Managed Care And Modernization A Practitioners Guide:

Managed Care and Modernization David Cochrane, Sherry Aliotta, 2001 What is managed care How does it fit with the current modernization of health services How should it be applied in particular contexts Managed Care and Modernization is a handbook for healthcare managers and practitioners Its primary aim is to give practical guidance on applying managed care techniques as part of the modernization of health services David Cochrane and his contributors contextualize managed care reviewing current policy and practice and exploring the major challenges facing health services Throughout they are concerned to assist practitioners in service design delivery and management to adapt the techniques of managed care to their own needs and contexts They draw on key examples from both American and British experience to indicate how managed care works in practice and how important is its development to the modernization of health services This book is essential reading for all those involved in healthcare reform

Sustainable Development Goals and the Catholic Church Katarzyna Cichos, Jarosław A. Sobkowiak, Ryszard F. Sadowski, Beata Zbarachewicz, Radosław Zenderowski, Stanisław Dziekoński, 2020-11-29 This book identifies both the consistencies and disparities between Catholic Social Teaching and the United Nations UN Sustainable Development Goals SDGs With Pope Francis Laudato si encyclical Catholicism seems to be engaging more than ever with environmental and developmental concerns However there remains the question of how these theological statements will be put into practice The ongoing involvement of the Catholic Church in social matters makes it a significant potential partner in issues around development Therefore with the use of the comparative method this book brings together authors from multiple disciplines to assess how the political and legal aspects of each of the UN's 17 SDGs are addressed by Catholic Social Teaching Chapters answer the question of how the Catholic Church evaluates the concept of sustainable development as defined by the Agenda 2030 Goals as well as assessing how and if it can contribute to shaping the contemporary concept of global development Examining the potential level of cooperation between the international community and the Catholic Church in the implementation of the Agenda 2030 Goals this volume will be of keen interest to scholars of Catholic Studies Religious Studies and the Sociology of Religion as well as Environmental Studies and Development Studies
