Lost Soldiers The French Army And Empire In Crisis 1947 196:

Lost soldiers: the French army and empire in crisis 1947-1962 George Armstrong Kelly, The Counterrevolution Bernard E. Harcourt, 2018-02-27 A distinguished political theorist sounds the alarm about the counterinsurgency strategies used to govern Americans Militarized police officers with tanks and drones Pervasive government surveillance and profiling Social media that distract and track us All of these contends Bernard E Harcourt are facets of a new and radical governing paradigm in the United States one rooted in the modes of warfare originally developed to suppress anticolonial revolutions and more recently to prosecute the war on terror The Counterrevolution is a penetrating and disturbing account of the rise of counterinsurgency first as a military strategy but increasingly as a way of ruling ordinary Americans Harcourt shows how counterinsurgency s principles bulk intelligence collection ruthless targeting of minorities pacifying propaganda have taken hold domestically despite the absence of any radical uprising This counterrevolution against phantom enemies he argues is the tyranny of our age Seeing it clearly is the first step to resisting it effectively *Lost Soldiers* Kelly, 1956 *Lost Soldiers* Francis Eugene Clark, 1965 **Lost Soldiers** George Armstrong Kelly, 1965 **Lost Soldiers** George Alexander Kelly, 1965 Studies Presented at Varna International Sociological Association Conference 1970 Morris Janowitz, 1971

The African Colonial State in Comparative Perspective Crawford Young, 1994-01-01 In this comprehensive and original study a distinguished specialist and scholar of African affairs argues that the current crisis in African development can be traced directly to European colonial rule which left the continent with a singularly difficult legacy that is unique in modern history Crawford Young proposes a new conception of the state weighing the different characteristics of earlier European empires including those of Holland Portugal England and Venice and distilling their common qualities He then presents a concise and wide ranging history of colonization in Africa from the era of construction through consolidation and decolonization Young argues that several qualities combined to make the European colonial experience in Africa distinctive The high number of nations competing for power around the continent and the necessity to achieve effective occupation swiftly yet make the colonies self financing drove colonial powers toward policies of ruthless extractive action The persistent virulent racism that established a distance between rulers and subjects was especially central to African colonial history Young concludes by turning his sights to other regions of the once colonized world comparing the fates of former African colonies to their counterparts elsewhere In tracing both the overarching traits and variations in African colonial states he makes a strong case that colonialism has played a critical role in shaping the fate of this troubled continent Contributions to Studies on Military Sociology , 1971 On Military Intervention Jacques van Doorn, Morris Janowitz, 1971 **On Military Ideology** Morris Janowitz, Jacobus Adrianus Antonius Doorn, 1971 Xerox College Library Book Program , 1970 *Library Catalogue: Author catalogue M-Nuo* University of London.
