*Man* Manly P. Hall, 2018-12-02 Man according to Manly P Hall is at the center of the Mystery School tradition We are the living reflection of the Creator and all traditions in Western Esotericism are based upon it Our purpose has been to bring together not all but only a small part of what may be termed the lore of the human body For the most part the origins of the various doctrines are set forth in the text Some have come from Eastern scriptures some from the Hermetic fragments We have called upon a wide diversity of old authorities and strangely enough there is an evident consistency among them conspicuously lacking with the moderns The sages furthermore approached their task with veneration an underlying realization of the dignity of life adds charm to every conclusion They viewed the human body not as the man but as the house of the man Antiquity was convinced of immortality and among the wise the science of the soul occupied first place Much work remains to be done in the field of occult anatomy There are many old writings yet to be consulted libraries unavailable to the public to be explored manuscripts to be deciphered The Codices of Central America must be made to give up their secrets The temples libraries of Asia are filled with priceless documents for in India are preserved records invaluable to science Our effort then is primarily to stimulate interest and to focus the attention of the learned upon this engrossing theme We are subject to errors which time alone can correct but the principle of the correspondence existing between man and the world is established upon incontestable grounds Manly P Hall     Man Manly Palmer Hall, 2022-12-26 This unique collection of material drawing on esoteric sources produced through centuries contains thought provoking essays establishing how the body reveals the laws and principles operating throughout the universe Eighteen chapters and lushly illustrated plates from early and rare mystical texts make this an essential part of any occultist s library     **Man** Manly Hall, 2022-02 Manly Palmer Hall 1901 1990 was a Canadian born author and mystic He is perhaps most famous for his work *The Secret Teachings of All Ages* An Encyclopedic Outline of Masonic Hermetic Qabbalistic and Rosicrucian Symbolical Philosophy published in 1928 when he was 27 years old In 1934 Hall founded the Philosophical Research Society PRS in Los Angeles California dedicating it to an idealistic approach to the solution of human problems The PRS claims to be non sectarian and entirely free from educational political or ecclesiastical control and the Society s programs stress the need for the integration of philosophy religion and science into one system of instruction The PRS Library a public facility devoted to source materials in obscure fields has many rare and scarce items now impossible to obtain elsewhere In his over 70 year career Hall delivered approximately 8 000 lectures in the United States and abroad authored over 150 books and essays and wrote countless magazine articles     *Man. the Grand Symbol of the Mysteries ... The Esoteric History of Man's Origin Dr. Douglas M. Baker, 2014-04-15 ANTHROPOGENY The Esoteric History of Man's Origin This book and its contents devolve from four great questions Who are we Where do we come from Why are we here Where do we go to from here In this brilliantly written masterpiece Dr Baker has tried as far as possible to avoid a repetition of facts and figures given by The Secret Doctrine except where these are important in elucidating confirming contradicting or supporting some point of new detail When H P Blavatsky wrote The Secret Doctrine the great biological periods which we know so well today were not yet clearly defined in terms of age and extent Also by her own admission many figures given by the Masters to her were inevitably altered in the process of being passed on to others for publication Instead of loosely referring to time in terms of Rounds and Chains Root Races and Sub races Dr Baker has endeavoured by correlation cross checking and by final resort to questioning the Master Blavatsky directly to give wherever possible time factors in terms of years eras and periods This has not been easy and may not always stand the closest of inspection but it must be remembered that in eighty per cent of our investigations here we are dealing with paralleling evolutions sometimes on three different planes at once The march of science will steadily bring confirmation of broad outlines correct minor errors and add supplementary detail No matter how abstruse how surrounded with mystery the subject of Man's origin we should remember the words of Paracelsus Things that are considered now to be impossible will be accomplished and that which is unexpected will in the future prove to be true and that which is looked upon as superstition in one century will be the basis of the approved science of the next Many drawings images tables and references are included to make this fascinating subject more comprehensible to the student who is ready to seek the answers to the four great questions posed above **Blue Star Love**
