Loss Of Sexual Innocence:

Loss of Sexual Innocence Mike Figgis, 2012-10-04 Mike Figgis's *Loss of Sexual Innocence* is a fascinating fusion of stories, dreams, images, and music. The film is a meditation on the process of growing up and the inevitable loss of innocence this entails. The central image is the expulsion of Adam and Eve from the Garden of Eden, and as in all of Mike Figgis's work, the focus is upon the passionate and often troublesome nature of relationships between men and women. The film was shot in Italy, Tunisia, and Figgis's native Newcastle on the lowest of imaginable budgets. In an introduction to the screenplay, Figgis describes how he brought off this remarkable task.

The Loss of Sexual Innocence Mike Figgis, *The Loss of Sexual Innocence* is a free-wheeling rumination on eroticism and the myth of Eden from the writer-director of *Leaving Las Vegas*.

Reel Views 2 James Berardinelli, 2005 Thoroughly revised and updated for 2005. Includes a new chapter on the best special edition DVDs and a new chapter on finding hidden easter egg features.

Global Scriptwriting Ken Dancyger, 2013-06-26 *Global Scriptwriting* offers a look at an exciting new phase in screen storytelling as writers and directors from all over the world infuse traditional forms with their own cultural values to create stories that have an international appeal and suggest a universality among readers, viewers, and listeners. A unique blend of screenwriting technique and film studies, *Global Scriptwriting* discusses screen stories as they have evolved through the years, focusing first on the basics of scriptwriting, then going on to afford a more sophisticated look at script via different models of scriptwriting: the Hollywood model, the independent model, the national model, and various alternative models. It examines the internationalization of storytelling and illustrates how particular innovations have helped national screen stories to international success. This book is the first to incorporate the basics of the classical form with the innovative edge of the last decade, as well as the culture-specific changes that have taken place outside of North America. It offers readers a view of the enriched repertoire available to writers resulting from the introduction of cultural perspectives into traditional story forms. Specific topics examined include the ascent of voice, the search for new forms, the struggle between style and content, and the centrality of megagenre.

Dracula's Cinematic Psychohistory Steven J. Walden, 2025-09-12 Dracula is a recognized resilient and recurrent cultural property. He is idolized, loved, vilified, and hated as a multifaceted perennial narrative focus that involves the interplay between film as art and its psychosocial milieu. Dracula's movies can thus be read as a cultural barometer reflecting the culture we create and re-create in his many cinematic guises: an object of attraction and terror, antihero and villain, lover and monster, even victim and stooge. This book follows Dracula's cinematic journey, exploring how he continues to tap into the ever-changing collective psyche of his viewers. Many of those viewers may have entertained the thought that the fearful bite of the vampire might just be a worthwhile price to pay for the empowerment of being one.

Deconstructing Gender Stereotypes in Western Tradition María Dolores García Ramos, María José Ramos Rovi, 2023-11-28 Traditional feminine description and roles within Western literary and artistic cultural artifacts have tended

to portray women in very a specific way one which creates disseminates and consolidates the gender roles which became foundational to heteropatriarchy and sometimes male chauvinism As an example women in poetry are often portrayed as fragile sweet romanticized creatures who ignite masculine desire or bolster male artists creativity In this sense most Western lyrical traditions present women as either objects of desire or inspirational muses These secondary roles which transform women into subalterns can also be seen in other artistic manifestations such as painting and sculpture or more recently films TV fictions graphic novels and videogames This volume offers a multidisciplinary approach to the topic of feminine representation in literature and the arts presenting womanhood from new perspectives which highlight feminine characters who have traditionally been neglected misrepresented or reduced to marginal roles
