

RUSSIA IN THE AGE OF MODERNISATION AND REVOLUTION 1881-1917

HANS ROGGER

Russia In The Age Of Modernisation And Revolution 1881 1917 Longman History

Alastair Kocho-Williams

Russia In The Age Of Modernisation And Revolution 1881 1917 Longman History:

Russia in the Age of Modernisation and Revolution 1881 - 1917 H. Rogger, 2014-07-30 Hans Rogger's study of Russia under the last two Tsars takes as its starting point what the Russians themselves saw as the central issue confronting their nation the relationship between state and society and its effects on politics economics and class in these critical years

Russia in the Age of Reaction and Reform 1801-1881 David Saunders, 2014-07-30 This eagerly awaited study of Russia under Alexander I Nicholas I and Alexander II the Russia of War and Peace and Anna Karenina brings the series near to completion David Saunders examines Russia's failure to adapt to the era of reform and democracy ushered into the rest of Europe by the French Revolution Why despite so much effort did it fail This is a superb book both as a portrait of an age and as a piece of sustained historical analysis

Russian Nationalism Since 1856 Astrid S. Tuminez, 2000 This thoughtful book describes the range of nationalist ideas that have taken root in Russia since 1856 Drawing on a wide range of archival documents and unparalleled interview material from the post Soviet period Tuminez analyzes two cases Russian panslavism in 1856 1878 and great power nationalism in 1905 1914 when aggressive nationalist ideas clearly influenced Russian foreign policy and contributed to decisions to go to war Yet not all forms of nationalism have been malevolent and the author assesses competing nationalist ideologies in the post Soviet period to clarify the conditions under which a particularly belligerent nationalism could flourish and influence Russian international behavior

History for the IB Diploma: Imperial Russia, Revolutions and the Emergence of the Soviet State 1853-1924 Sally Waller, 2012-09-20 An exciting series that covers selected topics from the Higher Level options in the IB History syllabus This coursebook covers Higher Level option 5 Topic 5 Imperial Russia Revolutions and the Emergence of the Soviet State 1853 1924 The text is divided into clear sections following the IB syllabus structure and content specifications It offers a sound historical account along with detailed explanations and analysis and an emphasis on historical debate to prepare students for the in depth extended essay required in the Paper 3 examination It also provides plenty of exam practice including student answers with examiner's comments simplified mark schemes and practical advice on approaching the Paper 3 examination

Russia's International Relations in the Twentieth Century Alastair Kocho-Williams, 2013-01-04 Russia has long been a major player in the international relations arena but only by examining the whole century can Russian foreign policy be properly understood and the key questions as to the impact of war of revolution of collapse the emergence of the Cold War and Russia s post Soviet development be addressed Surveying the whole of the twentieth century in an accessible and clear manner Russia s International Relations in the Twentieth Century provides an overview and narrative with analysis that will serve as an introduction and resource for students of Russian foreign policy in the period and those who seek to understand the development of modern Russia in an international context The volume includes an analysis of the major themes which surrounded Russia s position in world affairs as one of the European Great Powers before the First World War the impact of Revolution and the emergence of Soviet foreign policy with its dual aims of normalization and world revolution the changes wrought to the international order by the rise of Nazi Germany and by the Second World War the origins and development of the Cold War the end of the Cold War and the Soviet collapse how Russia has rebuilt itself as an international power in the post Soviet era An essential resource for students of

Russian history and International policy *Oil and the Economy of Russia* Nat Moser, 2017-10-20 This book examines the development of the Russian economy from tsarist times to the present through the lens of the oil industry It considers the role of the state business state relations foreign participation enterprise performance and technology Besides providing much rich detail on the changing nature of the oil industry the book also puts forward important conclusions including the fact that in the late nineteenth century private enterprise rather than the state was the principal driver of economic development and that after the collapse of the Soviet Union incumbent managers were more effective in running their companies than financier entrants whose main concern was short term gain **The Revolutionary Roots of Modern Yiddish, 1903-1917**

