Managers Advisor And Practical Handbook:

Automotive After Sales Management - A Practical Guide to Successful Workshop Parts & Service Operations Mohamad Idrakisyah, 2021-02-23 The after sales segment of the automotive industry is gaining prominence over sales. The intensive competition in sales of new cars has reduced profit margins but on the other hand this is compensated from the higher profit margin derived from the after sales business. The onus is on the automotive manufacturers to heed to the new importance of the after sales business in reacting to the changes and expectations of customers. This book is written as a practical guide manual on matters relating to the management of the after sales business. The objective is to bring about improvements in all levels of the after sales operations in workshops. The growth, profitability and sustainability of the after sales dealerships are possible when the business is managed in an effective and efficient manner. The chapters in the book covers all matters pertaining to the after sales operations written in an easy to understand manner for practical and straightforward implementation across dealerships.

The Art and Craft of Policy Advising David Bromell, 2022-06-20 This book offers a practical guide for policy advisors and their managers grounded in the author's extensive experience as a senior policy practitioner in New Zealand's Westminster style system of government A key message is that effective policy advising is less about cycles stages and steps and more about relationships integrity and communication Policy making is incremental social problem solving Policy advising is mostly learned on the job like an apprenticeship It starts with careful listening knowing one's place in the constitutional scheme of things winning the confidence of decision makers skillfully communicating what they need to hear and not only what they want to hear and learning to lead from behind scheme virtuously and play nicely with others The author introduces a public value approach to policy advising that uses collective thinking to address complex policy problems evidence informed policy analysis that also factors in emotions and values and

the practice of gifting and gaining rather than trade offs in the long term public interest Theory is illustrated by personal anecdote and each chapter offers practical processes tools techniques and questions for reflection to help readers master the art and craft of policy advising This second edition has been substantially revised and updated It provides an expanded step by step approach to stakeholder analysis and prioritisation in relation to an agency s own strategic frame it aligns and integrates theory about the public interest public value and anticipatory governance and it updates a fair go multi criteria decision analysis matrix with the latest iteration of the N Z Treasury s Living Standards Framework
