Dr. Karen D. Scheib, 2016-02-16. Christian pastoral care is a narrative ecclesial theological practice. NET. As a narrative practice, pastoral care attends to the inseparable interconnection between our own lifestories, others' stories, the larger cultural stories, and God's story. As a ministry of the church, pastoral care is an ecclesial practice that derives its motivation, purpose, and identity from the larger mission of the church to bear witness to and embody God's mission of love that extends beyond the church for the transformation of the world. As a theological practice, pastoral care is grounded in God's love story. God's profound love for humankind heals our brokenness when human love fails and invites us into an ongoing process of growth in love of God, self, and neighbor. Intended for those who provide care with and on behalf of religious communities, author Karen Scheib focuses on listening and restorying practices occurring in the context and setting of congregations. By coauthoring narratives that promote healing and growth in love, pastoral caregivers become cocreators and companions who help others revise and construct life stories reshaped by the grace of God. What Karen Scheib has done in this book is to reposition pastoral care as a theological activity performed in the context of the church. She draws deeply upon her Wesleyan theological heritage upon an understanding of life in its fullness as growth in love and grace and upon a communion ecclesiology undergirded by a communal understanding of the Trinitarian life of God. Thus grounded, she envisions pastoral care first as a rhythm of the life of the whole church and secondarily as a work of trained pastors. In her vision, pastoral care is rescued from a narrow understanding of it as exceptional acts of intervention performed only in moments of dire crisis. Instead, it becomes a daily practice of pastoral care: attending in love to the stories of others and listening for ways God is already present in a life story. Solidly theological, grounded in the life of the church, and eminently teachable, Karen Scheib has given us a great gift in this book. Foreword by Thomas G. Long, Bandy Professor of Preaching, Emeritus, Candler School of Theology, Emory University, Atlanta, GA. In a wonderfully engaging, reflective, and useful way, Karen Scheib captures something absolutely essential to pastoral care and yet often overlooked: the utter centrality of storytelling, listening, the power of stories to heal, and their vital connection to bigger stories told within religious communities. This book is a real milestone, reclaiming the importance of narrative, knowing, and grounding care not only in community but also within a comprehensive theological framework. Bonnie J. Miller-McLemore, E. Rhodes and Leona B. Carpenter, Professor of Religion, Psychology, and Culture, The Divinity School and Graduate Department of Religion, Vanderbilt University, Divinity School, Nashville, TN. Implementing narrative, personality, and therapy theories and anchored in ecclesiology and Wesleyan theology, NET. Karen Scheib's book advances a long-awaited and holistic approach to pastoral care.

Her NET approach presents the embodiment of pastoral care by emphasizing both narrative and paradigmatic knowing proposes the subjectivity of our stories in pastoral care by pointing out the interchangeability between us and our stories as subject and object and underscores the dynamic process of pastoral care through the interconnection of the storyteller listener and context Scheib's image of story companion contributes to the field as a new paradigm of pastoral care and promises to be a significant resource in generating hope and growth in love for both pastoral caregiver and receiver Angella Son Associate Professor Drew University Madison NJ Pastoral theologian Scheib describes a narrative ecclesial and theological approach for listening to people's life stories in such a way as to engender spiritual formation and growth in love Scheib clarifies the connections between caring conversations and Christian theology Clear and accessible prose as well as helpful exercises and discussion starters make this a fine teaching text *The Christian Century* Sept 29 2016 **Love's Knowledge** Martha C. Nussbaum, 1990-11-15 This volume brings together Nussbaum's published papers on the relationship between literature and philosophy especially moral philosophy The papers many of them previously inaccessible to non specialist readers deal with such fundamental issues as the relationship between style and content in the exploration of ethical issues the nature of ethical attention and ethical knowledge and their relationship to written forms and styles and the role of the emotions in deliberation and self knowledge Nussbaum investigates and defends a conception of ethical understanding which involves emotional as well as intellectual activity and which gives a certain type of priority to the perception of particular people and situations rather than to abstract rules She argues that this ethical conception cannot be completely and appropriately stated without turning to forms of writing usually considered literary rather than philosophical It is consequently necessary to broaden our conception of moral philosophy in order to include these forms Featuring two new essays and revised versions of several previously published essays this collection attempts to articulate the relationship within such a broader ethical inquiry between literary and more abstractly theoretical elements **Authentic Beauty** Leslie Ludy, 2009-02-19 *Inside Every Young Woman is a Princess In Search of her Prince* In a culture that mocks our longing for tender romance in a world where fairy tales never seem to come true do we dare hope for more For every young woman asking that question this book is an invitation With refreshing candor and vulnerability bestselling author Leslie Ludy reveals how starting today you can experience the passion and intimacy you long for You can begin a never ending love story with your true Prince Discover the authentic beauty of a life fully set apart for Him Experience a romance that will transform every part of your existence and fulfill the deepest longings of your feminine heart [A Companion to Gottfried Von Strassburg's "Tristan"](#) Will Hasty, 2003 The legend of Tristan and Isolde the archetypal narrative about the turbulent effects of all consuming passionate love achieved its most complete and profound rendering in the German poet Gottfried von Strassburg's verse romance *Tristan* ca 1200 1210 Along with his great literary rival Wolfram von Eschenbach and his versatile predecessor Hartmann von Aue Gottfried is considered one of three greatest poets produced by medieval Germany
