

Managerial Ethics

Managerial Ethics

Norman E. Bowie, Patrica Werhane

Managerial Ethics:

Managerial Ethics Poonam Sharma, Kanika T Bhal, 2004-11-16 Ethics both in general and particularly at the workplace is a topic of major significance in the contemporary world. The authors of this book start with a discussion of the conceptual framework of ethics combining Western and Indian models e.g. Machiavellianism and Gunas. They then proceed to provide a descriptive understanding of this abstract and complex concept. The authors support their conclusions through field research in an organizational setting. They also discuss questions of ethical leadership, personality and cultural differences. The book yields fresh insights into ethical conduct and individual perceptions while conceptualizing a new model of managerial ethics.

Managerial Ethics Marshall Schminke, 2011-01-11 This book combines management theory with ethical theory on a chapter by chapter, topic by topic basis. The volume bridges the theoretical, empirical and practical gap between management and ethics. It will be of interest to a cross disciplinary group of students, researchers and managers in business management, organizational behavior, IO psychology and business ethics.

Managerial Ethics Marshall Schminke, 1998-08 One of the greatest strengths of business ethics research lies in the diversity of backgrounds of those interested in knowing more about it. Where else could we find moral philosophers, industrial psychologists, political scientists and organizational sociologists hard at work exploring the same issues? These scholars bring to the table an intriguing mix of skills and viewpoints, many of which may be quite different from and complementary to those trained in functional areas of business like management. However, this diversity also reflects a weakness. Researchers from such different backgrounds may be either unable or unwilling to talk to and work with each other in understanding more about these issues. This book bridges the gap and provides a basic reference volume for current business ethics researchers. Second, it stimulates new ways of thinking about and creating interest in linking management and ethics among those researchers. Third, it triggers management and ethics researchers who do not currently study business ethics problems to consider the implications of each to their current interests. The central theme of the book is that efforts must be made to better integrate management and ethical theory. Although the market contains a number of good business ethics books, none combines management theory with ethical theory on a chapter by chapter, topic by topic basis. This book bridges the theoretical, empirical and at times practical gap between management and ethical scholars.

Managing Business Ethics Linda K. Trevino, Katherine A. Nelson, 2010-08-23 While most business ethics texts focus exclusively on individual decision making, what should an individual do? This resource presents the whole business ethics story. Highly realistic, readable and down to earth, it moves from the individual to the managerial to the organizational level, focusing on business ethics in an organizational context to promote an understanding of complex influences on behavior. The new Fifth Edition is the perfect text for students entering the workplace, those seeking to become professionals in training, communications, compliance, in addition to chief ethics officers, corporate counsel, heads of human resources and senior executives.

Business Ethics Andrew C. Wicks, 2010 For undergraduate business ethics

courses The ethical training business students need to be successful in today's challenging business world Recent scandals have created a mistrust that has spread through the entire business sector jeopardising public confidence in the stock market and economy Now more than ever it's important for students to understand the moral foundations rules and implications that are vital to the core of business Business Ethics presents an in depth introduction of business ethics that emphasises the role of ethics as a critical part to management success Critical Management Ethics T. Klikauer, 2010-07-01 Written in the European tradition of Kant's philosophical trilogy on critique and Hegel's concept of ethical life it outlines the great traditions in ethical philosophy Aristotelian virtue ethics Kantian ethics and utilitarianism It presents modern ethics from Nietzsche Adorno and Habermas to Kohlberg's stages of moral development **Management Ethics, (Foundations Of Business Ethics 5)** Norman E. Bowie, Patrica Werhane, 2005-01-01 Management Ethics is an indispensable resource and guide to the issues and debates within the ethics of management It includes examination of the obligations that managers have to their various stakeholders employees customers shareholders and the community how managers can meet their obligations the ethics of supply chain management the ethics of dealing with the press and non governmental agencies the concepts of sustainability and triple bottom line accounting The book culminates with distinctive chapters on stimulating the manager's moral imagination and promoting a unique theory of ethical leadership BUSINESS ETHICS AND COMMUNICATION SKILLS Veera Thakur, Vikrant Verma, MBA FIRST SEMESTER SKILL ENHANCEMENT COURSE According to the New Syllabus of Maharshi Dayanand University Rohtak based on NEP 2020 **Business Ethics and Managerial Values** S. K. Bhatia, 2002 The book covers key topics in the three fields of corporate social responsibility business ethics corporate governance and numerous other related topics to build corporations commitment to ethics management critical role of value based managerial leadership *Contemporary Issues in Business Ethics* Mary W. Vilcox, Thomas O. Mohan, 2007 Business ethics is a form of the art of applied ethics that examines ethical rules and principles within a commercial context the various moral or ethical problems that can arise in a business setting and any special duties or obligations that apply to persons who are engaged in commerce Business ethics can be both a normative and a descriptive discipline As a corporate practice and a career specialisation the field is primarily normative In academia descriptive approaches are also taken The range and quantity of business ethical issues reflects the degree to which business is perceived to be at odds with non economic social values Historically interest in business ethics accelerated dramatically during the 1980s and 1990s both within major corporations and within academia For example today most major corporate websites lay emphasis on commitment to promoting non economic social values under a variety of headings e.g ethics codes social responsibility charters In some cases corporations have redefined their core values in the light of business ethical considerations Catching business ethics in action however remains a seldom spotted nugget for in reality it depends on the characters of the characters **Management Ethics** D. Melé, 2011-11-29 The recent financial crisis has awakened a