Barry Trachtenberg, 2008-12-18 At the beginning of the twentieth century Yiddish was widely viewed even by many of its speakers as a corrupt form of German that Jews had to abandon if they hoped to engage in serious intellectual cultural or political work Yet by 1917 it was the dominant language of the Russian Jewish press a medium for modern literary criticism a vehicle for science and learning and the foundation of an ideology of Jewish liberation Challenging many longstanding historical conceptions about the founding of modern Yiddish *The Revolutionary Roots of Yiddish Scholarship 1903 1917* investigates the origins of contemporary Yiddish scholarship Trachtenberg reveals how following the model set by other nationalist movements that were developing in the Russian empire one time revolutionaries such as the literary critic Shmuel Niger the Marxist Zionist leader Ber Borochov and the linguist Nokhem Shtif dedicated themselves to the creation of a new branch of Jewish scholarship dedicated to their native language The new Yiddish science was concerned with the tasks of standardizing Yiddish grammar orthography and word corpus establishing a Yiddish literary tradition exploring Jewish folk traditions and creating an institutional structure to support their language s development In doing so the author argues they hoped to reimagine Russian Jewry as a modern nation with a mature language and culture and which deserved the same collective rights and autonomy that were being demanded by other nations in the empire *The Making of Russian*

Absolutism 1613-1801 Paul Dukes, 2014-01-14 Revised and expanded the second edition of this fascinating study surveys the first two centuries of Romanov rule from the foundation of the dynasty by Michael Romanov in 1613 to the accession of Alexander I in 1801 The central theme of the book is the growth of absolutism in Russia throughout these years and it traces in detail how the Russian variety of what was a contemporary European phenomenon came fully into being *Autocracy, Modernization, and Revolution in Russia and Iran* Tim McDaniel, 2014-07-14 What did the Russian revolution of 1917 and the Iranian revolution of 1978 1979 share besides their drama How can we compare a revolution led by Lenin with one inspired by Khomeini How is a revolution based primarily on the urban working class similar to one founded to a significant degree on traditional groups like the bazaaris small craftsmen and religious students and preachers Identifying a distinctive route to modernity autocratic modernization Tim McDaniel explores the dilemmas inherent in the efforts of autocratic monarchies in Russia and Iran to transform their countries into modern industrial societies Originally published in 1991 The Princeton

Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

A History of the Gypsies of Eastern Europe and Russia D. Crowe,2016-04-30 David Crowe draws from previously untapped East European Russian and traditional sources to explore the life history and culture of the Gypsies or Roma from their entrance into the region in the Middle Ages until the present

Bibliography of European Economic and Social History Derek Howard Aldcroft,Richard Rodger,1993 This bibliographical guide contains 10 000 references to the economic and social history of 30 European countries during the period 1700 1939 More than 3000 periodicals have been consulted to obtain references as well as books edited collections and conference proceedings The information is listed in categories such as industry agriculture finance migration labour conditions urban communities and organizations Full publication details are included so that references may be located easily

Jewish Liberal Politics in Tsarist Russia, 1900-14 Christoph Gassenschmidt,1999-09-17 Contrary general perceptions concerning Russia during this era Jewish political activities continued beyond 1907 and given the political limits of Tsarist Russia transformed and modernized Jewish society to the fullest extent possible From 1900 to 1914 Jewish Liberals initiated organised and coordinated various forms of Jewish representation in Russian politics in order to achieve legal emancipation national cultural autonomy and even more

important the integration of Russian Jews into a modernizing Russian society and economy

History for the IB Diploma Paper 3 Imperial Russia, Revolution and the Establishment of the Soviet Union (1855-1924) Sally

Waller,2016-06-30 To support study of History for the IB Diploma Paper 3 revised for first assessment in 2017 This coursebook covers Paper 3 History of Europe Topic 12 in HL Option 4 of the syllabus for first assessment in 2017 Tailored to the Higher Level requirements of the IB syllabus and written by experienced IB History examiners and teachers it offers authoritative and engaging guidance through the topic

