Eric Voegelin's Asian Political Thought Lee Trepanier, 2020-06-22 The rise of Asia in global affairs has forced western thinkers to rethink their assumptions theories and conclusions about the region Eric Voegelin's *Asian Political Thought* brings together a mixture of established and rising scholars from both Asia and the West to reflect upon the political

philosopher's thought about China Japan Korea Central Asia and India From Voegelin's writings readers will not only understand how Voegelin's approach can illuminate the fundamental principles and issues about Asia but also what are the challenges and possibilities that Asia offers in the twentieth first century For those who want to move past the superficial commentary and clichés about Asia Eric Voegelin's Asian Political Thought is the book for you **The Bhagavad Gita**, 2014-05-01 Part of the ancient Hindu epic The Mahabharata The Bhagavad Gita is one of the enduring religious texts of the world The Bhagavad Gita is an early poem that recounts the conversation between Arjuna the warrior and his charioteer Krishna a manifestation of God In the moments before a great battle Krishna sets out the important lessons Arjuna must learn to understand his own role in the war he is about to fight Krishna reveals to Arjuna his true cosmic form and counsels the warrior to act according to his sacred obligations Ranging from instructions on yoga to moral discussion the Gita has served for centuries as an everyday practical guide to living well Translated with an introduction by Laurie L Patton

Prayer in the Cave of the Heart Cyprian Consiglio, 2010-01-01 Prayer is an art that cannot just be taught It must be experienced lived and practiced In Prayer in the Cave of the Heart Cyprian Consiglio draws on his experience as a Camaldolese monk to give readers an accessible reflection on prayer that is based on Bede Griffiths's universal call to contemplation In this text the contemplative traditions of East and West intersect to invite readers into prayer that makes them present to the Spirit who is already present to us **God at Play** Daniel Soars, 2025-07-01 The first comparative treatment of the topic of l l in Hindu and Christian traditions this volume explores what it means to consider divine and human action under the categories of play wit drama grace and compassion God at Play presents a theological exploration of the multifaceted motif of l l across diverse Hindu and Christian landscapes and its wide ranging connections to divine and human creativity Given its ubiquity in Hindu theologies and life forms l l offers a rich comparative framework for exploring certain ways of understanding divine and human action as expressed in Hindu and Christian sacred texts philosophical theology and ritual practices Though l l is often interpreted simply as play the essays in this volume reflect a far richer semantic and conceptual field ranging from spontaneity and gratuitousness through joy and humor to mercy and compassion By focusing on the different contexts in which l l is found in Hindu traditions and resisting any uniform translation of the term the contributors to this volume avoid the risk of using predominantly western or Christian categories to understand the Hindu other The volume thus explores how l l functions in a variety of distinctive philosophical theological and devotional ways across Hindu traditions and listens for echoes in Christian understandings of the gratuitousness of the created order in relation to God God at Play is a genuine experiment in deep learning across traditions Each chapter reflects on what is learned by taking l l as the category of comparison and invites the reader to think about what these conversations add confirm or change in relation to earlier twentieth century scholarship on play not least in terms of what difference it might make to understand human life as an imitation and a participation in the divine life of a playful deity *From Big Bang to*

Big Mystery Brendan M. Purcell, 2012 Everyone knows about the mystery of the Big Bang what started it This book is about the other creation mystery where did human beings in particular come from It traces the material part of our origins from the Big Bang through evolution including the almost 7 million year hominid sequence up to the first humans in Africa over 150 000 years ago That data doesn't seem to explain what paleontologists and archaeologists call the Big Bang of Human Consciousness In his fascinating accessible and thorough study renowned priest and academic Brendan Purcell shows the complementarity that scientists theologians and philosophers bring to a deeper understanding of the mystery of human existence and human consciousness

Seeking the Sacred Stephanie Dowrick, 2011-03-29 Imagine the world we would live in if we dared to see all of life as sacred unconditionally At a time when religion is increasingly seen as a cause of prejudice and division or as irrelevant to our most pressing concerns the eternal truths of a genuinely inclusive spiritual wisdom have never been more urgently needed or sought In *Seeking the Sacred* Stephanie Dowrick invites us to go beyond cultural divisions and religious clichés and to discover what makes our lives sacred satisfying and meaningful Weaving personal stories including her own with an inspired vision of life's most healing possibilities she shows how the sacred can transform the way we understand and value life changing forever how we interact with others and care for ourselves This is a book for the spiritually curious as well as those already engaged with the deeper questions Richly hopeful and encouraging *Seeking the Sacred* unravels some of our most complex contemporary dilemmas and speaks to the heart of our deepest yearnings

