Vycinas,2012-12-06 In the unequaled and majestic contemporary technological phase of our cultural development where democratic liberties and the means of well being are accessible to everyone man is unsatisfied insecure rebellious confused and lost More than ever before he seems to lack the sureness of his way in life The abundance of theories doctrines and various philosophical social or religious systems and moral teachings fails to provide the individual today with any clarity whatsoever Lacking this he turns to peripheral events to sensational occurrences he turns his attention to more and to glaring new models of technological products more new things mostly Acquiring a great multitude of these and various other things he seems to stress his own importance thus making an inquiry in its fundamental validity superfluous In this way he escapes the search of his very own mission he betrays the superior powers which demand from him his existential

Goold Brown,1851 Militia Stand Down: The First Objective Reading of the 2nd Amendment Geoffrey Smith,2017-04-14

On June 12 1823 Thomas Jefferson quilled the following History may distort truth and will distort it for a time by the superior efforts at justification of those who are conscious of needing it most Nor will the opening scenes of our present government be seen in their true aspect until the letters of the day now held in private hoards shall be broken up and laid open to public view What a treasure will be found in General Washington s cabinet when it shall pass into the hands of as candid a friend to truth as he was himself This volume of work is the public view he speaks of because ALL interpretations of the 2nd Amendment have exploited history to re author its meaning This full story is told with the hoarded letters spanning 84 years and their treasure ultimately revealed by the Candid a friend of Truth The 2nd amendment was crafted ahead of its time and its time has finally arrived It is literally the Holy Grail of Gun Control and the final legacy of the United States Constitution
