Millennium Fever:

Millennium Fever ,1996 The Pope in Winter John Cornwell,2005-04-07 The Late John Paul II was portrayed by admirers as one of history s great popes But in The Pope in Winter leading Vatican expert John Cornwell seriously questions the workings of his papacy and points to fundamental flaws exacerbated by age and infirmity that have alarming consequences for both the Catholic Church s future and John Paul II s successor **The Age of Turbulence** Alan Greenspan,2008-09-09 From the bestselling author of The Map and the Territory and Capitalism in America The Age Of Turbulence is Alan Greenspan s incomparable reckoning with the contemporary financial world channeled through his own experiences working in the command room of the global economy longer and with greater effect than any other single living figure Following the arc of his remarkable life s journey through his more than eighteen year tenure as chairman of the Federal Reserve Board to the present in the second half of The Age of Turbulence Dr Greenspan embarks on a magnificent tour d horizon of the global economy The distillation of a life s worth of wisdom and insight into an elegant expression of a coherent worldview The Age of Turbulence will stand as Alan Greenspan s personal and intellectual legacy **Quizzing Canada** Sandra Martin,Roger Hall,2000-05 These entertaining and educational quizzes are devised to test your knowledge and pique your curiosity about elusive lore and customs **Armageddons** Gardner Dozois,Jack Dann,2013-03-15 It s the end of the world but not as we know it As the new millennium approaches speculations about Earth s destruction abound This collection presents twelve world ending scenarios that are all too frightening and all too real _Fermi and Frost by Frederik Pohl _A Desperate Calculus by Gregory Benford _Evolution by Nancy Kress _A Message to the King of Brobdingnag by Richard Cowper _The World As We Know t by Howard Waldrop _The Peacemaker by Gardner Dozois _The Screwfly Solution by Raccoona Sheldon _A Pail of Air by Fritz Leiber _The Great Nebraska Sea by Allan Danzig _Inconstant Moon by Larry Niven _The Last Sunset by Geoffrey A Landis _Down in the Dark by William Barton At the publisher s request these titles were sold without DRM Digital Rights Management *Awaiting Apocalypse* P. Corcoran,1999-12-03 The current obsession with the end of the millennium illustrates the enduring power of the idea of endings This fascination cannot be simply dismissed as faulty logic a form of madness or a primitive survival of childish thinking Opening a path of understanding between ancient conceptions of meaning and the sceptical predicates of modern science Awaiting Apocalypse shows how ordinary and extraordinary endings are inherent in the narrative structure of human experience and the sedimentation of that experience as historical meaning *The Pontiff in Winter* John Cornwell,2007-12-18 Over more than a quarter of a century John Paul II has firmly set his stamp on the billion member strong Catholic Church for future generations and he has become one of the most influential political figures in the world His key role in the downfall of communism in Europe as well as his apologies for the Catholic Church s treatment of Jews and to victims of the Inquisition racism and religious wars won him worldwide admiration Yet his papacy has also been marked by what many perceive as

misogyny homophobia and ecclesiastical tyranny Some critics suggest that his perpetuation of the Church's traditional hierarchical paternalism contributed to pedophilic behavior in the priesthood and encouraged superiors to sweep the crimes under the carpet The Pontiff in Winter brings John Paul's complex contradictory character into sharp focus In a bold highly original work John Cornwell argues that John Paul's mystical view of history and conviction that his mission has been divinely established are central to understanding his pontificate Focusing on the period from the eve of the millennium to the present Cornwell shows how John Paul's increasing sense of providential rightness profoundly influenced his reactions to turbulence in the secular world and within the Church including the 9 11 attacks the pedophilia scandals in the United States the clash between Islam and Christianity the ongoing debates over the Church's policies regarding women homosexuals abortion AIDS and other social issues and much more A close trusted observer of the Vatican Cornwell combines eyewitness reporting with information from the best sources in and outside the pope's inner circle Always respectful of John Paul's prodigious spirit and unrelenting battles for human rights and religious freedom Cornwell raises serious questions about a system that grants lifetime power to an individual vulnerable to the vicissitudes of aging and illness The result is a moving elegiac portrait of John Paul in the winter of his life and a thoughtful incisive assessment of his legacy to the Church

The Door of Judgment Stephen T. Crosby III,2002-02-22 Recent world events have caused many people to wonder about the Second Coming of Christ Will Jesus return and if so how soon How will He come What will happen before He does Many people have developed such a fascination in the Second Coming that it borders upon escapism They devour popular books devoted to giving the latest news of prophetic fulfillment For them millennial fever is rising Sadly most of these books offer only shallow and sensationalistic teaching Thousands of escape all that lies ahead There is a real need for an in depth and understandable book about the Second Coming of Jesus Christ In *The Door of Judgment* we examine nearly every Scripture that has to do with prophecies of the end times Each chapter has a corresponding compilation of supporting verses located in the appendix We will fit these together like an elaborate jigsaw puzzle until a beautiful and complete picture of the Second Coming appears Along the way the reader will learn the two undeniable and unmistakable signs that show us Jesus is coming back soon By the end he will gently come to the awareness that the common evangelical understanding reader will of pretribulationism is not clearly seen in the Scriptures Without being argumentative the book demonstrates the weaknesses of the dispensational approach to end time prophecy while returning us to the original historic position of the first and second century church

Literature and The Contemporary Roger Luckhurst,Peter Marks,2014-07-22 At the end of the century much criticism has become devoted to last things the end

of history the end of the subject the end of the novel the end even of the end Literature and the Contemporary in contrast aims to provide through twelve essays evidence of the way in which the literature of the 1990s is constantly engaging in questions of memory and history and the representation of time in the present day The essays in the book survey theories of temporality from various cultural and philosophical standpoints and represent critics writing from feminist postcolonial and queer perspectives discussing literature in our time The collection addresses such central issues as the politics of memory colonial legacies women s time racial and sexual identities in the 1990s and covers a wide range of contemporary authors works and issues some of which are treated for the first time Among the contemporary works discussed are the prize winning books Graham Swift s Last Orders Anne Michaels Fugitive Pieces and Jane Smiley s A Thousand Acres While discussing some of the most significant novels of the 1990s this collection also offers a diverse yet cohesive critique of the millennial leanings of much postmodernist criticism which it argues should be replaced by more variously nuanced engagements with literature and the contemporary
