Abinales,1982 *Reconstruction of Peace in a World of War* Catalina Elena Dobre,Gabriela Palavicini,Rafael García Pavón,2025-07-25 This book explores the morality of creating peace in a violent world It includes spiritual and ethical dimensions to show that peace is not only the responsibility of politicians but that it is everyone s responsibility not to generate violence and hatred Peace is shown to be human work it is the responsibility of the whole community to maintain and create it Therefore peace is not only a political achievement but also has an ethical and spiritual significance and requires the moral development of the individual in order to secure the recognition and respect of others This book will be essential reading for all philosophers of politics morality and ethics and is also ideal for those who are researching aspects of spiritual philosophy The Philippines David Joel Steinberg,2018-02-19 A unified nation with a single people the Philippines is also a highly fragmented plural society Divided between uplander and lowlander rich and poor Christian and Muslim between those of one ethnic linguistic and geographic region and those of another the nation is a complex mosaic formed by conflicting forces of consensus and national identity and of division and instability It is not possible to comprehend the many changes in the Philippines such as the rise and fall of Ferdinand Marcos or the revolution that toppled him without an awareness of the religious cultural and economic forces that have shaped the history of these islands These forces formed the focus of the first edition of *The Philippines* Of that 1982 edition the late Benigno Aquino Jr noted that anyone wanting to understand the Philippines and the Filipinos today must include this book in his must reading list The fourth edition has been updated through the final years of the Ramos presidency and contains a new section on the impact of President Estrada **Coercion and Governance** Muthiah Alagappa,2001 This far ranging volume offers both a broad overview of the role of the military in contemporary Asia and a close look at the state of civil military relations in sixteen Asian countries It discusses these relations in countries where the military continues to dominate the political realm as well as others where it is disengaging from politics *Philippine Law Journal* ,1990 Vestiges of War Angel Velasco
