Jacques Attali

Millennium Winners And Losers In The Coming World Order:

Millennium Jacques Attali, 1991 Jacques Attali French President Mitterrand's most trusted advisor and president of the new European bank of Reconstruction and development offers a provocative and all too convincing view of the future in an increasingly troubled world

Strategic Studies and World Order Bradley S. Klein, 1994-05-05 In this 1994 book Bradley Klein draws upon debates in international relations theory to raise important questions about the nature of strategic studies He argues that post modern critiques of realism and neorealism open up opportunities for new ways of thinking about nuclear deterrence In clear and uncluttered language he explores the links between modernity state building and strategic violence and argues that American foreign policy and NATO undertook a set of dynamic political practices intended to make and remake world order in the image of Western identity Klein warns against too facile a celebration of the end of the Cold War concluding that it is even more imperative today to appreciate the scope and power of the Western strategic project The book will be of interest to students of international relations theory strategic studies peace studies and US foreign policy

Your Nostradamus Factor Ingo Swann, 2018-09-02 You Can Predict the Future Throughout the centuries the future has been seen in dreams in visions and by seers But you don't have to be a prophet or a visionary to predict what the future holds Now Ingo Swann explains how to understand and use the future predicting ability that lies within He identifies the different ways the future is revealed Spontaneous forewarnings during dreams Spontaneous alerts that happen when awake Forewarnings and alerts communally experienced by numbers of people while sleeping or while awake Consciously controlled future seeing achieved by seers Ingo Swann also presents fascinating documented examples of prophecies that came true ranging from those that foresaw the sinking of the Titanic to his own prediction of the fall of the Berlin Wall Your Nostradamus Factor explains how you can develop your ability to foresee the future by Overcoming blocks to future seeing Tracking a particular subject and testing your predictions Using astrology to help see the future and Paying close attention to your dreams With the millennium right around the corner Swann also offers startling predictions for the future of the environment the economy science and society originally published in 1993

Pluralism and World Order Feng Zhang, 2023-03-02 This volume explores the implications of pluralism for international order Distinguished contributors from around the world offer insights into the character of a pluralistic world order They focus especially on the manifestations of international pluralism in great power relations multilateralism and regionalism Contributors examine the myriad challenges a pluralistic world order will face in the years ahead yet they eschew alarmist conclusions There is still scope for the great powers to better manage their relations and equally important much space for multilateralism and regionalism to play their increasingly important roles in stabilizing world order Distinctive in bringing the themes of pluralism and world order together in both theoretical exposition and policy discussion this book offers a stimulating reading for scholars and practitioners of world politics

Prince of Darkness Grant R. Jeffrey, 2008-12-30 Grant is internationally recognized as an

outstanding prophecy teacher More than a million readers enjoyed his four best selling prophecy books inspiring them to look for the soon return of Christ The best selling author of Armageddon Messiah Heaven Apocalypse Do you understand world events in light of prophecy Explore the astonishing prophecies about the mysterious Antichrist who will dominate the earth during the last days Grant shares his incredible research into the secret groups moving America toward world government Written in layman s terms Prince of Darkness will open up the Bible s fascinating prophecies about these vital topics The New World Order Global Agenda America and the Council on Foreign Relations Surviving the coming economic crisis The rush to world government The PLO Isreali Agreement prelude to war Zhirinovsky the KGB and Russian Imperialism The surveillance society an assault on freedom The technology of the 666 mark of the beast Satan s prince of darkness in the Temple Thirty eight astonishing prophecies announce the Messiah Armageddon Christ s ultimate victory **Lifestyle**

