Rei Kawakubo And Comme Des Garçons:

Rei Kawakubo Rex Butler,2022-12-15 The Japanese fashion designer Rei Kawakubo of Comme des Garçons is undoubtedly one of the world's major fashion designers. In 2017 she was the second living designer to ever be given a retrospective at the renowned Costume Institute of the Metropolitan Museum of Art in New York. Her work exerts an extraordinary influence over succeeding generations of designers and is a major point of reference for all those wishing to explore the place of fashion in contemporary culture. The 14 essays in this collection, written by eminent fashion theorists from around the world, ask what is the relationship of Kawakubo's work to art, philosophy and architecture and ultimately illustrate how Kawakubo's creative output allows us to understand the very notion of fashion itself. **Rei Kawakubo**

Comme des Garçons Andrew Bolton,2017-05-01 Widely recognized as among the most important and influential designers of the past forty years, Rei Kawakubo of Comme des Garçons has defined and transformed the visual language of our time. Since her Paris debut in 1981, she has blurred the divide between art and fashion and transformed customary notions of the body, beauty and identity. This lavishly illustrated publication weaves an illuminating narrative around Kawakubo's revolutionary experiments in interstitiality, the space between boundaries. Brilliant new photographs of more than 120 examples of Kawakubo's womenswear for Comme des Garçons, accompanied by Kawakubo's commentary on her designs and creative process, reveal her conceptual and challenging aesthetic as never before. A chronology of Kawakubo's career provides additional context and an insightful conversation with the author offers a fascinating glimpse into the mind of this fashion visionary. **Rei Kawakubo and Comme Des Garçons** Deyan Sudjic,1990 **The Genius of Rei Kawakubo:**

The woman who founded Comme des Garçons Terry Newman,2026-03-17 The Genius of Rei Kawakubo: The woman who founded Comme des Garçons celebrates a designer that is revered as the most avant garde and experimental in the world. My approach is simple. It is nothing other than what I am thinking at the time I make each piece of clothing. The result is something that other people decide. Rei Kawakubo. Interview Magazine 2008. Kawakubo's will matches that of Coco Chanel and her influence goes perhaps even further: she is a designer who sees a bigger picture and has impacted the very shape of fashion, moving its foundations. Terry Newman. The Genius of Rei Kawakubo: The woman who founded Comme des Garçons celebrates a designer that is revered as the most avant garde and experimental in the world. Having created a fashion label that is a global inspiration and one of the few independent brands still run by its founder, Kawakubo infuses her designs with the philosophies of Mu Ma and Wabi Sabi to create clothes that are truly special. Beginning with Kawakubo's early days when she began developing her brand in Japan. The Genius of Rei Kawakubo: The woman who founded Comme des Garçons goes on to look at her principles of anti-fashion and the art of imperfection, including seminal design details from some of her key collections. With chapters on Kawakubo's collaborations with other designers, her shops, perfumes and lots more, this book presents the brand and its founder in all its glorious detail. Written by Terry Newman, the bestselling author of Marilyn

Monroe Style we learn just how canny a businesswoman and creative an artist Kawakubo is and how through various avenues and alliances she has created a vast Comme des Garçons empire **Rei Kawakubo**, 2017 **Rei Kawakubo** Metropolitan Museum of Art (New York, N.Y.).
