Black Hole Heart and Other Stories K.A. Teryna,2025-10-14 The world is not how we perceive it A blizzard may be the fury of a whale god Intelligent bees watch our every move Monsters lurk in the metro underpasses while others haunt our dreams Are we asleep in frozen sarcophagi en route to a new planet Should we swallow jellyfish drink colors or repaint the sky This book has the answers But in return it might steal your heart Black Hole Heart and Other Stories contains 13 speculative tales by the award winning author and illustrator K A Teryna translated from Russian **The Geography of God's Incarnation** Ann Pederson,2013-07-25 What does geography have to do with the incarnation of God and with our spiritual lives as Christians We will embark on a theological road trip that explores how geographies are at the heart of understanding of God s incarnation in the world It is no surprise to Christians that the center of the incarnation is the person of Jesus Christ God in flesh made manifest However it might be a stretch for some Christians to imagine that the promise

that God has become flesh is not only in a person but also in a place in the creation Christians need to expand what incarnation means and what it means to be created in the image of God so that the scope of God's creative and redemptive action and work indeed reaches to the scope of all things from the outer reaches of space to the inner reaches of our hearts To be the creatures of God that God calls us to be requires a kind of dual citizenship within the details of our daily life attending to the needs of our neighbors simultaneously knowing we are part of a greater cosmos whose future is still unfolding
