embarrassment that we all stuff down inside Why do we do this Because we re taught from a young age that these feelings aren t acceptable so we go through life pasting on a false front and adding more layers to the shadow within We then project onto others what we unconsciously view as faults within ourselves and the more regret pain and suffering we face To change all of that you need to discover why your shadow took up residence in the first place and all of the experiences that have added to its strength over the years then work on resolving them Soon you ll be living the life you were meant to live by embracing those darker parts and making your shadow work with you rather than against you Whether you ve struggled with money weight love or just about anything else after dissolving those shadows within you should notice your life changing in both small and dramatic ways You ll attract more positive people and better opportunities Life will be happier smoother and far more abundant

Haunted: Some Deceased Refuse To Cross Over Kelly Wallace,2022-07-26 If you could see them all there would be ghosts everywhere you look in homes schools churches cemeteries hotels hospitals and even city streets Where there have been living people there is lingering dead as well Yes far more cross over to the Other Side after they pass away but if you think about it there have been so many people on Earth since modern man emerged that there are a lot of wandering souls as well In this book I want to cover the various ghosts I ve felt seen interacted with and helped over the years We ll also look at the different types of spirits why they tend to stick around how they contact us imaginary friends haunted people how to know if you re house is haunted and more I ll also show you ways to help these stuck entities go to The Light or make them leave your home

Never Good Enough - Escaping The Prison Of Perfectionism Kelly Wallace,2021-02-22 There are two sides to just about everything in life and perfectionism isn t any different Most perfectionists care so much about the things that are important to them and care about how they do these things We want our projects our homes relationships and lives to be the best they can be If we use our time wisely we can bring into reality through effort or ingenuity all of the potential we envision Okay so we tend to be tough on ourselves We re often filled with stress and anxiety We can procrastinate big time And far too often we feel we ve fallen short of our idealized goals This hyper focus keeps us staring closely at everything we believe is wrong rather than seeing what s right This is especially true when it comes to our self perception where we measure our accomplishments our looks finances education career or anything else against others And for most perfectionists we find that we need to do better We should do better We must do better We become over achievers and over thinkers and over controlling and lose all sense of flexibility and happiness Life soon becomes a strait jacket we can never free ourselves from I want to show you how to recognize when your perfectionism is hurting you and your relationships then rein it in You want to get your perfectionism to work for you rather than against you and by getting it to take a backseat at times you ll find that you re more productive there s more time in your days you feel more relaxed more comfortable and a whole lot happier

Reclaiming Your Soul - Healing Your Spirit, Building Confidence, Finding Your Voice Kelly Wallace,2022-11-15 Depending on your experiences in life your soul can become

totally lost It's as if a part of you has faded over the years or completely disappeared Although it's true that the soul isn't a physical thing and is made up of pure energy it can still become fragmented When it does you might experience depression anger anxiety hopelessness or feelings of loss even if you aren't sure why Too many of us struggle with self confidence are unable to speak up for ourselves or know how to create healthy boundaries What ends up happening is we face health problems relationship issues and financial difficulties No matter how badly we want things to be different life is an uphill battle that we keep losing All of this because part of your soul is lost fragmented or torn Yes There's rarely a person who can say they're absolutely whole Everything we go through in life affects us on some level though usually it's in the subconscious So we go through the motions of life often on autopilot never healing never knowing why we feel the way we do and wondering if there's any way to change it You can But you first need to reclaim your soul Retrieving the parts of you that have been lost due to trauma grief excessive stress and conflict will bring new power that you might never have experienced before Ultimately you'll find your authentic self and rebuild your life better than it's ever been