renewed sensibility to ethics in business and management and an increasing interest in a better understanding of how ethics and economics are intertwined Managers and executives must understand not just the moral value of ethical behaviour but also how this can strengthen and benefit the organization Business Ethics,2/e A.C. Fernando,2009 Business Ethics An Indian Perspective provides a comprehensive coverage of the theories of business ethics and emphasizes the importance of ethical principles in overcoming moral dilemmas in the business world Using a large number of India centric case studies and examples this book helps readers develop the reasoning and analytical skills needed to apply ethical concepts to business

The Individual in Business Ethics T. Kavaliauskas,2010-11-24 Today we are witnessing social and political dominance of large corporations They provide for its employees moral values and business principles Moreover they institutionalize their codes of ethics The theory of Business Ethics provides the moral guideline and standards for corporate life and concrete business organizations apply those standards to practice The individual employee as a member of a business organization accepts those standards Therefore it is important to examine the foundation of the individual s moral value in Business Ethics in order to understand on what the foundation of the moral value depends on This highly interdisciplinary text is a critique of Business Ethics as an ideology and life politics The author discloses how contemporary business ethics grovels before corporations how it is too weak to create a truly critical voice of American capitalist economy The individual s treatment in corporate life is revealed through the eyes of American Protestant culture and its coercive work tradition where efficiency value usurps values of individual choice and freedom This book suggests a new concept of an out corporate individual

Human Resource Management Ethics John R. Deckop,2006-08-01 HRM ethics is a root cause of many important problems in business ethics and may represent the solution to even more This volume defines analyzes and proposes solutions to ethical problems related to both the executive levels of the organization and the organization as a whole This book contains a fascinating range of scholarship from highly regarded authors Macro and micro perspectives are presented including perspectives from psychology social psychology organizational behavior strategy law spirituality critical studies public nonprofit management and a variety of functional areas within the field of HRM **Managerial Ethics** Marshall Schminke,2010

The SAGE Encyclopedia of Business Ethics and Society Robert W. Kolb,2018-03-27 Spans the relationships among business ethics and society by including numerous entries that feature broad coverage of corporate social responsibility the obligation of companies to various stakeholder groups the contribution of business to society and culture and the relationship between organizations and the quality of the environment **Business Ethics: An Indian Perspective** A. C. Fernando,2009 Business Ethics An Indian Perspective introduces ethical concepts that are relevant to resolving moral issues in business It sensitizes readers on ethical principles and develops reasoning and analytical skills needed to apply ethical concepts to business decisions The book is interspersed with a lot of case studies more specifically Indian scenarios making it relevant for Indian students The chapter topics cover ethical theories underlying business

application of ethics in day to day business ethics and the environment and ethics in consumer protection It also features ethical issues in various managerial functions such as finance human resource and marketing A separate chapter on the IT sector specifically addresses the ethical dilemmas of today s upcoming industry Business Ethics and Corporate Governance Fernando A.C.,2010-09 *Citation Classics from the Journal of Business Ethics* Alex C. Michalos,Deborah C Poff,2012-08-01 The Journal of Business Ethics was founded by Alex C Michalos and Deborah C Poff and published its first issue in March 1982 It is the most frequently cited business ethics journal in the world The Journal has always offered a multi disciplinary and international public forum for the discussion of issues concerning the interaction of successful business and moral virtue Its authors and readers are primarily scholars and students in social sciences and philosophy with special interests in the interaction of these disciplines with business or corporate responsibility Since the field of business ethics grew simultaneously with the growth of the Journal a collection of its most cited articles is tantamount to a collection of the articles that had the greatest influence in defining the field over its first 30 years of development In this anniversary volume an overview of citation classics from the Journal is presented the 33 most frequently cited articles are reproduced and brief reflections on the impact of the Journal on the field are given from over 100 scholars who authored citation classics and or distinguished papers as well as those who served on the Editorial Board and or are recognized as leaders in the field

Cambridge Handbook of Research Approaches to Business Ethics and Corporate Responsibility Patricia H. Werhane,R. Edward Freeman,Sergiy Dmytriyev,2017-11-16 While there is a large and ever expanding body of work on the fields of business ethics and corporate social responsibility CSR there is a noted absence of a single source on the methodology and research approaches to these fields In this book the first of its kind leading scholars in the fields gather to analyse a range of philosophical and empirical approaches to research in business ethics and CSR It covers such sections as historical approaches normative and behavioural methodologies quantitative qualitative and experimental perspectives grounded theory and case methodologies and finally a section on the role of the researcher in research projects This book is a valuable and essential read for all researchers in business ethics and CSR not only for those starting out in the fields but also for seasoned scholars and academics
