Shipwrecks of the Alaskan Shelf and Shore Evert E. Tornfelt, Michael Burwell, 1992 This comprehensive list of shipwrecks occurring in Alaskan waters from 1741 to the pre World War II era is arranged by Alaska Outer Continental Shelf Region lease sale planning area for oil and gas exploration and includes data on vessel name and type date location and cause of wreck and a historic context of the phenomenon **Annual Register** Edmund Burke, 1771 **Told in a Coble** Susan K. Phillips, 1884 **Australian Dictionary of Dates and Men of the Time** J. Henniker Heaton, 1879 **Guides to the Microfilmed Records of the German Navy, 1850-1945**, 1985 The Ice Hunters Shannon Ryan, 1994 The demand for oil to light and lubricate the industrial world changed the face of much of the planet Newfoundland was part of this widespread transformation as migratory cod fishermen settled here in the early 1800s in order to hunt seals in late winter and early spring The seal fishery brought prosperity and growth and shaped this new society but seal hunters and their families paid a heavy human cost in lives lost and suffering experienced The traditional oil industries were doomed with the discovery of mineral oils and the harnessing of electricity and Newfoundland along with other societies faced painful adjustments while searching for alternative industries However while its place in the economy declined the seal fishery left an indelible imprint on Newfoundland's culture and identity This study with its tables maps and illustrations examines the history of the Newfoundland seal fishery from its origins up to 1914 ranging in scope from the life of the hunter on the ice flows to the demands of the consumer in the market place Shannon Ryan was born in riverhead Harbor Grace Newfoundland and educated at Memorial University of Newfoundland BA Ed BA and MA and the University of London PH He worked for nine years as a schoolteacher and principal and in 1971 he was appointed to the faculty of History His publications and presentations are in the fields of Newfoundland Maritime fisheries and oral history He served as president of the Newfoundland Historical society during 1984-1988 as Newfoundland's representative on the Social sciences and humanities research council of Canada during 1989-1993 and was elected a fellow of the Royal society in 1988 *International Code of Signals* U.S. Hydrographic Office, 1909-01-01 Haydn's Dictionary of Dates and Universal Information Relating to All Ages and Nations Joseph Haydn, 1893 **The Fighting Coast Guard** Mark A. Snell, 2022-12-09 This collection of essays written by some of the foremost historians in the field of Coast Guard history highlights the wartime roles played by the United States oldest federal maritime service from its inception through the last decade of the twentieth century The Fighting Coast Guard features three distinct sections Beginnings which includes a short overview of the US Revenue Cutter Service the USCG's primary forerunner established in 1790 and two chapters on World War I Conflagration the role of the USCG during the World War II era and The Cold War and Beyond an assessment of the Coast Guard's participation in the Korean Conflict the Vietnam War and the Persian Gulf War of 1991 The Fighting Coast Guard is a significant contribution to the limited historiography of the Coast Guard and a critical analysis of various wartime roles undertaken by the Coast Guard during

America's twentieth century conflicts Because the Coast Guard operated as part of the Department of the Navy during the two world wars its service and history is often overlooked or enveloped by the larger service while the USCG's limited participation in cold and hot wars since 1945 is often ignored altogether This anthology provides readers with a solid overview while highlighting some of the service's most important contributions as a combatant force This definitive study of the role of the US Coast Guard in wartime from its modern inception in 1915 through the end of the twentieth century is long overdue and will shed new light on America's smallest military service

This is the harrowing story of one of the worst shipwrecks in Great Lakes history In the early morning hours of November 29 1966 the S S Daniel J Morrell was caught in a deadly storm on Lake Huron Waves higher than the ship crested over it and winds exceeding sixty miles per hour whipped at its hull splitting the 603 foot freighter into two giant pieces Amazingly after the bow went down the stern blindly powered itself through the stormy seas for another five miles Twenty eight men drowned in the icy waters of Lake Huron but one sailor 26 year old Dennis Hale miraculously survived the treacherous storm Wearing only boxer shorts a lifejacket and a pea coat Hale clung to a life raft in near freezing temperatures for 38 hours until he was rescued late in the afternoon of the following day Three of his fellow crewmates died in his raft In *Deadly Voyage* Andrew Kantar recounts this tale of tragedy and triumph on Lake Huron Informed by meticulous research and the eyewitness details provided by Hale and illustrated with photographs from the Coast Guard search and rescue operation Kantar depicts one of the most tragic shipwrecks in Great Lakes history