Mobilities Tara Duncan, Scott A. Cohen, Maria Thulemark, 2016-05-06 Being mobile in today s world is influenced by many aspects including transnational ties increased ease of access to transport growing accessibility to technology knowledge and information and changing socio cultural outlooks and values These factors can all engender a re formation of our everyday life and moving as and for lifestyle has in many ways become both easier and much more complex This book highlights the crossroads between concepts of lifestyle and the growing body of work on mobilities The study of lifestyle offers a lens through which to study the kinds of moorings dwellings repetitions and routines around which mobilities become socially culturally and politically meaningful Bringing together scholars from geography sociology tourism history and beyond the authors illustrate the breadth and richness of mobilities research through the concept of lifestyle Organised into four sections the book begins by dealing with aspects of bodily performance through lifestyle mobility Section two then looks at how we can use mobile methods within social research whilst section three explores issues surrounding ideas of mobility immobility and belonging Finally section four draws together a number of chapters that focus on the complexities of identity within mobility Often drawing on ethnographic research contributors all share one common feature they are at the forefront of research into lifestyle mobilities **Sociology And Nature** Raymond Murphy, 2018-03-05

Sociology as if nature did not matter has been the sociological expression of modern societies negligent of the processes of nature In response to this ecological blindness Raymond Murphy examines the limitations of sociology that have resulted from this neglect Humanity s success in manipulating nature destabilizes the natural support system of society on a planetary scale and in turn destabilizes all of society s institutions Because the manipulation of nature has become so central to modern society society Murphy argues can now be understood only in terms of the interaction between social action and the processes of nature The growing awareness that social constructions unleash dynamic processes of nature processes beyond human control that bear on social action has the potential of radically transforming sociology Sociology and Nature proposes the reconstruction of sociology in which nature does matters developing a novel sociological approach that situates social action in its natural

context *Philosophical Aspects of Globalization: A Multidisciplinary Inquiry*, 2022-06-08 Globalization is a defining characteristic of our contemporary world with a reach and impact affecting all nations and peoples Philosophical Aspects of Globalization is a collection of essays by leading contemporary Russian philosophers scholars and scientists concerned with addressing pressing issues of globalization from a philosophical point of view The thirty four authors who have contributed to this book represent a range of approaches and subfields of Global Studies in Russia including topics such as theory of globalization globalization and the environment history and geopolitics and globalization in cultural context When compiled together in a single collection of essays their work offers the English speaking reader a comprehensive picture of new directions in Russian Global Studies in the twenty first century as well as demonstrates the importance of questions of globalization for philosophical inquiry in Russia today *Remote and Roaming* Mari Toivanen, 2025-09-16 Remote and Roaming explores the practices meanings and politics of digital nomadism through extensive ethnographic fieldwork conducted across the globe Digital nomads represent a growing class of highly mobile professionals whose work is location independent and who combine continuous travel with remote work Based on rich empirical material the book examines digital nomads accounts of their mobile lifestyles and addresses key questions such as why do individuals choose this way of life What does their everyday routine entail And how do they navigate social relationships family and community life By situating digital nomadism within broader patterns of remote work this volume highlights the societal and global transformations currently unfolding in relation to employment mobility and digitalisation and their implications for both social and professional life As an early manifestation of growing international remote work mobilities digital nomadism reflects the evolving nature of work in late capitalist societies and the emergence of transnational lifestyle mobilities shaped by the COVID 19 pandemic *The Postcolonial Question* Iain Chambers, Lidia Curti, 2002-09-11 Brings together renowned and emerging critical voices to respond to the questions raised by the concept of the post colonial The contributors explore the diverse cultures which are shaping our global future The Postcolonial and the Global Revathi Krishnaswamy, John Charles Hawley, This interdisciplinary work brings the humanities and social sciences into dialogue by examining issues such as globalized capital discourses of antiterrorism and identity politics Essayists from the fields of postcolonial studies and globalization theory address the ethical and pragmatic ramifications of opposing interpretations of these issues and for the first time seek common ground Contributors Pal Ahluwalia U of California San Diego Arjun Appadurai New School U Geoffrey Bowker Santa Clara U Timothy Brennan U of Minnesota Ruth Buchanan U of British Columbia Verity Burgmann U of Melbourne Pheng Cheah U of California Berkeley Inderpal Grewal U of California Irvine Ramon Grosfoguel U of California Berkeley Barbara Harlow U of Texas Austin Anouar Majid U of New England John McMurtry U of Guelph Walter D Mignolo Duke U Sundhya Pahuja U of Melbourne R Radhakrishnan U of California Irvine Ileana Rodriguez Ohio State U E San Juan Philippine Forum New York Saskia Sassen U of Chicago Ella Shohat New York U Leslie Sklair London School of Economics

