Sumida,2013-05-01 This groundbreaking study of a little explored branch of American literature both chronicles and reinterprets the variety of patterns found within Hawaii's pastoral and heroic literary traditions and is unprecedented in its scope and theme As a literary history it covers two centuries of Hawaii's culture since the arrival of Captain James Cook in 1778 Its approach is multicultural representing the spectrum of native Hawaiian colonial tourist and polyethnic local literatures Explicit historical social political and linguistic context of Hawaii as well as literary theory inform Stephen Sumida's analyses and explications of texts which in turn reinterpret the nonfictional contexts themselves These texts include poems song lyrics novels and short fiction drama and oral traditions that epitomize cultural milieus and sensibilities Hawaii's rich literary tradition begins with ancient Polynesian chant and encompasses the compelling novels of O A Bushnell Shelley Ota Kazuo Miyamoto Milton Marayama and John Dominis Holt the stories of Patsy Saiki and Darrell Lum the dramas of Aldyth Morris the poetry of Cathy Song Erick Chock Jody Manabe Wing Tek Lum and others of the contemporary Bamboo Ridge group Hawaiian songs and poetry or mele and works written by visitors from outside the islands such as the journals of Captain Cook and the prose fiction of Herman Melville James Fenimore Cooper Mark Twain and James Michener Sumida discusses the renewed enthusiasm for native Hawaiian culture and the controversies over Hawaii's vernacular pidgins and creoles His achievement in developing a functional and accessible critical and intellectual framework for analyzing this diverse material is remarkable and his engaging and perceptive analysis of these works invites the reader to explore further in the literature itself and to reconsider the present and future direction of Hawaii's writers Strangers in the South Seas Richard Lansdown,2006-04-30 Long before Magellan entered the Pacific in 1521 Westerners entertained ideas of undiscovered oceans mighty continents and paradisaical islands at the far ends of the earth First set down by Egyptian storytellers Greek philosophers and Latin poets such ideas would have a long life and a deep impact in both the Pacific and the West With the discovery of Tahiti in 1767 another powerful myth was added to this collection the noble savage For the first time Westerners were confronted by a people who seemed happier than themselves This revolution in the human sciences was accompanied by one in the natural sciences as the region revealed gaps and anomalies in the great chain of being that Charles Darwin would begin to address after his momentous visit to the Galapagos Islands The Pacific produced similar challenges for nineteenth century researchers on race and culture and for those intent

on exporting their religions to this immense quarter of the globe Although most missionary efforts ultimately met with success others ended in ignominious retreat As the century wore on the region presented opportunities and dilemmas for the imperial powers leading to a guilty desire on the part of some to pull out along with an equally guilty desire on the part of others to stay and help This process was accelerated by the Pacific War between 1941 and 1945 After more than two millennia of fantasies the story of the West's fascination with the insular Pacific graduated to a marked sense of disillusion that is equally visible in the paintings of Gauguin and the journalism of the nuclear Pacific Strangers in the South Seas recounts and illustrates this story using a wealth of primary texts It includes generous excerpts from the work of explorers soldiers naturalists anthropologists artists and writers some famous some obscure It begins in 1521 with an account of Guam by Antonio Pigafetta one of the few men to survive Magellan's circumnavigation voyage and ends in the late 1980s with the writing of an American woman Joana McIntyre Varawa as she faces the personal and cultural insecurities of marriage and settlement in Fiji It shows how the Great South Sea has been an irreplaceable distant mirror of the West and its intellectual obsessions since the Renaissance Comprehensively illustrated and annotated this anthology will introduce readers to a region central to the development of modern Western ideas This is a carefully conceived anthology covering an excellent range of subjects The selections are well chosen and interesting and the introductory materials are both scholarly and accessible It should be widely used in university courses dealing with almost any aspect of the Pacific Rod Edmond University of Kent at Canterbury The Booklist ,1933 The Great Lakes States and Alaska and Hawaii in Literature David James Harkness,1959 **Hawaii** James A.
