

Managing Alliance Conflict

Conflict Is Inevitable.
How You Deal with It Can Be the
Difference Between Success and Failure

By David S. Thompson, CA-AM, John R. Hayes, MD,
and Steven E. Twaill, CSAP

Every day we manage conflict. Whether dealing with friends and relatives or coworkers and customers, we constantly resolve issues by applying the conflict management approaches and skills at our disposal. Those of us working in alliances certainly work our way through such situations frequently. While it might be part of our jobs, most people do not like to hear the word "conflict" associated with their own name. Just hearing the word is sometimes enough to make your stomach churn or your muscles tense.

Managing An Alliance

T. K. Das

Managing An Alliance:

Cooperative Strategy John Child, David Faulkner, Stephen Tallman, Linda Hsieh, 2019-04-25 Cooperation has become the leading strategy adopted by business and other organizations. It is taking on new forms that are adapted to changing market expectations and technological possibilities in the rapidly evolving business environment. This new edition of Cooperative Strategy provides a comprehensive view of the practical and theoretical literature concerning cooperative strategies and the alliance and network organizational forms that are the enablers of these strategies. It takes the reader through the stages of developing a cooperative alliance from choosing a cooperative form and selecting partners to establishing an alliance and managing the process of cooperation. It examines cooperative strategies in different sectors as well as internationally and discusses performance criteria and evolution of cooperation over time. With insights from internationally recognized experts on cooperative strategy, this book presents extensive research on the topic while also addressing practical issues of alliance management.

Managing Alliance Portfolios and Networks T. K. Das, 2017-06-01 Managing Alliance Portfolios and Networks is a volume in the book series Research in Strategic Alliances that focuses on providing a robust and comprehensive forum for new scholarship in the field of strategic alliances. In particular, the books in the series cover new views of interdisciplinary theoretical frameworks and models, significant practical problems of alliance organization and management, and emerging areas of inquiry. The series also includes comprehensive empirical studies of selected segments of business, economic, industrial, government, and non-profit activities with wide prevalence of strategic alliances. Through the ongoing release of focused topical titles, this book series seeks to disseminate theoretical insights and practical management information that should enable interested professionals to gain a rigorous and comprehensive understanding of the field of strategic alliances. Managing Alliance Portfolios and Networks contains contributions by leading scholars in the field of strategic alliance research. The 9 chapters in this volume deal with significant issues relating to the management of alliance portfolios and alliance networks. These issues range from value creation in alliance ecosystems, management lessons from social enterprise, and a configurational perspective on alliance management capabilities to the competition dynamics of alliance networks, internationalization of an alliance portfolio, and structural embeddedness of alliance networks during industry convergence. The chapters contain empirical as well as conceptual treatments of the selected topics and collectively present a wide-ranging review of the noteworthy research perspectives on managing alliance portfolios and alliance networks.

Strategic Alliance Management Brian Tjemkes, Pepijn Vos, Koen Burgers, 2023-06-27 Strategic Alliance Management presents an academically grounded alliance development framework detailing eight stages of alliance development with consideration for specific management challenges. For each stage, readers are presented with theoretical insights, evidence-based managerial guidelines, and a business case illustration. Other chapters consider alliance attributes, alliance competences, and alliance challenges and cover topics such as innovation, co-branding, co-opetition, business ecosystems,

alliance professionals alliance capabilities societal alliances and a tension based alliance mindset This fully revised 3rd edition leverages the book's strengths in marrying theory with practical insight All the chapters have been updated to reflect the current academic literature whilst new international case studies are incorporated throughout Two new chapters feature in this edition considering the importance of the mindset required to successfully navigate alliance arrangements and emerging alliance practices exploring how new technologies sustainability and the external environment have disrupted alliance management In chapter text boxes discussing emerging themes provide opportunity for discussion and analysis The textbook remains highly valuable core and recommended reading for postgraduate students of Strategic Management and Corporate Strategy MBA and Executive MBA as well as reflective practitioners in the field Online resources include chapter by chapter lecture slides two long case studies and short interviews with alliance executives

Management of Alliance Networks Włodzimierz Sroka, Štefan Hittmár, 2013-01-06 Effective management is crucial to the success of the inter firm cooperation and may reduce the risk that is inherently associated with these strategies If cooperative strategy is to be successful managers must have knowledge of factors that should be taken into consideration during formation and management of alliance networks Therefore the main goal of this book is an understandable and simple presentation of the complexity involved in the management of alliance networks at three basic stages formation stage functioning stage and post operational stage The book consists of six chapters both theoretical and practical A new model for management of alliance networks which utilizes different instruments and tools has been developed in the work The last part of the book concentrates on the management of alliance networks in a practice based framework based on the example of an engineering company which has formed a portfolio of bilateral alliances
