you to walk in divine healing and health. He doesn't want to see you sick or afflicted by sickness and disease. Whether you are in Africa, Australia, Europe, Asia, North or South America, God wants you well. He wants you to walk in divine health in Christ Jesus. Get this book. You will lay hold of the divine keys on how to walk and live in divine health in Christ Jesus all the days of your life. Divine healing and health are your legal rights in Christ Jesus now and forever.

Divine Healing: The Formative Years: 1830-1890 James Robinson, 2011-04-13

Divine healing is commonly practiced today throughout Christendom and plays a significant part in the advance of Christianity in Latin America, Africa, and Asia. Such wide acceptance of the doctrine within Protestantism did not come without hesitation or controversy. The prevailing view saw suffering as a divine chastening designed for growth in personal holiness and something to be faced with submission and endurance. It was not until the nineteenth century that this understanding began to be seriously questioned. This book details those individuals and movements that proved radical enough in their theology and practice to play a part in overturning mainstream opinion on suffering. James Robinson opens up a treasury of largely unknown or forgotten material that extends our understanding of Victorian Christianity and the precursors to the Pentecostal revival that helped shape Christianity in the twentieth century.

Much has been written and said about the healing methods that Jesus used in His very striking cures of physical ills. However, very few have dared even to suggest that Jesus applied universal law in His restorative methods. Charles Fillmore has found that Jesus' healing methods were based on universal mental and spiritual laws that anyone can utilize. Ultimately, that cognition led him to the conclusion that man and the universe are founded on mind and that all changes for good or ill are changes of mind.