Less than Nations Giuseppe Motta,2014-03-25 Less than Nations Central Eastern European Minorities after WWI represents the result of research that the author has carried over recent years and was facilitated by the 2008 PRIN project Programmi di Ricerca di Rilevante Interesse Nazionale and the 2010 Sapienza Research funds The book analyses the conditions of national minorities after World War I when the geo political map of Central Eastern Europe was redefined by international diplomacy The new settlements were based on the principle of national self determination and were conditioned by the geographic reality of Central Eastern Europe where states and nations rarely coincided As a consequence the minority question emerged as one of the most troublesome issues during the interwar period and affected international relations and the internal conditions of many states The minority question was discussed by historiography and by international observers and became an integral part of the system which

was centred around the League of Nations This work begins with the study of the relationships between the states and their minorities and of the international dimension of this question which animated the fight between revisionist and anti revisionist states The documents of the Italian Army s General Staff and of the League of Nations represent the main historical sources of this book which carries out a complete study of the difficult situation of 1918 1920 when the new states annexed many contested regions within their frontiers and of the numerous controversies concerning the application of international treaties and national regulations in relation to the protection of minorities The second volume of the book analyses some special aspects of this question and focuses on the interpretation of some particular cases which had an outstanding role in the definition of the international framework The massacres of the Armenians in the Ottoman Empire and of the Jews in Eastern Europe for example alarmed the international community and contributed to the 1919 emergency of minority rights The role of Kin States such as Germany and Hungary instead characterized the entire interwar period and conditioned the stability of Europe and the League of Nations Finally special cases like those of Slovakia and Bosnia are also helpful in understanding the ideas of nation and minority and how conceptualisations of the latter have changed throughout the last century

A History of Russia and Its Empire Kees Boterbloem, 2018-06-26 This clear and focused text provides an introduction to imperial Russian and Soviet history from the crowning of Mikhail Romanov in 1613 to Vladimir Putin s new term Through a consistent chronological narrative Kees Boterbloem considers the political military economic social religious and cultural developments and crucial turning points that led Russia from an exotic backwater to superpower stature in the twentieth century The author assesses the tremendous price paid by those who made Russia and the Soviet Union into such a hegemonic power both locally and globally He considers the complex and varied interactions between Russians and non Russians and investigates the reasons for the remarkable longevity of this last of the colonial powers whose dependencies were not granted independence until 1991 He explores the ongoing legacies of this fraught decolonization process on the Russian Federation itself and on the other states that succeeded the Soviet Union The only text designed and written specifically for a one semester course on this four hundred year period it will appeal to all readers interested in learning more about the history of the people who have inhabited one sixth of the earth s landmass for centuries

Russia's Bitter Path to Modernity Alexander Chubarov, 2001-01-01 Will it follow the model of the Western capitalist democracies as those who applied the economic shock therapy of the early 90s hoped or will it chose its own distinct path of development In this history of Russia from 1917 to the present Alexander Chubarov teases out certain themes developed in his previous book on tsarist Russia *The Fragile Empire* One of the key factors to Russia s distinctiveness is its halfway location in the center of the Eurasian landmass This lends an inevitability to the traditional cultural schism between Westernizing reformers and Slavophiles Neither approach says Chubarov will work on its own Chubarov offers a balanced view abstaining from narrow ideologically biased assessments and examines the triumphs yes and failures of Russia s Soviet development within Russia s

own cultural and historical context Without ever minimizing the brutalities of the Soviet period the state terror the collectivizations the labor camps the deportations of whole peoples Chubarov demonstrates much continuity between tsarist and Soviet Russia with the latter often repeating the former s mistakes Russia says Chubarov cannot turn its back on its Soviet experience Far from being a blind alley or aberrant phase the Soviet period was an organic part of Russia history and was largely successful in turning Russia and most of the other Soviet republics into modern states

Getting the books **Russia In The Age Of Modernisation And Revolution 1881 1917 Longman History** now is not type of inspiring means. You could not unaided going gone book deposit or library or borrowing from your associates to entry them. This is an utterly simple means to specifically get guide by on-line.