Robert Stam New York U Madina Tlostanova Russian Peoples Friendship U Harish Trivedi U of Delhi Revathi Krishnaswamy is associate professor of English at San Jose State University John C Hawley is professor and chair of English at Santa Clara University *Between Past Orthodoxies and the Future of Globalization* Alexander N. Chumakov, William C. Gay, 2016-01-12 For over a quarter century Russian scholars have operated apart from past ideological constraints and have been discussing in new ways the most acute problems of Russia and of the world community as a whole *Between Past Orthodoxies and the Future of Globalization* makes available in English current research by leading thinkers in Russia in philosophy political theory and related fields At the international level one group of essays articulates Russian perspectives on key global issues At the national level another group of essays delivers analyses of the global dimensions in a variety of current issues in Russia Taken together the fourteen chapters of this book demonstrate the relevance and vitality of contemporary Russian philosophy to the study of globalization Contributors are Akop P Nazaretyan Alexander N Chumakov Alexander V Katsura Anastasia V Mitrofanova Ilia V Ilyin Ivan A Aleshkovskiy Leonid E Grinin Olga G Leonova Pavel S Seleznev Sergey A Nikolsky Tatiana A Alekseeva Valentina G Fedotova Vladimir N Porus Vladimir V Mironov William C Gay Yakov A Plyais

Mortgaging the Earth Bruce Rich, 2014-06-03 This critique of World Bank operations examines the effects of this organization on the societies in which it operates Highly critical of the Bank's practices in its 50 years of operation the author demonstrates how the Bank has become virtually unaccountable and a law unto itself He describes how the Bank has supported oppressive regimes and loaned money to support large projects which have displaced local populations He argues further that the Bank's current policies of structural adjustment are arresting the development of Third World countries

Economic Globalisation as Religious War Michael McKinley, 2007-06-28 Using a critical theory approach to analyze the globalization of the world economy this provocative and topical new book presents economic globalization not as a recent development but rather as a familiar process that has occurred throughout history Michael McKinley argues that it is ultimately a self-serving arbitrary and destructive imperial project that should be viewed as a religious war *A University for the 21st Century* James J. Duderstadt, 2000-03-08 DIV From the former president of one of America's leading universities comes a comprehensive analysis of the challenges and opportunities facing higher education in America as we enter the twenty-first century In *A University for the Twenty-first Century* James J Duderstadt discusses the array of powerful economic social and technological forces that are driving the rapid and profound change in American social institutions and universities in particular divDIV Change has always characterized the university as it has sought to preserve and propagate the intellectual achievements the cultures and the values of our civilization However the capacity of the university to change through a process characterized by reflection reaction and consensus simply may not be sufficient to allow the university to control its own destiny Not only will social and technical change be a challenge to the American university Duderstadt says it will be the watchword for the years ahead And with change will come unprecedented opportunities for those universities with

the vision the wisdom and the courage to lead in the twenty first century The real question raised by this book is not whether higher education will be transformed but rather how and by whom

James J Duderstadt is President Emeritus and University Professor of Science and Engineering University of Michigan

The Digital Revolution Gabriele Balbi, 2024-01-21 An investigation into the origins of the digital revolution how it evolved which other past revolutions consciously or unconsciously inspired it which great stories it has conveyed over time which of its key elements have changed and which ones have persisted and have been repeated in different historical periods

Youth and the State in Hungary Laszlo Kurti, 2002-07-20 Youth and the State in Hungary takes as its focus the nature of Hungary's youth movements over the last seventy years In a detailed ethnographic study Laszlo Kurti examines the lives of youth workers in the Csepel district of Budapest in the context of the wider political and economic transformations witnessed during the twentieth century Kurti follows State Youth relations from the inter war capitalism that made peasants into workers through the post war state socialism Stalinism and after to the reintroduction of capitalism in 1990 This time frame allows an exploration of the transformations and dilemmas of youth class gender and ethnicity as they develop across time In the course of this study two main themes emerge the reproduction of class in youth culture across shifting socio economic conditions and the mobilisation of youth movements in resistance to the state Youth and the State in Hungary challenges the orthodox equation of youth and resistance by arguing that youth mobilisation has in fact served the interests of the state Nevertheless there remains a genuine space for resistance and contestation in the reproduction of youth culture

