California history until he was finally killed in a Wagnerian firestorm under a full moon as nuns at a nearby convent watched and prayed This manhunt was the subject of a widely praised article by Deanne Stillman first published in Rolling Stone a finalist for a PEN Center USA journalism award and included in the anthology Best American Crime Writing 2006 In Desert Reckoning she continues her desert beat and uses Kueck s story as a point of departure to further explore our relationship to place and the wars that are playing out on our homeland In addition Stillman also delves into the hidden history of Los Angeles County and traces the paths of two men on a collision course that could only end in the modern Wild West Why did a brilliant self taught rocket scientist who just wanted to be left alone go off the rails when a cop showed up What role did the California prison system play in this drama What happens to people when the American dream is stripped away And what is it like for the men who are sworn to protect and serve