Sustainable Development: The Spiritual Dimension Krishan Saigal, 2008 The concept of sustainable development was accepted by the world leaders in Rio de Janeiro in 1992 The concept was vague and this is natural when an international consensus has to be achieved It was also based implicitly on the dominant Western paradigm with its stress on science and technology its stress on management of technology and the meshing of economics and ecology as the answer to the environmental crisis Value systems were not included in the concept of sustainable development The book studies the Eastern paradigm based on the concepts and values of Hinduism Buddhism and Islam and suggests that for a truly global ethic the Western and Eastern paradigms need to be integrated This can be done through the mediation of modern science easily for the best of the prosperity

Kṛṣṇa and Christ Steven Tsoukalas, 2011-09-01 This work compares the Kṛṣṇa avatara Kṛṣṇa in his avatara doctrines of Sankara and Ramanuja and the incarnation of Christ as represented by classical Christian orthodoxy and draws out comparative theological and soteriological implications It does so first by examining the epistemologies theologies and world views of Sankara and Ramanuja and the theology and world view of classical Christian orthodoxy so that second an adequate foundation and subsequent thorough representation of avatara and incarnation might be accomplished in order that third accurate comparisons may be drawn between avatara and incarnation The result of this study is a demonstration that many of the popularly held similarities between avatara and incarnation are superficial and that therefore careful consideration of epistemologies and ontologies should be undertaken when comparing theologies and

soteriologies pertinent to avatara and incarnation **Spirit, Soul, Body** Cyprian Consiglio, 2015-01-07 A perennial problem for spiritual traditions of all sorts is dualism either a positing of a false distance between the Divine and the created or a rejection of creation and the human body Many contemporary spiritual seekers have sensed this problem and sought to remedy it through myriad solutions drawn from various spiritual traditions and secular wisdom both Eastern and Western Cyprian Consiglio OSB Cam explores Christianity's contribution to the discussion He offers a revisioning and rearticulation of this teaching based on the prophetic seminal work of Bede Griffiths toward a practical and integral spirituality that reverences all aspects of our being human spirit soul and body The Oxford Handbook of Christianity in Asia Felix Wilfred, 2014-05-23 Named by the International Bulletin of Missionary Studies as an Outstanding Book of 2014 for Mission Studies Despite the ongoing global expansion of Christianity there remains a lack of comprehensive scholarship on its development in Asia This volume fills the gap by exploring the world of Asian Christianity and its manifold expressions including worship theology spirituality inter religious relations interventions in society and mission The contributors from over twenty countries deconstruct many of the widespread misconceptions and interpretations of Christianity in Asia They analyze how the growth of Christian beliefs throughout the continent is linked with the socio political and cultural processes of colonization decolonization modernization democratization identity construction of social groups and various social movements With a particular focus on inter religious encounters and emerging theological and spiritual paradigms the volume provides alternative frames for understanding the phenomenon of conversion and studies how the scriptures of other religious traditions are used in the practice of Christianity within Asia Cistercian Studies Quarterly ,1998 Christians Meeting Hindus Bob Robinson, 2011-06-16 With rare exceptions serious intentional reflective and sustained interfaith encounter is a novel and recent enterprise This book looks in detail at one such encounter the intentional recent Hindu Christian dialog in India and asks why and how the practice of dialog came to replace previous attitudes of confrontation and monologue especially on the part of Christians Part I sets the encounter in its global context Part II offers a comprehensive and critical analysis of the actual encounter Part III draws on aspects of the Christian tradition as it critically examines the ways in which the dialog has been justified in Christological categories A final chapter discusses the future of the encounter Unlike many other works in the area of interfaith studies this work combines both descriptive detail of the actual encounter and critical theological analysis of the strengths and weakness of the dialog model The Privilege of Love Peter-Damian Belisle, 2002 The Privilege of Love Camaldolese Benedictine Spirituality is a collection of essays by Camaldolese monks nuns and oblates After an introduction by Michael Downey and an overview chapter on Camaldolese Benedictine history and spirituality three chapters center on the Benedictine aspects of spirituality such as liturgy lectio divina and Word Wisdom of God The book focuses on Camaldolese sources eremitical cenobitical dialectic and solitude followed by chapters on Camaldolese ecumenical and interreligious involvement as well as oblate spirituality The concluding chapter comments on

Camaldolese Benedictine spirituality in a post Vatican II context Catholicism and Interreligious Dialogue James L. Heft S. M., 2011-11-21 How can the world's many religions overcome ideological differences and come together to promote understanding justice and peace In this groundbreaking volume James L Heft and fifteen other leading scholars of the world's major religions show how to answer this crucial question
