A. Burkett,2021-04-07 There s no available information at this time Author will provide once information is available "Ethel's Love-Life" and Other Writings Margaret J. M. Sweat,2020-12-25 In a series of lengthy letters the

unsettled and unruly Ethel Sutherland writes to an initially unnamed and ungendered correspondent and patiently discloses the troubled history of her past romantic attachments to both men and women Not until the third letter does she reveal that her correspondent is Ernest the man to whom she is engaged to be married Wanting to make him understand how all of her past loves are included and sublimated in her love for him she especially wants to explain how women often love each other with as much fervor and excitement as they do men and although this love is curiously freed from all the grosser elements of passion as it exists between sexes nevertheless it retains its energy its abandonment its flush its eagerness its palpitation and its rapture Margaret Jane Mussey Sweat 1823 1908 a native of Portland Maine and wife of a United States congressman published *Ethel's Love Life* in 1859 The book is sometimes credited as an early even the first lesbian American novel but such a label Christopher Looby observes in his Introduction somewhat misrepresents what is distinctive and surprising about the book *Ethel's Love Life* confounds our received binary distinctions between the spiritual and the carnal and indeed between the sexual and the nonsexual the boundaries between such categories being not nearly as well policed at the time as they later became It is here reprinted along with Sweat's *Verses* 1890 and five of her published essays on Charlotte Brontë George Sand the contemporary novel and the friendships of women

Fifty More Sonnets on Love, Life, Death, Rebirth, Honor, Humor and MORE Larry Lynn, 2010-11-10 This collection represents efforts to persuade any reader that the sonnet does not have to be a form impossible to emulate nor too difficult to understand It should be looked upon as a challenge to fit a universe of emotions into a particular framework simple in its limitations but as complex in its potential as the great writers before had made them through the brilliance of their individual genius Themes are as different as the experiences of the writer from day to day from birth to death and all the time in between The language need not be lofty nor does it need to reach down to the vulgar It can borrow from the past and delve into that of the future It can keep the rhyme schemes of those who made them famous or it may create new ones for any reason or none at all If sonnets are not worth reading they would never have been made