A Modern Introduction to Theology Philip Kennedy, 2009-09-22 Philip Kennedy here offers the first book that any student with or without religious convictions can profitably use to get quickly to grips with the essentials of the Christian religion its history and its key thinkers its successes and its failures Most existing undergraduate textbooks of theology begin from essentially traditional positions on the Bible doctrine authority interpretation and God What makes Philip Kennedy's book both singularly important and uniquely different is that it has a completely new starting point The author contends that traditional Christian theology must extensively overhaul many of its theses because of a multitude of modern social historical and intellectual revolutions Offering a grand historical sweep of the genesis of the modern age and writing with panache and a magisterial grasp of the relevant debates conflicts and controversies A Modern Introduction to Theology moves a tired and increasingly incoherent discipline in genuinely fresh and exciting directions and will be welcomed by students and readers of the subject

Blast, Corrupt, Dismantle, Erase Brett Josef Grubisic, Gisèle M. Baxter, Tara Lee, 2014-06-16 What do literary dystopias reflect about the times In Blast Corrupt Dismantle Erase contributors address this amorphous but pervasive genre using diverse critical methodologies to examine how North America is conveyed or portrayed in a perceived age of crisis accelerated uncertainty and political volatility Drawing from contemporary novels such as Cormac McCarthy's The Road Neil Gaiman's American Gods and the work of Margaret Atwood and William Gibson to name a few this book examines dystopian literature produced

by North American authors between the signing of NAFTA 1994 and the tenth anniversary of 9 11 2011 As the texts illustrate awareness of and deep concern about perceived vulnerabilities ends of water oil food capitalism empires stable climates ways of life non human species and entire human civilizations have become central to public discourse over the same period By asking questions such as What are the distinctive qualities of post NAFTA North American dystopian literature and What does this literature reflect about the tensions and contradictions of the inchoate continental community of North America Blast Corrupt Dismantle Erase serves to resituate dystopian writing within a particular geo social setting and introduce a productive means to understand both North American dystopian writing and its relevant engagements with a restricted mapped reality

The Builders Association Shannon Jackson, Marianne Weems, 2015-10-09 A lavishly illustrated history and critical appraisal of The Builders Association an award winning intermedia performance company with detailed accounts of its major productions This book begins with the building of a house and the building of a company while building the house It expands to look at the ideas found in various rooms some of which expanded into virtual space while they still were grounded in the lives of the artists in the house from the preface by Marianne Weems The Builders Association an award winning intermedia performance company founded in 1994 develops its work in extended collaborations with artists and designers working through performance video architecture sound and text to integrate live performance with other media Its work is not only cross media but cross genre fiction and nonfiction unorthodox retellings of classic tales and multimedia stagings of contemporary events This book offers a generously illustrated history and critical appraisal of The Builders Association written by Shannon Jackson a leading theater scholar and Marianne Weems the founder and artistic director of the company It also includes critical meditations from such artists and scholars as Elizabeth Diller Pico Iyer Saskia Sassen Kate Valk and many others Technological wizardry in the theater has a long history going back to the deus ex machina of ancient Greek drama The Builders Association makes its technological dependence visible putting backstage technologies center stage and presenting architectural assemblies of screens and bodies Jackson and Weems explore a series of major productions from MASTER BUILDER Ibsen by way of Gordon Matta Clark to SUPERVISION an exploration of data surveillance to HOUSE DIVIDED the foreclosure crisis juxtaposed with the Joads of Steinbeck's The Grapes of Wrath Each work is described through a series of steps including R D Operating Systems Storyboard and Rehearsal Assembly The Builders Association not only traces the evolution of an intermedial aesthetic practice but also tells a story about how a group makes the risky decision to make art in the first place
