Lovers And Friends:

When Lovers Are Friends Merle Shain, 1982-04-01 *Lovers and Friends* Abigail Maskall, 2024-12-06 Nelly thinks that Oliver is egotistical and selfish albeit irritatingly attractive Oliver associates Nelly with words like sensible and academic and can't understand why his flighty wonderful sister India is suddenly so attached to her On their first meeting Nelly and Oliver would never have assumed that they would be anything more than casual acquaintances Little do they know that they have both just met the person that will one day know them better than anyone else in the world The next ten years follow Nelly and Oliver as they navigate love friendship and everything in between Constantly pushed together and pulled apart again by their respective relationships with India Nelly and Oliver's connection makes sense to them and only to them Until it no longer does But when a tragic event throws both of their worlds into turmoil Nelly and Oliver are forced to face up to what they really mean to each other and what they are willing to risk for that **The Queerness of Home** Stephen

Vider, 2022-01-21 Stephen Vider considers how the meanings of domesticity shifted for gay men and lesbians from the late 1960s to early 1980s from a site of supposed isolation or deviance to a source of identity community and pleasure His manuscript reveals the multiple uses appeals and limits of domesticity for LGBTQ people in the post World War II period in their efforts to make social and sexual connections and to appeal for expanded rights and freedoms For example the 1970s witnessed an efflorescence of gay communal households that proved to be seedbeds for alternative modes of domesticity using the privacy of domestic space to achieve broader social and political changes Vider brings a novel perspective to gay identity and culture examining domesticity as a meeting point between practices and discourse the local and national the private and the public Reading Roman Friendship Craig A. Williams, 2012-10-18 This book invites us to approach

friendship not as something that simply is but as something performed in and through language Roman friendship is read across a wide spectrum of Latin texts from Catullus poetry to Petronius Satyricon to the philosophical writings of Cicero and Seneca from letters exchanged by the Emperor Marcus Aurelius and his beloved teacher Fronto to those written by men and women at an outpost in northern Britain One of the most innovative features of this study is the equal attention it pays to Latin literature and to inscriptions carved in stone across the Roman Empire What emerges is a richly varied and perhaps surprising picture Hundreds of epitaphs commissioned by men and women citizens and slaves record the commemoration of friends which is of equal importance to understanding Roman friendship as Cicero's influential essay *De amicitia* **The**

Communicational Criticism Roger D. Sell, 2011 Further developing the line of argument put forward in his *Literature as Communication* 2000 and *Mediating Criticism* 2001 Roger D Sell now suggests that when so called literary texts stand the test of time and appeal to a large and heterogeneous circle of admirers this is because they are genuinely dialogical in spirit Their writers rather than telling other people what to do or think or feel invite them to compare notes and about topics which take on different nuances as seen from different points of view So while such texts obviously reflect the taste and values of their widely various provenances they also channel a certain respect for the human other to whom they are addressed So much so that they win a reciprocal respect from members of their audience In Sell's new book this ethical interplay becomes the focus of a post postmodern critique which sees literary dialogicality as a possible catalyst to new non hegemonic kinds of globalization The argument is illustrated with major reassessments of Shakespeare Pope Wordsworth Dickens Churchill Orwell and Pinter and there are also studies of trauma literature for children and of ethically oriented criticism itself

Public Health Reports, 1984

Demystifying Love Stephen B. Levine, 2013-05-13 Intended primarily for mental health professionals *Demystifying Love* deals plainly with topics rarely written about for clinicians The book discusses in a small package highly readable and useful topics such as love as both noun and verb psychological intimacy sexual desire as well as infidelity both in background concepts and clinical guidelines As the book shows love is the logical point of departure for a clinical understanding of sexuality and its problems It is the most conventional framework for understanding sexual behaviors the one that is broadly endorsed across many cultures often as the ideal context for sexual expression The book integrates an analysis of love in patients dealing with intimacy sexual desire infidelity forgiveness and reconciliation Detailed with compelling case studies the author's skill as a therapist comes through in the discussion of these topics many of which are at the heart of numerous couple problems In creating this illuminating work for mental health professionals Dr Levine may have underestimated its appeal Dr Levine's ability to shed light on our internal processes as we love and attempt to be loved throughout life may prove to be of interest to a far broader audience

Love's Vision Troy Jollimore, 2011-07-05 Love often seems uncontrollable and irrational but we just as frequently appear to have reasons for loving the people we do In *Love's Vision* Troy Jollimore offers a new way of understanding love that accommodates both of these facts arguing that love is guided by reason even as it resists and sometimes eludes rationality At the same time he reconsiders love's moral status acknowledging its moral dangers while arguing that it is at heart a moral phenomenon an emotion that demands empathy and calls us away from excessive self concern Love is revealed as neither wholly moral nor deeply immoral neither purely rational nor profoundly irrational Rather as Diotima says in Plato's Symposium love is something in between Jollimore makes his case by proposing a vision view of love according to which loving is a way of seeing that involves bestowing charitable attention on a loved one This view recognizes the truth in the cliché love is blind but holds that love's blindness does not undermine the idea that love is guided by reason Reasons play an important role in love even if they rest on facts that are not themselves rationally justifiable Filled with illuminating examples from literature *Love's Vision* is an original examination of a subject of vital philosophical and human concern
